SOX AND GIANTS WILL WIN AGAIN, FULLERTON SAYS

Cincinnati Had Edge in National, But Loss of Toney Shatters Dope at Last Moment.

AMERICAN LEAGUE.

Team	W	L	P	Tot.
Chicago	4907	3467	1025	1000
Boston	4885	3869	1326	1045
St. Louis	4790	3486	1290	1145
New York	4811	3524	1271	1187
Detroit	4785	3534	1289	1199
St. Louis	4728	3549	1281	1219
Washington	4628	3449	1287	1314
Philadelphia	4571	3530	1318	1310

NATIONAL LEAGUE.

Team	W	L	P	Tot.
New York	5056	3391	1235	1062
Cincinnati	4976	3415	1278	1113
St. Louis	4719	3559	1335	1153
Chicago	4543	3329	1364	1170
Boston	4626	3218	1381	1264

Brooklyn	4525	3240	1395	1260
Pittsburgh	4743	3295	1292	1263

Wins since position was figured. Losses since position was figured.

By HUGH S. FULLERTON. Hard luck! Poor Cincinnati—for the first time in modern baseball possessing a team that threatened to upset expectations and chase a championship to the finish—seems to have been walloped on the jaw before it got started.

The Reds figured so close up to the New York Giants and showed such promise that it looked as if they were going to make good at last, and then they lost Fred Toney and, swoosh, they slipped back almost into the class of St. Louis and Chicago, and with a chance of being beaten out by both.

It is hard luck because Toney is, with the probable exception of Alexander, the best pitcher from all angles in the National league. Any pitcher who can work 45 or more games in a season without wearing down is a tremendous asset, and if he can win 65 per cent of those games it is a wonder. That was Toney.

The loss of Toney throws the burden onto an already shorth staff of pitchers and forces Mathewson either to work a dozen games himself this season or use young pitchers in many games.

Giants Look Certain. With the Cincinnati slipping back as an actual contender, the Giants look more certain to win this year than they did last. The final dope figures reveal the fact that the Giants and the White Sox ought to repeat their successes, with the Red Sox and Cleveland as the runners up in the American league and the Reds the closest in the National. Both Chicago's Cubs and the St. Louis Cardinals are better fortified than either the Giants or the Reds in case of accidents or disabilities in the pitching staffs. If either the Giants or the Reds slip, the Cardinals and Cubs with their strong defensive staffs will become dangerous.

CENTRAL HIGH LINES FOR CLASS TRACK CONTEST

Dates for School Athletics Are Set Early in Order That Boys May Get Away to Work on Farms.

The Central High school annual inter-class track meet will be held next Wednesday afternoon. The meet is being held at an early date because of the probable winners because of such cinder demons as Maxwell, Paynter, Smith, Carson and Noble. The juniors have a strong point getter in Dave Noble, who won individual honors last year when other track stars were on the farms.

An early date has been set for the track meet that all the boys may have an opportunity to compete before leaving for the farms. The dual meet with Lincoln, to be held in Lincoln because of the lack of local facilities, is scheduled for April 27. The state meet, also at Lincoln, will occur May 4.

Central High school is regarded as having a good chance to win the state meet. The track meet in Lincoln will be the last opportunity that Maxwell, Turk Logan, Carson and Floyd Paynter will have to represent Central High in an athletic contest.

The inter-class meet promises some classy work. Some 30 sprinters are turning out regularly to qualify for the meet. Each class has several good athletes, who will make some keen competitions.

The girls' tennis tourney starts this week. The drawings have been posted by Miss Duke. The winners of previous tourneys have been graduated, leaving several net sharks among the girls who will fight for the spring honors. An unusually large number of girls have entered.

The inter-class meet will include 40, 110, 220 and 440 yard and one mile runs. Shot putting, discus throwing, pole vaulting, and hurdles will be scheduled.

Slacker's Entrenched On Island, Defy Law

Four MEXICANS KILLED BY FIRE OF U. S. TROOPS

Ottawa, April 11.—Two deserters from the Canadian army, with several draft evaders and eight enemy aliens, said to be Germans, have taken refuge on an island in the Ottawa river, opposite the Petawawa military camp, and are defying the authorities.

The party, which is said to be headed by James and Cahill Coughy, deserters from military district No. 3, have raised the red flag. They are said to be well armed and provisioned.

The authorities have not been able to apprehend the party, as the ice on the river is unsafe for travel.

No Plans Yet on Expected Rail Retrenchment Order
Assistant General Freight Agent DeGroote of the Great Western railroad is back from Chicago, where he went to secure, if possible, some information about the railroad companies' future plans and the disposition that is expected to be made of employees when the order of further retrenchment is received.

Mr. DeGroote returned without having accomplished his purpose. He asserts that Omaha railroad men know just as much about the future plans as do the head officials in Chicago. There, he says, the officials are awaiting instructions from Director General McAdoo and that nothing will be done in the way of changes until the official notice is received.

Hoover Would Quell All Private Wire Concerns
Washington, April 11.—Recommendations for the closing up of what are known as private wire houses were made today by Food Administrator Hoover, replying to notification by grain exchanges of self-imposed restrictions effective today for June and July trading.

\$30,000,000 IS INCOME TAX PAID BY WEALTHY MEN

KAPINSKI BOUND OVER FOR ALLEGED DISLOYAL TALK

Chicago, April 11.—Some men are paying as high as \$30,000,000 income tax in the United States, according to Charles A. Eaton, head of the national service section of the United States shipping board and Emergency Fleet corporation.

The statement was made in the course of an address today of the shipping section of the annual meeting of the Chamber of Commerce of the United States. The stenographic reports of his remarks quotes him on the subject as follows:

"There are men in this nation today paying \$5,000,000, \$10,000,000, and some as high as \$30,000,000 in income taxes to the government, and I have yet to hear from these men the first objection, the first squeal."

George Kapinski, machinist, 2406 St. Mary's avenue, unsuccessful candidate in city primary, was bound over to the federal grand jury after a preliminary hearing before United States Commissioner Neely, Thursday noon. Kapinski is charged with violating the espionage act. His bonds were set at \$5,000.

Roselle Davis, Omaha newspaper man, testified that he heard Kapinski make disloyal statements at a social meeting in a hall at Twenty-first and Cumings streets, April 3.

Kapinski denied making most of the alleged statements, explaining that some of them were made "in fun," and that he didn't understand what others meant, although he had made them. He also denied an alleged confession of statements made before Chief Eberstein of the Department of Justice.

Lane Urges Legislation For Promotion of Mining

Bonds Are Transferable, Same as Any other Property

Washington, April 11.—Legislation to encourage mining in the United States of minerals necessary in the manufacture of war materials, but now largely imported from South America and Europe, was recommended to congress today by Secretary Lane. He sent to Senator Henderson of Nevada, chairman of the mines committee a draft of a bill carrying an appropriation of \$50,000,000 from which financial assistance would be given to prospectors in developing the mining of these minerals.

Minerals the quantity production of which the administration hopes to see duplicated are manganese, pyrite, antimony, platinum, mercury, tungsten, sulphur, tin and graphite. All are found in this country and especially in the western states.

Development of such mines would release thousands of tons of shipping now used in importing the minerals, it was said, and also would tend to keep down the rapidly increasing prices of the commodities.

House to Vote Upon Wheat Price Increase
Washington, April 11.—The last step toward a vote in the house on the senate amendment to the agricultural bill proposing an increase from \$2 to \$2.50 per bushel in the government minimum guaranteed price for wheat was taken today.

Senate and house conferees ended their work, deciding to report a disagreement on the wheat clause and also on the senate amendment providing \$250,000, respectively for dehydrated agricultural products and prizes to stimulate production. The house conferees refused to accept the amendments.

Dean Tancock Leaves for Camp Dodge Next Monday

Four Buildings at Percival Destroyed by Fire Saturday

Shenandoah, Ia., April 11.—(Special.)—The business houses of the little town of Percival in Fremont county, were destroyed by fire Saturday night. The lumber yard, implement house, dry goods store and postoffice which were all owned and operated by M. Etleman, formerly of Sidney, were burned to the ground.

The west half of Page county went "over the top" by subscribing \$65,000 on the first day of the "Liberty loan drive". The subscriptions in Shenandoah were taken at the war office. The time has been extended until Thursday night. Those who do not subscribe will be called on.
