Camp Fire girls have started a movement to "adopt" Red Cross nurses in Europe in the same way that the soldiers have been "adopted." The nurse, many of them stationed near the firing line and remote from cities and towns, will be supplied with little necessities such as handkerchiefs, towels, toilet articles, dainties for convalescents or whatever they need.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside-bathing.—Advertisement.

A New War Tax

Big, official-looking posters on school bulletin boards uniquely announced a party given by a high school to raise money for a Liberty bond.

"War Tax on Letters of Your Name!"
Payable Thursday Evening at High School Auditorium. Three cents per letter's due, my friend.

Please put in bag and bring or send." From the committee in charge there was supplied to each member of the school a tiny khaki-colored bag. This, filled according to the instructions on the invitations, constituted the admission fee to a little patriotic program one evening and a jolly good time afterward.

When Mrs. Bridget Quinn of Conifer, Pa., heard that the American ignition factories needed human hair for making "some kind of rope," she promptly wrote to the war department at Washington offering to give her hair and that of her daughter to the government as a patriotic sacrifice.

The number of American traveling saleswomen has already increased since the commencement of the war.

Miss Emma Neis has registered at Seattle for employment in Uncle Sam's service as a skilled shipyard worker.

Discovered Cure For Asthma

A Kansas Chemist Discovered a Simple Home Remedy for Asthma and Makes a Generous Offer.

Mr. J. D. Lane, a chemist, located at 777 Lane Bldg., St. Mary's, Kas., has discovered a simple home remedy for asthma. To test it he sent some to people who had been suffering from asthma for years and to their delight they stated they were easily cured. Mr. Lane is so proud of his discovery and has so much confidence in its ability to cure that he will send a \$1 bottle postpaid to any one who will write for it. His offer is that if it is paid for if it cures. The one taking it is to be the judge and report its effect within ten days after using the remedy. If you suffer from asthma write for a bottle at once. Send no money. Your name and address on a postal card will do.—Adv.

PERU-NA was a Godsend to Me When All Other Efforts Failed

Mrs. C. E. Taylor, R. R. No. 1, Box 84, Dillon, S. C., writes:

"I suffered two years with catarrh of the head, stomach and bowels, and tried two of the best doctors. They gave me up, they could not do me any good. After which I tried Peru-na, and now I can truthfully say that I am well. When I started the use of Peru-na I only weighed one hundred pounds, and now I weigh one hundred and fifty pounds. I cannot prize it too high, for I think it is a Godsend to me and I advise all sufferers to take Peru-na. When I had taken about one-half of a bottle I could feel some relief, and by the time I had taken one dozen bottles I was well."

I Can Truthfully Say That I AM WELL

Those who object to liquid medicines can secure Peru-na tablets.

"YOU'RE LOOKING YOUNGER EVERY DAY, MOTHER"

Gray, faded hair turned beautifully dark and lustrous almost over night, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Compound" at drug stores here. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has happened.

You just dampen a sponge or soft brush with Wyeth's Sage and Sulphur and draw it through your hair, taking one small strand at a time. Those whose hair is turning gray, becoming

faded, dry, scraggly and thin, have a surprise awaiting them, because after just one application the gray hair vanishes and your locks become luxuriantly dark and beautiful. This is the age of youth, gray-haired, unattractive folks aren't wanted around, so get busy with the Sage and Sulphur tonight and you'll be amazed at your youthful appearance and the real beauty and healthy condition of your hair within a few days. Inquiry at drug stores here shows that they all sell lots of "Wyeth's Sage and Sulphur" and the folks using it are enthusiastic. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How to Get Quick Relief from Head Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at

night; your cold or catarrh will be gone. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.—Adv.

Salts Fine for Aching Kidneys

We eat too much meat which clogs kidneys, then the Back hurts

Most people forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store where you take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from

the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

Former United States Senator Mason, Pioneer in Pure Food and Drug Legislation, Father of Rural Free Delivery System Says Nuxated Iron

What Senator Mason Says

CHICAGO, ILL.

GENTLEMEN:

I have often said I would never recommend medicine of any kind. I believe that the doctor's place. However, after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morning with that horrible tired feeling one cannot describe. I was advised to try Nuxated Iron. As a pioneer in the pure food and drug legislation, I was at first loath to try an advertised remedy, but after advising with my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to publish this statement if you so desire. I am now 65 years of age and I feel that a remedy which will build up the strength and increase the power of endurance of one at my age should be known to the world.

Yours very truly,

Wm. E. Mason

Senator Mason's statement in regard to Nuxated Iron was shown to several physicians who were requested to give their opinions thereon.

Dr. Ferdinand King, a New York Physician and Medical Author, said: "I heartily endorse Senator Mason's statement in regard to Nuxated Iron. There can be no vigorous iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale; the flesh flabby; the muscles lack tone; the brain is weak, nervous, despondent and melancholy.

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said: "Senator Mason is to be commended on handing out this statement on Nuxated Iron for public print. There are thousands of men and women who need a strength and blood builder but do not know what to take. In my own opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day."

Former Health Commissioner Wm. R. Kerr, of the City of Chicago, says: "I have taken Nuxated Iron myself and experienced

its health-giving and strength-building effect, and in the interest of the public welfare I feel it my duty to make known the results of its use. I am well past my three-score years, and I want to say that I believe my own great physical activity is largely due today to my personal use of Nuxated Iron. From my own experience with Nuxated Iron I feel it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

Dr. E. Sauer, a Boston physician who has studied abroad and in great European Medical institutions, said: "Senator Mason is right. As I have said a hundred times over, I regard organic iron as the greatest of all strength builders.

Iron is absolutely necessary to enable your blood to change your food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron."

Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given into any medicinal iron. As I ordinarily do not believe in it, but in the case of Nuxated Iron I feel I would like to change my mind and mention it. I have taken it myself and given

NOTE—Nuxated Iron, which was used by Senator Mason with such surprising results, and which is prescribed and recommended above by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older iron salts, it makes them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by Sherman & McConnell Drug Co., and all good druggists.—Advertisement.

From the Congressional Directory published by the United States Government—
"Wm. E. Mason, Senator from Illinois, was elected to the 50th Congress in 1887, to the 51st Congress in 1889—defeated for the 52nd Congress, 1892—elected Senator to the 53rd Congress, 1893 to 1903."
Senator Mason is now Congressman from the State of Illinois.

Senator Mason's championship of Pure Food and Drug legislation, his fight for the rural free delivery system and his strong advocacy of all bills favoring labor and the rights of the masses are against trusts and combines makes him a national figure at Washington and endeared him to the hearts of the working man and the great masses of people throughout the United States. Senator Mason has the distinction of being one of the really big men of the nation. His strong endorsement of Nuxated Iron must convince any intelligent thinking reader that it must be a preparation of very great merit and one which the Senator feels is bound to be of great value to the masses of people everywhere, otherwise he could not afford to lend his name to it, especially after his strong advocacy of pure food and drug legislation.
