U. S. AND CANADA IN DRAFT TREATY

Complete Arrangements for Impressing Citizens of Both Countries Into Military Service.

(By Associated Press.) Washington, Feb. 19.—Treaties between the United States and Great Britain and the United States and Canada to govern the application of the army draft to citizens of each country residing in the other, were sent to the senate today by Secretary Lansing.

They were signed by Mr. Lansing and Earl Reading, who at least had signature to the document as his first official act in the office of British high commissioner and special ambassador to the United States.

Under the treaties the United States may apply the draft law to British subjects and Canadians living in this country between the ages of 20 and 45 years, the British draft limits, while Great Britain and Canada may draft resident citizens of the United States from 21 to 31 years old.

Similar conventions are now being negotiated by the State department with other belligerent nations.

By the enforcement of the American-British treaty it is expected more than 250,000 men in this country will be made liable to service while at least 40,000 will be affected by the American-Canadian treaty.

Estimates place the number of draft age Americans in England at approximately 18,000 and in Canada at about 36,000.

SENATOR JOHNSON SAYS GOVERNMENT MUST KEEP CONTROL OF RAILROADS

Attacks Administration Bill in Speech Before Senate; Protests Rate of Proposed Compensation; Defends Honest Criticism of Military Affairs and Denounces Shipyard Scandal.

Washington, Feb. 19.—Permanent government ownership of railroads rather than government control for the period of the war was advocated by Senator Hiram W. Johnson of California today in a speech opposing the senate draft of the administration's railroad bill.

PERMANENT OWNERSHIP. "I would now take the inevitable next step in government control of our railroads," Senator Johnson declared, "and do whatever might be essential to make government control permanent government ownership, or at least, have the way open so that immediately upon the termination of the war we might follow to its logical conclusion what already we have partly done."

The California senator protested vigorously at the proposed rate of compensation to be paid the railroads under the provisions of the bill and also opposed the senate's plan to turn the roads back to private management 18 months after the conclusion of peace.

Senator Johnson digressed from his discussion of railroad legislation to express his approval of President Wilson's recent stand against secret diplomacy and the president's policy of addressing congress from time to time "in the open forum of the world."

Defends Honest Criticism. "I want to this subject," the senator said, "because I deprecate the un-democratic and un-American suppression and repression which characterized the first months of our entrance into the war and which yet obtains in some circles."

"The idea last year seemed prevalent, and to find sanction with various individuals and in a large part of the press, that absolute silence and submission without complaints to any deficiency or injustice were the only measure of loyalty."

"If any individual, with highest motive, sought to lay bare a wrong, he was charged with lending aid and comfort to the enemy."

"I will not subscribe to any doctrine that either in peace or war legitimate and conscientious suggestion or honest criticism may not be indulged."

People Own Government. "This government yet belongs to all its people, and they are entitled to know not only how, diplomatically, the government deals with the nations of the earth, but to know as well that which concerns the internal policies which yet control the republic situated within the boundaries of the United States; and beyond this they are entitled to know what intimately concerns their property and their lives."

"Disloyalty and treason cannot thrive in the light. Neither can incompetence, that strongly ally to failure. Official suppression and concealment are as vicious as the secret diplomacy and private bargaining which President Wilson so justly condemns."

"The pretense that the people cannot be told the truth is the artifice of incompetent men who are afraid to face the test of public scrutiny."

"No man, of course, is entitled unjustly to criticize or in unfavorable license of expression."

"The real test of criticism is whether it is just or unjust."

"I conscientiously unjust it should subject him who utters it to the contempt of all."

"If just, it vindicates itself."

Raps Hog Island Contracts. Senator Johnson referred to the work of the senate commerce committee.

Judge Discharges Men Who Fight Over Woman's Clothes

The eternal triangle was the cause of a dispute followed by gun play and fistic encounter, according to a letter in the trial of Frank Mell and Tony Dadona, Saturday afternoon, in the former's home, 2013 Pierce street.

Mell testified that Dadona had stolen his wife from him, and then had returned for her clothes. This was too much, he said, and they "mixed."

Dadona received a black eye, and a razor cut on the chin. Mell declared he was shot through the hand, but no revolver could be found on the premises by the police. Both were discharged.

Two lady treasurers will attend and make addresses, Myrtle Lancaster, Sidney, treasurer of Cheyenne county, and Mable J. Johnson, Bridgeport, treasurer of Morrill county.

GOVERNMENT MEN WILL AID WARDEN CHASE POACHERS

George Koster, Nebraska state hunter who may find the "call of the wild" when the ducks begin to fly this spring, too tempting to overlook. The game warden is to have four government men to assist him, in addition to his force of state deputies, this spring.

Many shooters do not know that the Nebraska state law as well as the federal law prohibits shooting in the spring. For this reason in the spring the more venturesome shooters are prone to "take a chance" on the federal inspectors.

But this year taking a chance is likely to prove fatal with the state force reinforced by the four government men.

Boost Amalgamation of Trotting Organizations

Chicago, Feb. 19.—Amalgamation of the National Trotting association, the American Trotting association and the American Registration association is sought in a resolution adopted at the annual meeting of the American Trotting association today.

A committee was appointed to meet similar committees from the other organizations to consider the proposed amalgamation. The object is to combine the three organizations into one body for the better co-operation of horse racing and breeding and to bring into closer contact the members of the three organizations.

W. P. Ijams of Terre Haute, Ind.; Thomas Gill of Milwaukee and C. E. Cameron of Alta, Ia., were elected directors. They will name officers of the association for the 1918-19 season.
