

FEDERAL AGENTS OBTAIN RECORDS OF 'DOPE' TRAFFIC

Second Raid on Restaurant Keeper Discloses Gigantic Business Carried on by Victims of Habit.

"Johnnie" Moore, negro, under \$5,000 bond on the charge of selling "dope," was arrested again Tuesday night by Special Agents Russell Eberstein and Andy Hansen of the federal bureau of investigation at his restaurant, 221 North Thirteenth street.

Besides a quantity of cocaine and morphine seized the negro's book, containing records of his dope sales, was obtained. This book shows that Moore sold an average of \$150 of the deadly drugs daily, his sales for the two months ending February 18 totaling a little more than \$9,000.

Record of Sales.
On Christmas day he sold \$262 worth, on January 2 \$215 worth and on January 4 \$220 worth. Besides these figures the book contains the names of his agents, one of whom is Charlie Reed, who was arrested Saturday and is in the county jail. The book shows various large sums paid to Reed. It shows this entry, "February 17 paid in full, \$87." Reed was in jail when this payment was made.

On the first page of the book is the name and telephone number of an attorney who has a considerable clientele of colored offenders.

On another page is a list of customers, which contains some names of prominence in the city.

Moore is considered one of the most dangerous "dope" peddlers, and one of the "smoothies" ever captured by the federal agents. A lot of evidence has now piled up against him.

Many Are Captured.
At the time of his first arrest, nearly a month ago, several hundred dollars worth of morphine and cocaine were seized in his place. The officers estimate that \$200 worth was taken at the second raid.

In the last month 10 alleged "dope" sellers have been arrested by the federal agents and all are now in the county jail except Dr. Munson, who is out on bail, and is taking a "dope" cure at a sanitarium.

PRESIDENT OF NASH COMPANY TO ATTEND

Former Head of General Motors Will Be One of Prominent Visitors at Omaha Classic.

C. W. Nash, formerly head of the General Motors company and now president of the Nash Sales company, is one of the big men of the automobile game who will attend the 13th annual automobile show in Omaha next week.

When Mr. Nash was head of the

C. W. NASH.

General Motors company that concern was the largest automobile company in the country. It controlled the stock of several of the greatest motor car factories in the country.

Two years ago Nash bought the factory of the Thomas B. Jeffrey company of Menasha, Wis., in which the Rambler and Jeffrey machines were made. In this factory he began to build Nash automobiles and trucks. It was only eight months ago that the first car bearing the Nash name plate appeared on the market, but already the line is considered one of the standards.

Some automobile men expect in time to see the Nash factory surpass even the General Motors company and become the largest company in the industry, so great is their confidence in the genius of the man who is to be a visitor to the Omaha show next week.

Teacher Urges Public to Assist Junior Red Cross

Help in raising 25 cents for each child in the public schools who cannot afford to pay the membership fee in the Junior Red Cross campaign and who are too young to give the pledge of service in lieu of paying the 25 cents is asked of The Bee by a well-known teacher in the lower grades.

"Will some big-spirited person donate the money or cannot the schools which are already 100 per cent help those in the districts where a dime means as much as half a dollar?" she asks.

"No one but the committee and principals and teachers immediately interested would know where help was given and no feelings would be hurt."

"I am making every effort to have my room 100 per cent, but where I know the bringing of a quarter for each child in the family, and these are large families, means that some family is going without needed food, and there are many such in Omaha, I cannot urge it."

"My pupils are the small to give service," said the teacher.

The campaign in the schools closes Thursday.

Bootlegger Gets Thirty Days; Ready to "Take Medicine"

D. V. Clark of Kansas City was arrested Wednesday at the Union station by the morals squad. In his possession was found 14 quarts of whisky. On trial before Police Judge Fitzgerald, he admitted that he had intended "bootlegging," but asserted he was a victim of tuberculosis and was trying to raise enough money to go to Arizona.

"I took a chance, judge, and lost, and I'm ready to take my medicine," he said.

He was asked if he had \$100 to pay his fine. "If I did, I'd be in Douglas, Ariz., right now, where I might have a chance to get well," he replied. He was sentenced to 30 days in jail.

STATE JEWELERS LISTEN TO TALKS

Addresses on Methods of Conducting Business and Reviews of Work Mark Session.

A. W. Anderson, secretary of the National Retail Jewelers' association and a resident of Neenah, Wis., spoke to the Nebraska retail jewelers' convention Wednesday morning on the importance of carrying full insurance, and boosted the mutual insurance of the association.

Charles J. Duff of the firm of Byrne-Duff, wholesale jewelers of Omaha, spoke on the relationship of retailer and wholesaler. He said the jobbers of Omaha are on such friendly terms that they exchange goods when necessary. He said that Omaha has the best class of fellows in the world in the retail jewelry business, because they often co-operate with the wholesalers to the extent of letting the wholesaler take an article out of their stock to supply a customer out in the state who is in a hurry for just that article.

T. L. Combs of Omaha reviewed some of the association's work, both national and state, and the good that the jewelers have derived from it.

The entire body of jewelers will be the guests of the jobbers and manufacturers of Omaha tonight for a theater party at the Orpheum.
