Women's Full Fashioned Silk Stockings With Pointex Heels

One of the Most Remarkable **\$1.95** of Our "October Feature Items" a pr.

That we are announcing such a sale is because a certain well-known manufacturer is overly particular about his product. He might class as "imperfect," a stocking that others would call first quality. Indeed it takes the eye of an expert to tell why many of these stockings have been classified as they are.

However, the main point is this, that the stockings are here to sell at \$1.95 Monday, and the moment they're seen they're going to be appreciated.

In black, white and colors. For street and evening wear. All sizes, from 8½ to 10.
