

### Gipsy Expresses Fear for Success Of Arms Meeting

Unless Diplomacy Set Aside And Christ's Influence Followed, Conference Will Fail, Evangelist Says.

All political, economic and social troubles could be adjusted at once if the principles that Jesus taught were applied, Gipsy Smith said yesterday at the noon meeting for business men and women at the Brandeis theater.

"I have little hope for the peace conference at Washington unless Jesus has His way. There is too much diplomacy to assure success of the conference. If diplomacy is set aside and Christ's influence holds sway the conference will be a success," he said.

Business men and women who seek ease and luxury peace are content to call themselves Christians on the strength of their intermittent church attendance drew the evangelist's sarcasm yesterday.

"You are too concerned with making money and not concerned enough with helping unfortunates about you."

"Christ searched out the unfortunates. He sought all those who were not wanted by anybody else and made them His particular friends. You must do just as Jesus did. Make sacrifices. Stop living for self alone."

"There are more ways to be rich than in material things. You can be rich in faith, fellowship of God and in prayer. No human power can save the world from its present troubles. Nothing but spiritual power can bring about peace."

Dr. Frank C. Smith, pastor of the First Central Congregational church, delivered the 10-minute sermon preceding the evangelist.

"The poor want to be rich nowadays, and the rich want to be richer," Dr. Smith said. "Jesus was rich but became poor that He might enrich you. He was rich with spiritual things."

Attendance at the meeting was excellent. The lower row was crowded and many men and women stood in the rear of the theater.

### "Big Jeff" Invited to Address Canadian Waterways Meeting

Washington, Oct. 26.—(Special Telegram)—Some time ago, Congressman Jeffers upon invitation of the Canadian government accompanied a distinguished group of senators, governors of middle western states and colleagues in the house, on a tour of inspection of Canadian waterways lasting one beautiful day. After viewing the beautiful St. Lawrence river, harbors and canal in that northern region, various members of the visiting party were called upon for addresses. Recognition of the speakers was in order of rank and prominence, and it was not until the last evening of the trip when the tourists were preparing to return home that Congressman Jeffers' turn came. He made a short address, but it seems to have been exactly to the point, for he was invited today by wire to address the annual convention of the Canadian Deep Waterways and Power association at Hamilton, Ontario, November 1 and 2.

### State Closes Doors of State Bank of Obert

Lincoln, Oct. 26.—(Special)—Refusal of Sioux City bankers to cash drafts on the State Bank of Obert, Neb., caused J. E. Hart, secretary of the department of trade and commerce, to send a bank examiner there yesterday.

Last night the bank was closed. This morning Hart stated the last report of the bank showed \$133,314 loans against but \$103,686 deposits. The loss is estimated by Hart between \$50,000 and \$70,000.

Six months ago Hart removed J. J. Theil as cashier and put in E. H. Saxon, because, he alleges, Theil was exerting too much interest in insurance and real estate and not enough in the bank. Ira Howard is president and Nels Pehrson vice president of the institution.

### Howell to Reach Capital Saturday

Committeeman Expected to Get Behind Ure for Omaha Postmastership.

Washington, Oct. 26.—(Special Telegram)—Congressman Jeffers will have a conference with Postmaster General Hays today over the Omaha postoffice, and after the postmaster general has conferred with National Committeeman Howell, who is expected in Washington on Saturday, it is believed the name of C. E. Black will go to the president for nomination to the senate.

It was learned yesterday that Mr. Howell was advised by cable while in Paris that the civil service commission had failed to certify the name of Charles L. Saunders as one of the three eligibles. Senator Saunders was Mr. Howell's candidate for the Omaha office. What position the Nebraska national republican committeeman will take now is problematical, although it is rumored that he will now get behind Mr. Ure for the place.

Senator Norris, who was given a most enthusiastic welcome by his colleagues when he appeared on the floor of the senate yesterday, is understood to have told friends that he recognized the right of the congressman to name a postmaster in his home city, when a senator did not live in the same city or was of the opposite political faith.

### Shrew, Smallest Mammal, Found In Cherry County

Tiny Fur-Bearing Animal, Size Of Caterpillar, Discovered By Party of Chicago Scientists.

A shrew, the smallest mammal in North America, was discovered on the Grant Welker ranch in Cherry county, Nebraska, last week by a party of scientists from the Field museum in Chicago, according to Col. Dale Bumstead, one of the party, who passed through Omaha Tuesday.

The scientists were on an expedition in the sand hills looking for rare species of reptiles and insects. The mammal found by the party is fur-bearing and no larger than a caterpillar, Colonel Bumstead said. It is a burrowing animal closely resembling a mouse. It will be placed on exhibition in the Field museum. Dr. W. H. Osgood, head of the party, Boardman Conover of Chicago was another member.

The party bought a lake in the sand hills to establish a "fur farm" to breed muskrats for scientific purposes, Colonel Bumstead said.

"I had been in bad health for a long while and finally had to take to my bed and had been there for several weeks when I started on Tanlac. I had fallen off until I was little more than a shadow, and my stomach was in such bad condition that nothing I ate agreed with me. I finally just had to give up, as I said, and take to my bed, and this is the condition from which Tanlac rescued me."

"Never in my life have I known anything to equal the change this medicine has made in me. I have regained my normal weight, eat anything I want, sleep sound at night and get up in the morning feeling fresh and happy. In fact, I feel that years have been added to my life by this grand medicine."
