Nebraska Farmers Second In Increase Of Stock Hog Herds

Lincoln, Oct. 7.—(Special.)—Nebraska ranks second in increase in stock hogs this year, according to figures compiled in the office of Leo J. Stuhler, secretary of the state department of agriculture.

Nebraska's increase is 8 per cent, while Kansas has increased its stock hog supply 25 per cent; Iowa, 5 per cent less than last year; and Missouri barely breaking even.

"This is good business on the part of Nebraska farmers," Stuhler said, "as there is good margin in feeding cheap corn to hogs. The income from hogs forms a considerable percentage of the annual income from live stock and it is estimated that 65 per cent of the total annual income of the farmers of this state is from live stock and live stock products."

"Averages of recent years show that out of every \$100 received by the Nebraska farmers from all sales, \$50 was for live stock and for live stock products, \$32 for crops and \$3 for other products, classed as miscellaneous."

'Fatty' Arbuckle Arrested by U.S. 'Dry' Officials

Film Star Charged With Illegal Possession of Liquor And Released on \$500 Bonds.

San Francisco, Oct. 7.—Roscoe (Fatty) Arbuckle, who came to San Francisco to be arraigned on a manslaughter charge, was arrested as he left the superior court on a federal warrant charging him with having possession of liquor on September 5, the date of the Hotel St. Francis party which led to the death of Miss Virginia Rappe.

He was brought before Thomas E. Hayden, United States commissioner, and released on \$500 bond. Late today he departed for his home in Los Angeles. Superior Judge Harold Lenderback set October 13 as the date for pleading on the manslaughter charge, Arbuckle's attorney, C. H. Brennan of San Francisco and Milton M. Cohen of Los Angeles saying they wished extra time in which to consult other counsel.

Commissioner Hayden also set October 13 for hearing the Volstead act violation charges, although he agreed to Brennan's suggestion, to grant a continuance of five days at that time if the defense desired it. Arbuckle's face bore the same set expression that it did during the police court hearing of a murder charge broadly in a newspaper photograph. He was brought before the judge in a federal commissioner's office, starting the small group present.

The crowds that attempted to gain admission to the police court for Arbuckle's hearing on a murder charge were absent today. Most of the spectators at the proceeding were prosecuting jurors called to appear in other cases, but a few members of the Women's Vigilant committee were present.

Arbuckle refrained from conversation except with his attorneys.
