

LOYD GEORGE REPORTS ARMY IN GOOD SPIRITS

"Be of Good Cheer," Message Brought From Front by British Premier; Praises the American Troops.

(By Associated Press.)

London, May 4.—Premier Lloyd George, who has returned from his visit to France, in which he attended the sessions of the supreme war council and went to the front, spoke enthusiastically today of the American troops.

"A good number are already there," said Mr. Lloyd George. "Many more will pour in steadily during this month. The French who saw their fighting in the battle lower down the line said they were first class fighting material, full of courage and resources and all very keen."

"The Germans have rendered at least two great services to the allied cause," continued the speaker. "They have accelerated the advent of the American troops and they have made unity of command at last a reality. The French and British are fighting in close comradeship, each with full appreciation of the qualities of the other."

"Have you any message to bring from the army to the people?" the premier was asked. To this he replied:

"The message I bring from the British army to the people at home is: 'Be of good cheer. We are all right.'"

Of the great battle now going on, the premier said:

"I saw General Foch, Sir Douglas Haig, General Pershing and other officers of the higher command, and they were all very confident. I also saw a very large number of regimental officers and soldiers, who had actually been in the fighting line during the last six weeks of very strenuous work, and their confidence also was amazing.

"I met no pessimists among them."

Dresher Brothers Look for Spontaneous Outburst of Summer Cleaning Work. You'll Be One of the Many Who Will Say: "Hurry Up the Job!"

Aha! Fine! Too good to be true. After a series of the coldest, dampest "discouragingest" days you ever saw, you are again facing "Old Sol" and his Spring and Summer cheer.

Ruefully you'll gaze at your winter duds and say: "Gee, but they're too heavy for now, and besides they are all soiled."

Then you'll think of Dresher Brothers, the Dry Cleaners and Dyers at 2211-2217 Farnam street, Omaha. You'll say: "I'll send a bundle out there right away. Let's see, what's their telephone number? Oh, yes, it's Tyler 345. They certainly have advertised that number enough for me to remember it."

And so it goes. But, while you are doing this thousands of others will be doing the same thing, so you know that you can help prevent congestion by acting early.

Send in your Clothes and Dresses to be cleaned and pressed or made over. Send in your Hats to be cleaned; particularly your Panamas. Send in your Palm Beach Suits. Send in your Summer Shoes to be repaired. Send in your Belts, Fans, Parasols, in fact anything and everything you wear, for Dreshers have a trained specialist in every department, and a bunch of workers who know how to carry out the orders of those specialists.

But hurry. Have the clothes to wear! It's hot now and it's getting hotter. Old Man Winter has left. He has been shot off much as we hope to see America's enemies shot off by our brave "Sammies" at the front. Yes, sir! Yes, Madam! Good glorious warm weather is right with us and it's going to stay. You'll soon be glorying in Ice Cream, outdoor life and picnic clothes. Phone Tyler 345 for a Dresher man, leave work at the plant, 2211-2217 Farnam street, at Dresher, the Tailor's, 1515 Farnam street or at one of the Dresher branches in the Burgess-Nash or Brandeis stores. Orinoka Sunfast Fabrics

Although woven from cotton, they have a beautiful silk-like lustre which never wears off, and the folds shimmer and change color in different lights, just as do the finest India silks. It is impossible to adequately describe the original effect shown in these new fabrics. It is like trying to describe the appearance of a group of daintily gowned women. In fact, some of these goods have the delicate tracery of design and soft nuances of color seen in the finest evening gowns.

"How can such wonderful effects be woven out of cotton?" is the exclamation made by so many.

There are very many varieties of Orinoka-Sunfast Guaranteed Fabrics, and the range is from the lightest, daintiest goods, such as are used for casement curtains, to the heavy weaves and patterns suitable for upholstery, wall coverings, window seating, etc.

Orinoka fabrics come 50 inches wide, which is wide enough to split for most treatments.

Hartford Saxony Rugs

Buying a carpet or rug is in the nature of an investment. In most homes a carpet is expected to last a life time. So-called "cheap" carpets look cheap from the moment they are laid on a floor and they prove their cheapness in a short time.

To spend even a few years in a room with a carpet or rug that shrieks in its inharmoniousness, its cheapness, is bad economy to say the least.

No article in the home gets more use and abuse than Floor Coverings. Consequently, you cannot be too careful or critical in selecting rugs. No doubt you have often walked over heavy, deep pile luxurious looking rugs in hotel lobbies and dining rooms and secretly wished for something similar. Do you know that nearly every prominent hotel is using "Hartford-Saxony" Rugs?

Paint and Brains

It would not be possible to guarantee good results in decorating a room if good materials and good workmanship were the only means. To really accomplish satisfactory decoration there must be a plan—a conception of the finished product with all the details included, from the rug on the floor to the ornaments or hardware. Our staff of interior decorators are especially qualified to design, advise and direct all such undertakings. Consultations do not in any way obligate.
