The report tells of embargoes which have been in force several months against neutrals and outlines the agreement reached with Switzerland under which the Swiss will get food from the United States in return for assurances that none of it will reach Germany, and that shipments of some of her own commodities to Germany will be limited.

"In connection with the recent agitation among certain radicals protesting the imprisonment of Alexander Berkman and Emma Goldman, now serving sentences for conspiracy to interfere with the draft, the Department of Justice today made public two letters. These letters, written to Alexander Berkman by Har Dayal, show that Alexander Berkman and Emma Goldman were apparently cooperating with German spies in forign countries.

These letters were found among the papers seized in the printing office of Mother Earth at the time of the arrest of Berkman and Goldman. Har Dayal was the editor of the Hindu revolutionary newspaper Ghadr, in San Francisco, now being conducted by Ram Chandra, who is now on trial there for a conspiracy to set on foot a military expedition against India. Har Dayal is now in Berlin, where he has been since 1914, trying to organize a Hindu revolution in close collaboration with the German foreign
