

ENEMY ALIEN MENACE ROUSES BRITISH PUBLIC

Internment of All Males Over 18 Urged in Report to Parliament; German Banks to Be Wound Up.

London, July 11.—The menace of enemy aliens living freely in England has been the text of a newspaper agitation in the last two weeks more keen than any of the numerous anti-German waves of feeling which the country experiences at frequent intervals since the war began.

May Cancel Changes of Names.

Many Germans and persons of German descent have been changing their names during the war. The committee proposes that the changes be cancelled so that they be not permitted to take effect until six months after the war.

There are only a few thousand aliens left interned in England. A considerable proportion of them are old people. Another fairly large contingent has someone serving in the British army, and there is a sharp difference of opinion on the question of internment these.

"Intern them all" is the watchword of the extremists, led by the Northcliffe papers. Other papers, like the Westminster Gazette, the Daily News, the Daily Chronicle and the Manchester Guardian, like the present movement to "poetry baiting" and the historic "no popery" agitation.

The committee recommended the immediate internment of every male enemy alien over 18 years, except those who, for medical or other reasons, should be exempted, and the repatriating of all female enemy aliens except those whose husbands had been granted exemption from internment.

C. D. Seger Elected President of U. P. to Succeed E. E. Calvin

New York, July 11.—C. D. Seger, former chairman of the board of directors of the Union Pacific railway system, has been elected president, succeeding E. E. Calvin, recently appointed federal manager of the Union Pacific and other western roads, it was announced here today.

The election of C. D. Seger as president of the Union Pacific is not expected to have any effect upon the handling of the affairs of the road. With the operation of the road in the hands of the government, the understanding with railroad men is that as president the duties of Mr. Seger will have to do with looking after the interests of bond and stockholders. It is understood that his office will continue to be maintained in New York.

For many years Mr. Seger has been vice president and controller of the Union Pacific Railroad company, and as such has frequently visited Omaha. His last visit here was a few months ago, when he stopped over for a few hours on his way to the Pacific coast, going west on an inspection tour of the Union Pacific properties.

GERMANS ADD RUSSIAN CRAFT TO THEIR NAVY

Present Strength of Enemy's Fleet Unknown, but Admiral Benson Confident Allies Superior.

Washington, July 11.—Allied and American naval officers are unable to form any accurate estimate of the present strength of the German battle fleets, it was said today by Admiral Benson, chief of naval operations.

Navaofficials are principally interested in the vessels Germany may have obtained by seizure of the Russian fleets. At least eight modern battleships were in the Baltic and Black seas and four battle cruisers were under construction in the Gulf of Finland when the Russian collapse came.

It is estimated that if Germany has obtained all Russian war craft she has been able to increase the strength of her high seas fleet by 25 per cent. Admiral Benson was quite positive, however, of the ability of the allied fleets to deal with the enemy should he venture out.

Officials here are convinced that Germany has been building ships continuously since the outbreak of the war.

In regard to submarine construction in Germany, Admiral Benson said there was no definite information here. Reports ranged, he says,

Some of the searchers expressed their belief that the bandits, who escaped in a motor car, had probably reached Kansas City.

According to postal and express employees, the bandits obtained only a small amount.

Four persons on the train were wounded during the shooting, which it seems was done in order to intimidate the passengers. The injured were taken to a hospital at Parsons. It was thought all of them would recover.

HUSBAND AND HIS WIFE BOTH BENEFIT BY IT

Tell All Their Friends How Tanlac Has Restored Their Health.

"When I read in the papers about a case exactly like mine I said to my husband 'I'm going to try Tanlac, for if it relieved this person it is bound to help me, too, and it did,' said Mrs. Joe Hlavka, of 4962 South Thirteenth street, the other day. Mrs. Hlavka and her husband, who is employed by Armour & Co., are life-time residents of Omaha and are well known in the community in which they live.

"I passed two miserable years," she continued, "in trying to find something that would relieve my stomach trouble and nervousness, but with no success till I got hold of Tanlac. I had no appetite at all and everything I forced down soured and distressed me night and day. My head ached as if it would split and I would get so dizzy at times that I could hardly stand on my feet. My nights were so restless that I slept but little and every time I would stoop over my head would begin to ache and keep it up for hours. I was dreadfully weak and run down, had no life nor energy and lost several pounds in weight.

"The first few doses of Tanlac took seemed to put new life in me, my appetite returned and I can now eat anything I want and enjoy every mouthful. I have got back all I lost and am now at my normal weight again and feeling better than ever. All those aches and pains are entirely gone and I never have any dizzy spells at all now. I sleep like a baby all night and get up in the mornings feeling fine and I am strong enough now to do all my housework. My husband had some touches of rheumatism, was somewhat run down and said he felt the need of something to brace him up. He has been taking Tanlac, too, and is now praisethat we have already told many of our friends about the good Tanlac has done us."

Tanlac is sold in Omaha by Sherman & McConnell Drug Co., corner 16th and Dodge streets; 16th and Harney streets; Owl Drug Co., 12th and Farnam streets; Harvard Pharmacy, 24th and Farnam streets; north east corner, 19th and Farnam streets; West End Pharmacy, 49th and Dodge streets, under the personal direction of a Special Tanlac representative, and in South Omaha by Forrest & Meany Drug Co.—Advertisement.
