

First Train Run On U. P. Extension

Leaves Gering for Lyman at 8:15 Thursday; Regular Services Soon.

Gering, Neb., Sept. 2.—(Special.)—Over 100 Gering residents were on the first passenger train over the Union Pacific North Platte valley extension, which left here for Lyman at 8:15 Thursday morning. The

train will run as a special between Gering and Lyman until September 5, when regular train service will be inaugurated. Six coaches and a baggage car made up the train, which was in charge of Conductor L. J. Bailor, with E. R. Mills as engineer, W. C. Selver, trainmaster of the Valley division, was a passenger. As soon as the road is completed to Yoder, work will begin on the Cherry creek spur, 13 miles long, running northeast to a point four miles south of Torrington. The special train was run as a convenience to ex-service men who are flocking to Lyman and Yoder to register for the land opening Sep-

tember 6. Over 3,000 people were in Lyman during the day. **\$140,000 Bridge Completed In Scottsbluff County** Gering, Neb., Sept. 2.—The new Gering-Scottsbluff bridge has been opened for traffic. The bridge is 24 feet wide of reinforced concrete and the approach is 1,800 feet long in the shape of an elongated "S." The bridge cost \$140,000. This bridge, it is said, carries more traffic than any other bridge in the state, and only one bridge that touches the state exceeds it—the Omaha-Council Bluffs bridge.

Gompers Issues Call For Conference of All Packing House Unions

Chicago, Sept. 2.—In an effort to establish a uniform wage and working agreement for packing house employees, Samuel Gompers, president of the American Federation of Labor, issued a call for a general conference of all trade unions employed in the packing industry. The meeting of labor leaders will be held Saturday. "Our union held a conference of representatives of packing house cen-

ters throughout the country at Omaha, August 15 to 17 and at that meeting we formulated the demands of our membership," said Dennis Lane, secretary of the Butchers' Workers' union. "Upon the completion of the Omaha meeting we communicated with Sam Gompers, notifying him of the results of the action of our international union. He then ordered a general conference of international union officials for Saturday." When closed a new stove intended to heat three rooms at a time resembles a photograph of the cabinet type.

Bonded Indebtedness Of Victor, Colo., More Than Assessed Value

Denver, Colo., Sept. 2.—Disclosure that the bonded indebtedness of Victor, Colo., exceeds the assessed valuation of the town by \$6,200 was made in an answer filed today by the town to a writ of mandamus sought by the First National Bank of Ithaca, N. Y., holders of unpaid municipal bonds of Victor. The bank is attempting to force payment of a judgment of \$38,167

due with interest since December 1, 1920. A special tax levy has been proposed to meet the judgment. The answer declares that a special tax levy to meet the amount of the judgment would mean confiscation of property of the citizens of Victor. **Shipping Board to Control British Vessels Proposed** London, Sept. 2.—Control of British shipping would be placed under the supervision of the Imperial shipping board if the report of the imperial shipping committee, made public here, should be adopted.

Bluffs Man Named on Fruit Market Board

Chicago, Sept. 2.—President J. R. Howard of the American Farm Bureau federation today announced the appointment of 21 men to serve on the farmers' fruit marketing committee, which will evolve a plan whereby the fruit producers may establish and conduct co-operative fruit marketing organizations. The committee will include the following: In the city of Moscow are 1,600 churches.
