Cohn Brothers Ask Court To Rearrange Their Names Samuel Smead Cohn and his brother, Abraham, seek to have the district court rearrange their names in a more convenient, euphonious, and efficient order. The brothers allege that the father did not know what he was about when he tacked Cohn onto the end of his legitimate surname Smead for the purposes of coming to the United States. They say they have had no end of trouble with it ever since. People misdirect their mail and call them to the telephone unnecessarily on account of the superfluity of Cohns in the directories. Therefore they prefer Smead as a surname. They suggest that Samuel and Abraham: Cohn Smead would be by far the most preferable arrangement. M. E. His relatives brought suit on his beneficiary certificate in the sum of \$2,000, alleging that his absence, unaccounted for and covering a period of more than seven years, created a presumption of death and therefore rendered the order liable. Hymn to Kaiser's goat Composed By Former Bee Man Now in Chicago

When Ernest H. James was attached to The Bee staff, none ever suspected him of being a poet and song writer. He just went up and down street, selling advertising space and making good on the job. Now that he is advertising manager for the Chicago Post, he has found time to tune his lyre and compose a hymn to the kaiser's goat. "When the American Army Gets the Kaiser's Goat," words and music by Ernest H. James, is just off the press, and is already receiving much favor in Chicago. Here are the words: We're going across the sea to get the German army, and we'll not let it go. We are sending troops abroad to fight for peace. They will do it with a will, and they'll teach the Kaiser his lesson. That on this world he cannot have a lease. Autocracy must go into the junk pile. It's freedom and democracy we'll note. The Emperor's Kings and such, will not amount to much. When the 'Merican army gets the Kaiser's goat. CHORUS. The United States, it is a mighty nation. And in a crisis it will never fail. Our dead old Uncle Sam is as powerful as a lamb. But when he's roused he surely is a whale. We have money, more and all the makings. Of the greatest army that the world has seen. Our boys are truly game, and the Kaiser's goat they'll eat. And he'll wish he'd never seen a submarine. Yes, he'll wish he'd never seen a submarine. The Kaiser started war without all Europe. And he came here to enroll us in his plot. He spies in their crude way, mistook Sammy for a Jay. When they thought he'd fall for rot like "Me and dot." We remember well the sunken Lusitania. We remember Belgium, France and all the light. Since Old Glory is unfurled, it proclaims to all the world, Democracy and Right. The song is protected by international copyright.

REASONABLE PROFIT FOR WHOLESALERS DEFINED

The order affects practically every wholesale house in Omaha.

HARMON TALKS AT REDEEMER CHURCH

New Pastor Preaches His First Sermon Sunday Morning in Temporary Quarters. Rev. C. B. Harmon preached his first sermon as pastor of the Lutheran Church of Our Redeemer yesterday morning. His subject was "God's Voice, Man's Echo."

Rev. C. B. Harmon preached his first sermon as pastor of the Lutheran Church of Our Redeemer yesterday morning. His subject was "God's Voice, Man's Echo." "As the echo of a loud voice is heard when it reverberates against the hills, so the echo of God's voice is heard when it reaches the hearts of true and sincere people," said Dr. Harmon. "We begin today a spiritual relation as pastor and people which we believe is the direct result of the leading of God. It has been brought about because God's voice has found its echo in our hearts. "What does God's voice say? Paul, in his epistle to the Hebrews, declares the word of God to be 'I will never leave thee nor forsake thee.' And in the next verse Paul quotes the echo which God's voice finds in the hearts of His people, namely, 'The Lord is my helper and I will not fear what man shall do unto me.' "God is Responsible. "A great work is before us here in this church. It is a splendid field and the work is waiting to be done. It will be hard at times; discouragements will come, but through it all let us remember that it is God's work. He is responsible for it. We are required merely to be faithful and to do the best we can. Having done that we need have no fear whatever. The result will be entirely in the hands of God. The Church of Our Redeemer was organized less than a year ago by Rev. W. T. Kahse, synodical missionary, who has been supplying the congregation as pastor until now. Rev. Dr. Harmon was called to this charge from North Platte, Neb., where he was pastor for a number of years and where he and his congregation built a new church. He was president of the Lutheran synod of Nebraska last year. His new charge has already a good start, with a growing Sunday school and a considerable list of church members. The first choir of 15 voices is well trained. The congregation is holding its services temporarily in the Prairie Park hall, Twenty-sixth street and Ames avenue. At the morning service yesterday W. F. Kedde and W. W. Frankfurt were installed as new members of the church council.

A Safe Oil to Use

An engine with caked carbon on the piston head, fouled spark plugs and unseated valves is like a person with a cold in the head—all stuffed up. Most of this comes from using an oil that doesn't burn up clean. Polarine burns up clean—reduces carbon to a minimum—makes a smooth running, powerful and economical motor. Some motor oils pit the cylinders and eat away the valves and piston rings. That's due to acids. There's not a trace of acid in Polarine. It simply cannot eat away the metal and destroy the efficiency of the engine. Play safe. Use Polarine always. Free from acid, grit and other injurious foreign matter. At our Service Stations or any good garage—wherever you see the sign.
