Washington, March 14 .- The administration formally embarked today

At the invitation of Acting Secretary Crowell, members of the senate military committee were in session at the War department, for nearly two hours with the full membership of the war council, and beginning next week will meet with that body every Saturday morning.

Members of the house committee will meet with the council tomorrow and a similar arrangement for weekly meetings will be made with that committee. Probably a large room will be obtained later so that the committee of both houses may be received in joint session.

Movements for the creation of a joint congressional committee on the in America. conduct of the war have been suppressed by President Wilson's unalterable opposition to interference with the powers and duties entrusted to the executive by the constitution. Through the conferences now inaugurated, however, it is suggested that the regular committees acting in full harmony with the executive officials will be able to accomplish all and probably more toward keeping congress in touch with what is going on that would have been possible under the special committee plan.

Another member of the committee said the aviation program was 74 per cent behind schedule and that over-sanguine reports were being inquired into.

Shipping tonnage available, reported by representatives on council of the shipping board and also by Major General Goethals, in charge of embarkation of men and supplies, shows an encouraging increase, Sen-ator Hitchcock said. More tonnage is now available, the work of shipment has been systematized, and the round trip to European ports is taking a shorter time.

The committee was shown a summary of activities on all fronts in Europe, prepared by the army war college, a member of which was present to explain the movements noted. Cablegrams from General Pershing received yesterday were also received, showing activities on his front and his supply and equipment needs.

Dr. Dean closed his review of American history by an impassioned Garden Expert to Speak picture of Old Glory going down the boulevards of the German capital. There was pathos as well as triumph in the atmosphere of the First Baptist church as the audience sang, "Keep the Home Fires Burning," and Dr. Dean commented on the tragic death of the composer, Mrs. Ford, who recently was murdered in Lon-

don by a German bomb.

Prof. Hausmann sang, "The Old Flag Never Touched the Ground," responded with an encore, "His Buttons Are Marked U. S." The national colors were everywhere in evidence and the kaiser got no comfort from the big gathering. Many fathers and mothers stood to represent their son in the army and navy. Dr. Cobbey, pastor of the First Christian church, stood to represent two brothers in the Duluth. They call for delivery of all aviation corps and another in France.

Prior to Dr. Dean's patriotic appeal announcement was made that the service tonight would have a special interest for Baraca, Philathea and other young people's classes. It was also announced that Miss Amy Lee Stockton would speak this afternoon at 3 o'clock at the First Baptist church and again at 7:15 o'clock. No services are to be held on Saturday. The evangelistic party is planning to go to Fort Omaha for that day.

MINE BOSS WAS HELPLESS WHEN **WIFE GOT TANLAC**

Mine Officials Thought That "Poor Old Scott" Had Fired His Last Man.

"I lay helpless when my wife orlered our first bottle of Tanlac from El Paso, Tex.," writes Harry E. Scott, of Dragoon, Ariz., under date of Nov. 15th, in telling of his remarkable recovery from an illness that had defied the skill of the best physicians for over two years, to say nothing of his failure to find relief at leading health resorts.

Mr. Scott's voluntary statement has the true ring of sincerity and gratitude and is unquestionably one of the most remarkable ever given in connection with a proprietary medi-Mr. Scott's letter was addressed

to C. F. Moss, a well-known druggist of Benson, Ariz., who has the Tanlac agency for that town, and was forwarded by Mr. Moss to the Tanlac offices in Atlanta. His letter follows: Dragoon, Ariz., Nov. 15, 1917. Mr. C. F. Moss, Benson, Ariz.

Dear Sir: As you expressed a de-sire to hear more about my case, I will try and tell you part of it. I was down and out nearly all the time for tors, two of whom were osteopaths. Three of them refused to take my case, saying it was incurable, and the others might as well have done so, as they did me no good. I guess I had taken a barrel of medicines, internally and externally; I also went to Hot Springs, and out of all that was ever done I never got over one week's relief at a time.

After going down to one hundred and sixteen pounds-which is very light for a six-footer— kept getting worse until I couldn't move, even to feed myself, had no desire to eat and couldn't sleep more than two hours a night. Some of the officials of the mine, of which I am foreman, would call to see me, then go out and say, "poor old Scott has fired his last man." My wife thought I would never get out of bed alive, and she knew my condition better than anybody

At last, when I lay helpless, my wife ordered a bottle of Tanlac from the druggist at El Paso, Texas, which was the nearest place we could get it at that time. One evening about four days after I began taking Tanac, I ate a fair meal and enjoyed it. the first in many months. By the time I had taken half of the first bottle I thought I had a good appe-tite, but when I finished my second bottle I could hardly eat enough to satsify me. Well, have just finished my ninth bottle, have gained eighteen pounds and am back on the job

every day.

I have converted lots of sufferers to the "Tanlac route," and it affects them all about like it did me—their stomach trouble, nervousness and rheumatism all yield to Tanlac. Mrs. Scott and myself are willing to go before a notary and make affidavit as to the truth of every statement in this letter, which you are at liberty to publish and use for the benefit

(Signed) HARRY E. SCOTT. Accompanying the above was a let-ter from the Moss Pharmacy ad-dressed to the Tanlac Offices, Atdressed to the Tanlac Offices, Atlanta, Ga., referring in the highest terms to Mr. Scott as a man and citizen, with the added statement that both Mr. Scott and his wife were ready at any time to go before a Notary Public and swear that Tanlac is the only medicine he had ever taken that had any effect on his rheumatism and stomach trouble.

He also stated he had another customer an old gentleman who had tomer, an old gentleman, who had taken five bottles of Tanlac and had gained twelve to fifteen pounds, and

that they were building up a large business on Tanlac, etc.
