MANY CUDAHY MEN SERVING COUNTRY; ABSENCE IS FELT

Soldiers' and Sailors' Welfare Association Sends Sweaters, Sox, Wristlets and Caps.

Two hundred men from the Omaha plant of the Cudahy Packing company are in war service, and the absence of such a large working force is keenly felt in the several departments, according to Manager M. R. Murphy.

This is believed to be the largest number sent by any one Omaha firm. The comforts and pleasures of each man, insofar as home folks are permitted to contribute, are looked after through a Soldiers' and Sailors' Welfare association at the Chicago headquarters office. The Chicago association keeps in touch with all branch offices as to what is needed by the boys, and sees that they are supplied with sweaters, socks, wristlets, helmets, trench caps, etc.

"We want the boys to feel that home folks are behind them in the sacrifice they are making, and that they will not be forgotten," said Mr. Murphy.

Arrangements Completed Locally for Big Parade

Arrangements have been completed for the South Side division's participation in the Liberty parade Saturday afternoon. W. B. Cheek, head marshal, announces that the division will form on St. Mary's avenue, from Twenty-fourth to Twenty-eighth street, promptly at 1:30 o'clock. This will be a "foot" parade, and the only banners and uniforms will be those of the army and navy, Women's Red Cross and war work contingents. American flags will be furnished to all participants in the parade. Mayor Dahlman will declare a half holiday and all business houses are expected to close at least from 1 to 4 o'clock.

Two Men Under Arrest Charged With Hog Stealing

The peculiar theft of two hogs from a Rock Island stock train last Friday night near Albright, led to the arrest early Saturday morning of Joseph Chenoweth, 2118 Y street, and B. B. Bartlett, Twenty-second and Y streets, South Side. They are charged with grand larceny.

It is said the two hogs were thrown from a stock car while the train was speeding through the suburbs. Special Officers Burnett and Martin of the Rock Island railroad, conducted an investigation which led to the arrests.

St. Mary's Church to Hold Bazaar for Rectory Fund

A festival and bazaar will be held at St. Mary's church, Thirty-sixth and Q streets, April 2, 3 and 4, for the purpose of raising money to pay off the debt on the new rectory. The following articles have been donated for sale: Electric washing machine, \$50 Liberty bond, two choice prize hogs, a lamb, one calf and a gold watch. Refreshments and musical entertainments are on the program.

Red Cross Hogs From Platte County Sold Here for \$2,333

A carload of 62 hogs donated by Platte county farmers was shipped from Creston, Neb., and sold at auction at the stock yards Saturday for the benefit of the Platte county chapter of the Red Cross. The weight was 14,580 pounds, and they were bought by James Murphy at \$16.55 per 100 pounds, netting the Red Cross \$2,333.39.

McAnany to Washington.

J. F. McAnany, president and manager of the Grain Belt Supply company, left Saturday night for Washington, where he will confer with the bureau of animal industry officials with reference to securing pigs for virus purposes. The government does not allow pigs from the stock yards to be used for this purpose, because of the dangers of contagion. Thousands of pigs each year are killed for experimental purposes by the Associated Serum Companies of America. Mr. McAnany will urge as a conservation measure that the government allow stock yards pigs to be used, thereby leaving the farmers more pigs to develop into mature stock.

Peter Hofeldt's Home at Elkhorn Painted Yellow

A coat of yellow paint was applied Friday night to the home of Peter G. Hofeldt, a retired farmer living at Elkhorn, Neb.

Who did the painting is not known to the officials but it is said some of them came from Waterloo. Hofeldt is said to have made certain remarks which were considered pro-German. Hofeldt denies having made any pro-German remarks.

"I am loyal to this country and would not think of making any remarks against the United States or in favor of Germany or any other country," he declared. Hofeldt was a county commissioner several years ago.

GAYETY'S BILL FOR THIS WEEK IS ALL FOR FUN

Chester Nelson is one of the most comical "cusses" seen here in burlesque in "many a week." He appears in several characters in "Follies of the Day," which opened a week's engagement at the Gayety yesterday. He's equally droll whether he is a "park paper picker" or a "pirate." Frank Mackey is his side partner in funniness and has a special way of calling "hot dogs."

The show is full of novelties. One scene of especial beauty is a Turkish harem. Tiny Anna Propp has one scene all for herself and six of the smallest chous girls in captivity, who come out riding on "gee-gees." Gertrude Hayes is quite a comedienne, and in evidence especially in the burlesque on popular plays. Lulu Beeson, Rose Miller, Sadie McNish and Bonnie Bernice add to the syncopation.

A male quartet found much favor, and the vocal abilities of the entire company were endorsed by yesterday's audiences.

Thrifty People Are Ones Who Own Their Own Homes

A dollar will not buy as much of anything as it did a few years ago, which is another way of saying that it is not worth as much as formerly. One reason for this is that money is more plentiful than it was some years ago, due to a variety of causes. "In a situation like this," said C. C. Shimer, secretary of Home Builders, "it is not logical for a man to invest his money in a home when money is comparatively cheap, in the expectation of profiting by increasing realty values and the chance of selling his property after the full purchasing power of the dollar has been realized as it was before the war." "We all know that Omaha realty values are stable and must continue to advance. Efficient men have no trouble in getting good employment and they are capable of keeping the terms of a contract for a lot. Thrifty men will not hesitate to take advantage of the many chances to own a home."

Garment Sympathizer Starts Disastrous Fire in East

Baltimore, March 31.—The Kennedy Foundry company in South Baltimore was badly damaged by fire tonight, which is believed to have been started by a German sympathizer.

The fire started in the casting room and spread to the pattern shop, where thousands of patterns valued at many thousands of dollars were destroyed. J. P. Kennedy, president of the company, refused to say what the loss would be, but it is estimated at more than \$200,000.

The foundry is almost surrounded by machine shops and iron works engaged on government contracts.

Omaha Realtors to March in Liberty Day Parade

At least 200 realtors of Omaha will take part in the patriotic Liberty day parade, April 6. The matter came up at the Wednesday meeting of the Omaha Real Estate board. President Harry M. Christie exhibited a letter he had received from Arthur C. Thomas of the publicity bureau of the Omaha Chamber of Commerce and manager of the publicity for the Liberty loan committee. President Christie was authorized to announce to the committee that the realtors will be represented by at least 200 in the parade.

Two Men Under Arrest For Transporting Liquor

An automobile laden with whisky was stopped by Officers Vanous, Matwig and Welsh last night on the Douglas street bridge and the drivers were arrested, following their attempt to escape.

One hundred and twenty pints of a fine brand of whisky in the car and the automobile were confiscated. The men gave their names and addresses as Paul Maloney, 605 Pierce street, and Joe Flow, 1110 Pacific street.

GERMAN SPY IN NEW YORK DIES OF PNEUMONIA

New York, March 31.—Madame Despina Davidovitch Storch, the young Turkish woman who was charged with being the leader of a band of German spies, taken into custody in this city a fortnight ago, died suddenly today in her quarters on Ellis Island, it was learned tonight.

The death of Madame Storch is believed to have been due to pneumonia, although secrecy was maintained as to the details. She had been taken to Ellis Island pending action by the government, which probably would have resulted in her being deported to France, where she might have met the traditional fate of a spy.

Madame Storch was born in Constantinople only 23 years ago. Her father was a German and her mother a Turk. Government agents believe that she had been for years in the secret service of Germany, although she denied this until the last.

The constant companion of Madame Storch had been Baron Henry De Beville, a member of a noble French family. He was arrested with her and is a prisoner at Ellis Island. The other members of the band were Madame Elizabeth Charlotte Nix, also held for deportation, and Count Robert De Clairmont, who has been critically ill since the unexpected raid of government agents on his apartment. His physicians say they do not expect him to recover.

Minister Serves 20 Years In Prison; Given Parole

Indianapolis, Ind., March 31.—The Rev. E. W. Hinshaw, sent to prison for life for murder more than 20 years ago, has been given a parole, effective during good behavior, the governor's office announced today. The former minister may go to his ranch in the southwest should he desire. Hinshaw was charged with having murdered his wife, but always denied his guilt. He has been granted temporary and limited freedom a number of times, and was a model prisoner.

Reserve Bank Clerk Held For Theft of Thousands

San Francisco, Cal., March 31.—Charles Cole, alias Carl Conrad, an assistant transfer clerk in the fiscal department of the Twelfth Federal Reserve bank here, was arrested today by government secret service operatives on a charge of conspiracy to appropriate property of the United States in connection with the disappearance of Liberty loan bonds worth \$12,000. Federal officials said Cole had confessed and that the bonds had been recovered.

Act to Guard Civil Rights Of Men in Service, Passed

Congress has just passed an act, entitled "An act to extend protection to the civil rights of members of the military and naval establishments of the United States engaged in the present war." This act has for its object the guarding of the civil rights of those now away from their homes in the active service of the country. This act was approved March 8, 1918, and is cited as the soldiers' and sailors' civil relief act.

High Price Paid for McKinley Gold Dollar

York, Neb., March 31.—(Special Telegram.)—The Red Cross association of York county held an auction sale here Saturday. The sale will net the society \$7,000. Single McKinley gold dollar brought \$25 and a 48-pound sack of flour brought \$92, while 200 marbles, donated belonging to a York boy now in France, brought \$108.

Get \$5,000 in Salvation Drive.

GREAT DEMAND FOR HOMES IN CITY OF OMAHA

Surprising Variety of Causes, Chiefly Shortage of Houses and Influx of New-comers, Says Adair.

"We have never seen anything like it before," said W. R. Adair, secretary of the Omaha Loan and Building association. "There is a greater demand for homes in Omaha than at any time in the last two years."

"In my opinion this is due to a variety of causes: First, to the shortage of houses in consequence of the curtailment of building operations due to high prices of building materials; and, second, to an unusual influx of newcomers following upon the industrial upfit which our city is enjoying in consequence of the war-made demand for western products. The prevailing high prices are bringing immense sums of money into the state, which in turn operates to increase the commerce of every city and village; and, third, to the confidence the people have in the stability of Omaha real estate values.

"The situation is a surprise to many," continued Mr. Adair, "who thought that the war would cause a depression of values. Careful observers believe that the good times will last for years to come. Everything considered this is a good time to buy a home. I am heartily in favor of the slogan, 'Own a Home.'"

Patriotic Rally Results In 18 Fremont Recruits

ENGINEERS DISCUSS ROAD BETTERMENT

Much Good Work Being Done by Association, Declare Members; Iowa Engineer Gives Inspiring Talk.

At a special meeting held by the members of the Nebraska Association of Civil Engineers Saturday night, in the Paxton hotel, in the interest of improved road conditions, T. H. McDonald, state engineer of Iowa, spoke of plans concerning the proper construction of good roads.

More than 50 members of the association attended the meeting, which was preceded by a banquet. The Nebraska Association of Engineers is affiliated with the Technical Club of American Society of Civil Engineers.

Taxes Do Not Pay Cost. Relevant to public reimbursements for road building, Mr. McDonald said: "State taxes on the valuation of farm property has never paid for the construction or maintenance of roads as is shown by annual reports.

"Funds for the building of state roads have been created in cities, town corporations or from the taxes levied on automobiles." George L. Campen is president of the Nebraska Association of Civil Engineers; Homer B. Kanouse is secretary.

CAPT. O'CONNOR HAD SUFFERED FOR FIVE YEARS

Lincoln Man Declares Tanlac Has Overcome His Troubles Entirely.

One of the most noteworthy features in connection with the introduction and sale of Tanlac throughout the United States and Canada has been the very large number of railroad men who have been benefited by its use.

Prominent departmental officials, conductors, engineers, office clerks—in fact, men representing practically every branch of the service, have reported that they have used Tanlac with the most astonishing and gratifying results.

Among the many to testify recently to the powers of the medicine is Captain Cornelius O'Connor, a retired engineer who lives at 1312 Second street, Lincoln, Neb. Captain O'Connor was an engineer for thirty-two years and his standing and influence are too well known to require further comment. Captain O'Connor called at the Harley Drug company's store and in a statement regarding the benefits he has derived from Tanlac, said:

"For the past five years, or more, I have been so crippled up with rheumatism that I was unfit for work. My hands were so stiff and painful that I could hardly bear to bend my fingers and my back, arms and legs were almost useless to me. The suffering just can't be fully described and only those afflicted the same way can really understand just what suffering I had to undergo. Of course, like anyone would be in such a condition, I tried many medicines, but all in vain.

"So one day a friend of mine, who had used Tanlac, advised me to try this medicine and it just seemed to go right to the spot. I can now testify to the value of Tanlac for it has relieved me entirely and I cheerfully recommend it to anyone suffering from rheumatism and a general run-down condition. I honestly believe it to be the best medicine I have ever known for these troubles."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole body. In other words it relieves rheumatism and other constitutional troubles by removing the cause. Tanlac is a powerful reconstructive tonic and contains certain ingredients which purify the blood and renovates the entire system. Next, it enables the weak, worn-out stomach to thoroughly digest its food, thereby permitting the assimilable products to be converted into blood, bone and muscle. It enables the vital organs to perform their proper functions and makes you feel strong, sturdy and well, as nature intended.

Tanlac is sold in Omaha by Sherman & McConnell Drug Company, corner 16th and Dodge streets; Owl Drug Co., 16th and Harney streets; Harvard Pharmacy 24th and Farnam streets; North-east corner 19th and Farnam streets, and West End Pharmacy, 49th and Dodge streets, under the personal direction of a special Tanlac representative.—Adv.
