THREE CENTS

Tom Kelly Captured At Winner, S.D.

Man Sought for Six Months
On Canadian Charge Now
In Jail and Must Fight
Extradition.

Four Comrades in Canada

Tom Kelly, for whom police and federal officials have been combing the country for nearly six months, is under arrest at Winner, S. D., according to a telegram received by J. B. Nickerson, acting United States marshal.

Warrants were issued February 16, 1921, for Kelly, Wiley Compton, Axel Pierson, Jack Howard and Arthur Williams, alias Red the Rough. They were wanted by the Canadian government for their alleged activities in purchasing large quantities of whisky from a warehouse and paying for it with worthless checks.

Four Are Arrested.

Four of the five men were taken into custody, but Kelly escaped and has been in hiding ever since. His companions, after a long legal battle, were turned over to the Canadian officials and extradited to Canada for trial about six weeks ago.

Friday Lieutenant Pszowski at Central police headquarters received a telegram from the chief of police at Winner, stating that Tom and his brother, Roy Kelly, were there with a new automobile. The message stated that they never appeared in the day time and asked if they were wanted in Omaha.

Lodged in Jail.

Pszowski notified J. B. Nickerson, acting United States marshal, at once. Nickerson wired the police chief to arrest Kelly and requested the United States marshal at Sioux Falls to proceed to Winner and take him into custody on the federal warrant.

C. E. Moore of Chicago, attorney for the Canadian authorities in the extradition hearing at Omaha, was notified as soon as word came from Winner yesterday that Kelly was in jail. Moore will get in touch with officials in Canada and proceed with the fight to have Kelly join his companions.

Colony of Reds Scoffs at Laws of God and Man

Settlement Near Stelton, N. J., Headquarters of Anarchists in U. S.—Members Give No Allegiance To America—Forced to Haul Down Red Flag, However, When Angry Mob Advances.

Chicago Tribune-Omaha Bee Leased Wire.

Stelton, N. J., Aug. 28.—About a mile down the dusty road from the railway station of this town, there flourishes the "paradise of atheism," a colony where the laws are strictly taboo. The children are not taught to respect the American flag, but they are educated to criticize all laws that may in any way interfere with their absolute freedom. Children of anarchists, born of common law marriages, are sent here from all parts of the country. If the parents of the child can not provide for support, the burden is assumed by the colony.

The colony is maintained by the Ferrier association and is the national headquarters of the theoretical anarchists of the United States. Members of the cult give no allegiance whatever to the country which shelters and feeds them and the only flag on the 57-acre plot is the red flag of anarchy.

There are 175 people living in the colony, chiefly Russian Jews. All are extremists and liberals of the most pronounced type. They do not openly defy the laws of the country, but ignore them as much as possible. Free love is not tolerated in the sense it usually is understood, but there is no insistence upon the marriage state. The leaders of the colony maintain that the affairs

Storekeeper at Bushnell Held as Bandit Suspect

Tag Bearing Name, Found in
Overalls Near Scene of At-
tempted Bank Holdup,
Leads to Arrest.

Cheyenne, Wyo., Aug. 28.—(Special Telegram)—Betrayed by a key attached to a tag bearing his name and address, Hans Martin, alias Adolf Pfunder, was arrested at Bushnell, Neb., 60 miles east of Cheyenne, charged with being the bandit who, Friday afternoon, with a companion, who was later shot and captured, attempted to rob the state bank at Cheywater, Wyo., 50 miles north of Cheyenne.

Martin, who is the proprietor of a little clothing store at Bushnell, was found changing clothes in his store after oilers had obtained entrance with a key found in his overalls. He remained cool when informed he was under arrest by the Cheywater crime.

The Germania, the leading organ of the Catholic party of which Herr Erzberger was the most prominent member, in an editorial commenting on the assassination, says the dead leader was the victim of nationalist agitation.

"We are finally forced to believe in the existence of a nationalist murder organization," says the paper, "which regularly has planned a long list of assassinations of its prominent antagonists."

Blames Revolutionary Press.

The democratic press writes in the same strain and cites numerous examples from the reactionary press of the last few months in which it alleges the articles tended to incite murder and goes over a long list of the leading political figures, beginning with Herr Liebknecht, who were assassinated within the last two years.

Freiherr, the organ of the independent socialists, openly charges that Dr. Helfferich and President von Kahr of Bavaria, the leaders of the nationalist party, and the reactionary press were directly responsible for the crime.

Other radical papers came out openly and threatened revolution and the communist paper, "Red Flag," announces that their party is ready at any moment to join the other socialist parties of Germany which would make them invincible if unity was secured.

Disapprove of Assassination.

The more moderate expressions of the conservative press disapproves of assassination as a political instrument, but they refuse to attack the political character of the murderer.

The Freiherr charges that many of the conservative papers show open approval of the deed holding the German revolution responsible for the introduction of violence into political life.

The Deutsche Tageblatt, a pan-German organ, referring to the failure of the attempt to convict Herr Erzberger, says, "When justice fails lynch law steps in and this always been true and always will be. This man was guilty of high treason in accepting the armistice and his assassination was only natural."

A nationalist demonstration planned for Potsdam tomorrow has been prohibited by authorities at the premises. He said he knew of no enemies who would attempt to harm him. The explosion was so loud that it was heard a mile away and aroused the neighborhood for blocks around.

Dancer Estimates \$25,000 Will Restore Equilibrium Lost by Slat

Chicago Tribune-Omaha Bee Leased Wire, New York, Aug. 28.—Miss Jessie York, ballet dancer, whose twinkling toes have delighted Metropolitan opera audiences, in a suit just filed, asserts, through her attorney that Alexandre Oumansky, ballet master, slapped her so hard in the fact that it paralyzed her toes.

Not only that, but the wallop he administered jarred her whole being, physical and mental, and made her sore, sick and lame. She estimates it will require \$25,000 of Oumansky's money to restore her equilibrium. She is now at Oyster Bay, pulling herself together.

Harding To Call Parley On Labor

Measures for Improving Employment Conditions to be Taken Up at Conference At Washington.

Relief Sought by Fall

Chicago Tribune-Omaha Bee Leased Wire.

Washington, Aug. 28.—Plans for a conference on unemployment to be called by President Harding were announced today by Secretary of Commerce Hoover.

The conference will be held in Washington and will be attended by representatives of leading groups of industries and organized labor. Coordination of measures for improving employment conditions will be attempted and a complete study made to the unemployment situation. The date has not yet been set.

"The president has decided to call a national conference at Washington on unemployment and has instructed the department of commerce to formulate the plans for it," said Secretary Hoover.

"It personnel will be made up so as to represent the country geographically and so far as possible to include representatives of the greater employment industries. The Department of Commerce will cooperate with the Department of Labor on presentation of labor.

Co-Operation Sought.

"It is desired for working reasons to keep the number of the conference as small as possible. It is intended to invite representatives of the greater groups of industries and the national organizations will be sought in their selection.

"The object of the conference will be to inquire into the volume of unemployment, the distribution of unemployment, to make recommendations as to measures that can properly be taken in co-ordinated speeding up of employment by industries and public bodies during the next winter and, in addition, a broad study of the economic measures desirable to ameliorate the unemployment situation and give impulse to the recovery of business and commerce to normal. Many constructive suggestions have been made to the department by employers, the governors of states and city officials.

Must Prevent Suffering.

"While the business situation is steadily improving, yet some sections of the workers may have exhausted their savings by the coming winter and they must be a matter of extreme concern.

"It is inconceivable that America, with its surplus in food and clothing with housing—though crowded—and with an abundance of fuel, could allow any suffering amongst those of our own people who desire to work. It is necessary that we should be forehanded in the preparation of such measures as will prevent any such suffering.

"It is expected that the full plan of the conference will be ready for the president within about 10 days."

Fremont, Neb., Aug. 28.—(Special) —Jail sentences in all appealed booze cases where convictions are freely given by a jury will be handed out in the September term of court which will open here September 6, is the announcement made by Judge Button. Too many booze cases are being appealed from the justice courts, he said, and the docket is congested.

Judge Button's announcement is causing quite a stir among the defendants in the majority of cases, who expected to escape with a fine. There are 42 criminal cases on the September docket and the majority of these are the result of alleged liquor violations.

Oumansky frequently urged her to sit on his lap, that he tickled and pinched her, growing bolder and more offensive in his advances until he proposed that she go out with him.

Miss York admits that in repulsing his attentions, she gave Oumansky a push backwards and that several nights later, or July 6, to be exact, she slapped him with such violence that she fell to the floor, badly stunned and fainted from the shock and pain.

Oumansky could not be located at the Capitol theater to get his version of the affair, although it was admitted he was still master of the ballet there.

Labor Row Blamed For Explosion

Infernal Machine Placed at
Stage Door of Burlesque
House—Windows Shattered
by Blast.

Several Injured by Glass

By The Associated Press.

Chicago, Aug. 28.—A bomb explosion in the Columbia theater shortly after midnight shook the entire business district. The theater was empty at the time, not yet having been reopened for the season. Several persons were reported, however, to have been injured by flying glass. According to the police, the explosion was due to labor trouble.

The explosion took place at 12:10 a.m. The bomb had been placed at the entrance to the stage door in an alley. The force of the blast shattered the heavy steel door and broke hundreds of surrounding windows. The interior of the theater itself was not damaged.

Classed as "Unfair."

The Columbia theater is a burlesque house on what is known as the Columbia "wheel." Recently it has been covered with "unfair" notices as a result, it was said, of troublous with the musicians' union. The headquarters of the Columbia "wheel" is in New York and it operates a chain of theaters in a score of cities, mostly in the east.

The theater is located in the heart of the business district, and the sound of the blast attracted thousands to the scene. A special detail of police were called to clear the streets and aided firemen in keeping back the crowd.

Police Guard Theater.

After a hurried investigation, it was announced that the bomb, apparently a steel cylinder, had contained black powder. Parts of the casing were found imbedded deep in the walls of surrounding buildings.

As a result of the explosion a guard of police were placed about the Columbia and several other theaters which have also been involved in labor disputes.

A similar explosion occurred at about the same time at the Star and Garter theater, a mile west of the Loop district. Damage was slight here.
