

## GERMAN RAID ON PARIS GREATEST YET ATTEMPTED

Nine Are Killed and Thirty-Nine Wounded; Teutons Engaged With Great Air Fleet and Artillery.

(By Associated Press.)  
Paris, March 10.—Ten or 12 squadrons of bombing airplanes participated in the German raid on Paris Friday night, according to official information. The casualties were nine killed and 39 persons wounded.

One of the raiding machines was destroyed. An official statement says that an airplane of the Gotha type was found in the forest of Compiègne, where it had fallen while returning from the raid on the capital. The machine had been demolished and its crew of four burned to death.

Some of the raiders came by the way of Valley of the Oise, others followed the route of the Marne, while still others came from the direction of Orléans.

Artillery on Planes.  
An official account of the raid says that the alarm was sounded at 8:37 o'clock Friday evening and was preceded by cannonading. French artillery opened fire at 8:54 o'clock, producing a violent curtain of fire from all military posts in the regions north and northeast of Paris, which was maintained without interruption until the raiders departed.

Sixty-one defensive airplanes from the entrenched camps of Paris took to the air. A large number of enemy machines were repulsed by the aerial defense and did not succeed in reaching Paris. These machines were forced to drop bombs in considerable numbers in open fields and in the suburbs.

Bombs Destroy Homes.  
Although the raiders came in larger numbers than on any previous raid, the bombs dropped in the inhabited districts were far less numerous and they did very little or no damage.

President Poincaré visited the places where bombs had fallen and spoke a kindly word of encouragement to the people whose homes had been destroyed.

During the raid on Paris, French aviators near the front, who kept in constant communication with the capital, took the air and bombarded the airdromes from which the enemy machines arose.

New arrangements for sheltering the people, and other precautions worked well and the authorities are generally satisfied that the effects of the raid were reduced to the lowest degree possible.

## PRICE OF IOWA COAL REDUCED BY FUEL RULER

Washington, March 10.—Additional revised prices announced tonight by the fuel administration showed substantial reductions for Iowa coal along the line of those made yesterday in Colorado, Utah, Wyoming and Montana. The general review of coal prices was said to be well under way and will be completed by April 1.

Maximum prices for bituminous coal at the mines in the Marion, Boone and Appanose fields of Iowa were fixed at \$2.75 for run of mine, \$3.10 for prepared sizes and \$2 for slack or screenings. The former prices were \$3.15 for run of mine, \$3.40 for prepared sizes and \$2.90 for slack or screenings.

Ninety-one per cent of the coal produced in those fields is prepared sizes. No change has been made in the prices for the Des Moines and Albia fields, which remain as fixed by President Wilson in his proclamation, \$2.70 for run of mine, \$2.95 for prepared sizes and \$2.45 for slack or screenings.

## 176 Persons on Wrecked Steamer Safely Landed

San Francisco, Cal., March 10.—All of the 176 persons aboard the steamer Admiral Evans, which was wrecked yesterday on the Alaska coast, were landed at Juneau today by the steamer Sophia, according to word received here.

When the Admiral Evans, according to reports, piled up on the rocks, a huge hole was opened in her hull. The engine room was immediately flooded.

Carrying several hundred tons of cannery supplies and a number of cannery workers, the Admiral Evans sailed from Seattle, Wash., March 4, for Alaska ports. Her tonnage is 2,393 and she was launched in 1901. For several years she has been in the Alaska trade.

## Metcalfe Tells Lawyers Of State Defense Council

Richard L. Metcalfe spoke on "The State Council of Defense" at the quarterly meeting of the Omaha Bar association in the Chamber of Commerce Saturday night.

"This is one of the most important organizations for the maintenance of sound conditions at home that the war has brought into being," he said. "People do not realize just how important the council is, but history will record it a high place."

E. G. McGillore, president of the association, presided.

## Condemned Coal to Be Sold Under Government Price

Washington, March 10.—Coal condemned by the fuel administration for lacking preparation, or because it contains a high percentage of impurities, will be sold at 50 cents a ton less than the fixed government price. In making this announcement tonight the fuel administration said it had authorized its district representatives to appoint the needed number of inspectors for their districts, to enforce the regulations governing clean coal.

## Serious Fire Threatens Wipe Out Arkansas Town

Fort Smith, Ark., March 10.—With a high wind blowing the flames directly toward the business section of the town, fire was raging at 12:40 o'clock this morning at Alma, Ark., near here.

## GERMANS WOULD SHIFT WAR CENTER

U. S. Officials Declare Teutons Will Be Forced to Abandon Major Russian Operations for Western Front.

(By Associated Press.)  
Washington, March 10.—Germany's sweeping of Russia is described by the War department's weekly military review tonight, as another futile attempt on the part of the Germans to shift the center of gravity of the war, which still remains on the west front where the Teutons face the French, British, Italian and Belgian armies and the evergrowing American forces. There, the review says, lie the key positions of the war.

American troops now occupy trenches at four separate points, and, as was recently disclosed, in the principal sector their front is four and a half miles long. They have been constantly engaged, the department says, and the scope of their activities is being constantly extended.

Expect German Attack.  
Nothing is found in the situation by the department to indicate that the Germans have abandoned their plans for a great offensive in the west, and it says the allies, while assuming an alert defensive, are content to let the enemy break itself against their impregnable line.

Intense air activities during the week are noted, with the statement that 214 enemy aircraft were brought down on the western front alone, while the allies lost only 88 machines on all fronts during the same period. The enemy loss on all fronts is placed at 237.

## Socialists of Wide Prominence Are Indicted at Chicago

(Continued From Page One.)  
The public will realize that the war profiteers and monster capitalists are the most interested in this prosecution. I believe that the evidence will show this prosecution to be an attack upon the working class, a tragic proceeding in view of the tens of thousands of socialist boys in the national army.

Will Prove Innocence.  
"Socialists consider this an attack upon the freedom of speech and the right of a minority to convert the majority. You may rest secure in the opinion that these defendants will prove themselves innocent of the violation of any law of this government."

"Socialists are the one class of citizens who believe in a lawful, orderly change through education and political action. They are presumptuous enough to believe that the policy of the government in war and out, the attitude of the president in war and out, are subject to criticism."

"Socialists the world over have opposed war and the system that makes war inevitable. We do no consider opposition to a condition or policy as equivalent to breaking or violating the laws of the country."

The reason for the suppression of the indictments was not explained at the district attorney's office.

The government felt that the announcement should be made at this time to develop other angles of the case," Mr. Clynne said.

Pamphlets alleged to have been distributed by the men named, in their alleged efforts to hamper the government are made part of the indictment which consisted of 41 typewritten pages. Besides public utterances, Berger, as editor of the Milwaukee Leader, a socialist newspaper, is alleged to have been responsible for articles appearing in the publication which it is alleged are in violation of the espionage act.

## VON MEYER DEAD AT BOSTON HOME; IN TWO CABINETS

(Continued From Page One.)  
late George A. Meyer. His father was a native of New York, and his mother, Grace Helen Parker, a native of Boston, a granddaughter of the late Bishop Parker.

His debut in politics was made in 1889 when he was elected as a republican member of the Boston city council. Subsequently he served one term as alderman. He next served with distinction in the legislature acting as speaker of the house for three of the five years he spent at the state capitol. Governor Wolcott appointed him chairman of the Massachusetts board of managers for the Paris exposition. In the same year he entered national politics as a member of the republican national committee.

Envoys to Italy.

President McKinley sent Mr. Meyer to Italy as ambassador in 1900, and President Roosevelt transferred him to Russia in 1905 for the Russo-Japanese war. In 1907 President Roosevelt recalled him to this country to take a position in his cabinet as postmaster-general, succeeding Mr. Cortelyou. He was one of Roosevelt's cabinet officers, whom President Taft retained after his inauguration. President Taft made him secretary of the navy.

As secretary of the navy, Mr. Meyer was a strong advocate of the plan to add two battleships a year to the United States naval forces, and spoke bitterly of the democratic opposition to his program as "a backward step." He brought about many important reforms in the administration of the Navy department, notably in the system of keeping the accounts.

## Goodrich-McHugh Wedding Takes Place at Buffalo

Buffalo, N. Y., March 10.—(Special Telegram.)—The marriage of Miss Bernice Marguerite Goodrich, daughter of Mrs. Jennie E. Rev. William H. Boockock, pastor, officiating. Attendants were Miss Genevieve Goodrich, sister of the bride, and Joseph G. Fleischman of Dunkirk. Lieutenant McHugh and his bride will leave Buffalo Sunday night for Camp Deming where the bride will remain until her husband is sent to

## TORNADO KILLS TWO ALONG OHIO VALLEY

Much Property Damage Reported in Many Towns; Four Are Seriously Injured, May Die.

Vanwert, O., March 10.—Two persons are known to be dead, another is reported, four persons are in a local hospital more or less seriously injured, between 25 and 50 farm homes are completely or partly demolished and scores of barns and outbuildings were blown down by the tornado which swept this county last evening. The financial loss in the county is estimated at from \$500,000 to \$1,000,000. The tornado first struck at Middleburg, traveling northeast across

Harrison, Pleasant and Union townships.

Reports received here today say that Continental and Holgate, O., were not wiped out, but that much property damage was done there by the tornado. No lives were reported lost at either place.

The comparatively small population of Vanwert county prevented a much larger loss of life.

Names of Dead.  
The known dead are: Rex Lea, aged 12, of Middleburg, Harrison township, who was killed instantly when a barn was blown over, and Mrs. Charles Gree, also of Harrison township.

Of the four injured in local hospitals, only one, Charles Rike is fatally hurt. Six members of the Showalter family in Harrison township, were more or less seriously injured when their home was demolished.

Reports last night said the family had been killed. The tornado played queer pranks. Hundreds of chickens were entirely denuded and left without a feather.

No Worlds Records Are Made in Tournament Which Officially Closed Sunday; Stylis Wins Singles.

Cincinnati, O., March 10.—H. Steers and Fred Thoma of Chicago won the two-man championship of the American Bowling congress today. This became certain today after the last man bowling in this event had finished.

While the bowling was exceptionally good today, yet none of them could overcome the leaders.

The final standing of the five leaders in the two-man event follows:  
H. Steers and Fred Thoma, Chicago, 1,333.  
H. Goodman and A. Jenks, Canton, O., 1,257.  
J. Porto and M. Lindsay, New Haven, 1,252.

G. Stewart and C. Moses, Toledo, 1,257.  
W. Doehman and F. Farnam, Fort Wayne, 1,252.

In the last shift of the individuals, F. Reichman of Milwaukee went into second place with 17 pins behind the winner, C. Stylis, Detroit.

This officially ended the American Bowling congress.

The final standing of the five leaders in the singles follows:  
C. Stylis, Detroit, 762.  
F. Reichman, Milwaukee, 665.  
C. Wagner, Newark, N. J., 650.  
H. Steers, Chicago, 675.  
E. Herrman, Cleveland, 673.

## People Remember in Mass, Rather Than in Detail

In an address by J. T. Eklund, before the Theosophical society Sunday night on "The Scientific Testimony For Reincarnation" he said in answer to the question, "Why do not remember the experiences of previous lives," that as a matter of fact people do remember, but remember in mass, rather than in detail.

"Just as we do not remember now in detail the laborious process by which we, step by step, learned to read and write in our early school days," said the speaker, "yet the result of that labor remains, in mass, in our present educational accomplishment; so, similarly everything we have required in previous lives remains with us as faculty in the mass, or as character, easily to be developed and expressed in this life."

The South Side High school will give an entertainment at the South Side Congregational church, Thirty-eighth and Q streets, Friday night. Music by the high school orchestra, Buster and Tige, Matt and Jeff, and the roaming scare crows are listed among the attractions.
