For Skin Affected by Winds and Weather

This is the season when the who would have a spotless, lily-white, satiny complexion should turn her thoughts to mercurized wax, the firm friend of the winter girl. Nothing so effectively overcomes the despoiling effects of piercing winds and biting cold temperatures. The wax literally absorbs the chapped, reddened or coarsened cuticle, bringing forth a brand new skin, clear, soft and girlishly beautiful. An ounce of mercurized wax, obtainable at any drug store, applied nightly, will gradually improve the worst complexion.

She who coddles herself all day in an overheated house and finds her skin flabby and flabby as a consequence, can quickly freshen up for the evening by just bathing her face in a lotion made by dissolving an ounce of powdered azoicite in a half pint witch hazel. She'll find this most refreshing. It smooths out wrinkles and draws in the saggy tissue.—Advertisement.

"YOU'RE LOOKING YOUNGER EVERY DAY, MOTHER"

Gray, faded hair turned beautifully dark and lustrous almost overnight, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Compound" at drug stores here. Millions of bottles of "Wyeth's" are sold annually, says a well known druggist, because it darkens the hair so naturally and evenly that no one can tell it has happened.

You just dampen a sponge or soft brush with Wyeth's Sage and Sulphur and draw it through your hair, taking one small strand at a time. Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after just one application the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth, gray-haired, unattractive folks aren't wanted around, so get busy with the Sage and Sulphur tonight and you'll be amazed at your youthful appearance and the real beauty and healthy condition of your hair within a few days. Inquiry at drug stores here shows that they all sell lots of "Wyeth's Sage and Sulphur" and the folks using it are enthusiastic. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.
