Detroit Defeats Boston.

Detroit, June 1.—Detroit deteated Boston, 4 to 3, in 13 innings today, Heilmann driv-ing in the winning run with a two-base hit far over Strunk'sh ead, scoring Young, who had singled and reached second on an out. Boston tied the score in the ninth after two wer out and prevented Detroit from winning in their half of the same inning by a double play with the bases filed. Score: STUDY THIS MAP

Note the famous oil fields in practically every county surrounding our High Island property.

The dotted lines on the map are known as hypothetical fault lines, drawn by the government experts showing the probable trends of production.

These lines drawn from Humble on the one side and Spindletop on the other converge at High Island, leading us to believe we will find the great mother pool on our property.

Oil is found in this district adjacent to great mounds erupted through terrific gas pressure.

The mound at High Island is about forty-eight feet high and covers nearly 2,000 acres. Our property is near the base of this mound, and we believe we are going to be successul in developing the greatest oil field yet developed.

This Is Not a Stock Promotion Scheme in Any Sense of the Word

We are selling quarter-acre tracts of our property for \$30 each in order to quickly raise drilling funds.

You Not Only Own Your Property--You Share Proportionately in Half Our Profits From All Wells Drilled On Our Entire 1000 Acres

Should your tracts be drilled on, you receive a royalty of one-tenth of all oil or gas received therefrom in addition.

There is no way of estimating what the value of these quarter-acre tracts will be in a few months. Quarter-acres in adjoining fields (purchased for small sums in the pioneer days) have sold later from \$25,000.00 to \$50,000.00 each.

St. Louis, June 1.—Hard hitting marked the first game of the series between Phila-delphio and St. Louis, which the latter won, 8 to 5. Loudermilk was batted from the mound in the second inning when Philadel-phia made all its runs. Rogers, who re-placed Loudermilk, held the visitors in check while his teammates hit three visiting

NATIONAL LEAGUE

The real story of the game lies in the fact that the Rourkes hit in the pinches. There were three glaring instances. In the opening stanza, three Rourkes manned the runway. Defate

was at bat. He smote a Denver double to right and two men scored

and the third man went to third. Again in the second it happened. Three men again were on the bags. This time Charlie Hanford was at bat. His job was thorough. He cracked a triple to deep center and three men counted.

Two Tricks in Fifth.

Donica and Defate turned two tricks in the fifth. With two men on base, Donica rapped out a double and Tony Defate followed with the same stunt.

Donica's double scored two, as did Defate's. You can't beat that kind of hitting. Neither could the Topeks. It was a In fact it was such a cinch 1 1 6 0 that Bill Jackson sent into the game

two new recruits, Catcher McMenemy and Pitcher Thompson, both of whom arrived on the scene yesterday. Hurls Steady Ball.

Charlie Kopp pitched steady ball, kept the hits well scattered and was never in danger. Omaha won in a walk.

Today the Neekaws will attempt to abtain their revenge. A double-header is on the boards today. The first game will start at 2 o'clock sharp.

DRESHERS' STORE FURS

If you've been neglecting to care for your furs you are apt to be sor-

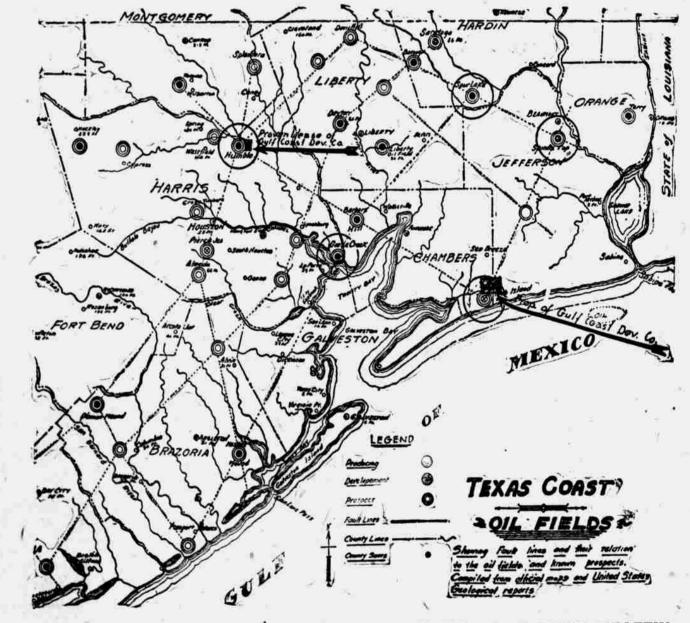

ry before the summer is over. You cannot afford to neglect or stave off the job of repairing your pretty pieces, as you have done in the past, for the first thing you know when you do send in your furs there are apt to be no furriers to take care of the job. As it is, there are merely half as many working as in normal times. By the end of the summer it might really be difficult

So, why not send in your furs now to the exceedingly capable fur work-ing department of Dresher Brothers, Dry Cleaners and Dyers, at 2211-2217 Farnam St., Omaha, Dreshers' furriers will even give you an at-tractive low price if the work is done during the warm season while they are not so busy. This applies to fur repairing as well as the making up of handsome fur pieces of all kinds. And the furs you already have should certainly be cleaned and then

stored away safely for the season. If you store them at Dresher Broth-ers Concrete and Steel Vaults you will be safe in the knowledge that it would take the world's best burglar about a week to drill through to get to your furs; you know that fire and water simply cannot enter; you know that your furs will be kept at their natural cool temperature all summer long, and, that our friend Mr. Moth, cannot get in his devasta-tion. Better send your furs here to be stored and do it soon-before the moths eat the furs up at your home.

Phone Tyler 345 for a man or leave work at the plant, at Dresher The Tailors, 1515 Farnam St., or at one of the Dresher Branches in the Burgess-Nash or Brandeis Stores. Dreshers pay express or parcel post one way on any out-of-town ship-

THIS MAP WAS COPIED FROM OFFICIAL UNITED STATES GOVERNMENT BULLETIN

Note our proven lease at Humble.

Our tract purchasers share also in all profits from this property where we already know we have the oil.

There should not be the slightest hesitancy on your part in buying quarter-acre tracts of our property, when you realize that even if we did not succeed in getting one drop of oil at High Island, we should be able to earn you splendid returns from this lease alone.

Every one to whom we are explaining our proposition admits there never was a greater opportunity to safely invest a few dollars with unlimited possibilities of making yourself independent.

Be fair enough to yourself to at least let us explain fully the details of our great drilling campaign.
