

Firm to Handle Cattle Loans in Nebraska Urged

Director of War Finance Body Advises Forming of Corporation to Make Large Advances.

The formation of a cattle loan corporation to handle big loans to cattle raisers, provided the corporate powers of the organization are flexible enough to permit it to function in a broad way, was advised for Nebraska by Managing Director Eugene Meyer of the War Finance Corporation at a conference in Chicago.

Fred Thomas of the Nebraska war finance committee returned yesterday from the conference, which included finance committees of Minnesota, Iowa, Wyoming and Nebraska. He said cattle loan corporations, such as advised for Nebraska by Director Meyer, were functioning in other cattle-raising states with good results.

"Frozen Paper" Discussed.

The matter of "frozen paper" was discussed at length during the conference, and as a result it was decided some advances could be made based partially on "frozen paper," according to Mr. Thomas.

It also was decided the loan value on United States securities should be 95 per cent on Liberty bonds and 85 per cent on Victory bonds.

Chaplin on Train.

Arriving in Omaha with Mr. Thomas were several Wyoming notables, including Gov. Robert Carey, John Hay, Rock Springs banker; George Abbott, chairman of the Wyoming war finance committee, and Land Commissioner Baker.

Mr. Thomas spent Friday evening on the train conversing with Charlie Chaplin, a motion picture comedian, who is bound for the west coast. He especially admired Mr. Chaplin's shoes, which were patent leather, with tan broadcloth tops and pearl buttons.

Girl Is Missing From Y. W. Home

Bertha Jacobson, 25, Leaves For Work as Stenographer But Fails to Report.

Where is Bertha Jacobson, 25, who mysteriously disappeared Friday morning from the Y. W. C. A. Working Girls' home at Twenty-sixth and Capitol avenues?

Her disappearance is baffling Y. W. C. A. officials, who have instituted a search for the girl.

Left for Work.

Miss Jacobson left the girls' home presumably to go to work at the Cole Creamery company, where she is employed as a stenographer.

She failed to punch the clock at the creamery. Officials of the firm also are aiding police trying to locate the girl.

"She was a fine Christian girl and came from a good family in Edgar, Neb.," said Miss Marie Holmes of the Y. W. C. A., who is at a loss to understand why the girl vanished.

Have Good Description.

When asked if the girl was grieving over anything, Miss Holmes answered that "everything was just fine."

Detectives and patrolmen were furnished a good description of the Jacobson girl.

Atlantic Eastern Star Celebrates Anniversary

Golden Rule chapter, Order Eastern Star, celebrated the twenty-fifth anniversary of the receipt of its charter.

The charter was presented by the then grand worthy matron, Jennie Rule, for whom the chapter was named. The chapter membership at present is 317.

Blue Grass Road—Roads muddy.

U. S. Rail Board Issues Strike Hearing Finding

Chicago, Oct. 29.—(By The Associated Press.)—The United States labor board today issued its decision in the hearing held Wednesday to determine the responsibility for the general strike threatened by the "Big Four" brotherhoods and the Switchmen's union.

The board made three findings: First—That all such disputes must be referred to the board before any action is taken.

Second—That any interruption of traffic would be a blow aimed at the peace, prosperity and safety of the entire nation.

Third—That any union going out on strike will forfeit its right and the rights of its members in all existing contracts and lose all benefits accorded by the transportation act.

World Thinking To End War, Says Bishop Stuntz

Omahan at Iowa Arms Meet Declares Public Opinion Most Powerful Arm to Smite Conflict.

Des Moines, Oct. 29.—Resolutions commending President Harding for having called the conference on armament, and asserting that relief from the burden of competitive armament is indispensable to the restoration of sound economic life and normal conditions, were adopted at the Iowa disarmament conference here.

The conference was attended by several thousand representatives of commercial and agricultural organizations, women's clubs, state, county and city officials, fraternal societies, professional associations, labor unions, religious bodies and the American Legion.

Opinion in Iowa and the middle-west speakers declared is unanimously opposed to armament competition and in favor of this country taking the initiative in a movement toward reduction of armaments.

Bishop Stuntz Speaks.

Bishop Homer Stuntz of Omaha and Mrs. Thomas G. Winter of Minneapolis, president of the General Federation of Women's clubs, were speakers at last night's session, which ended the conference.

On economic grounds war has been out of court a thousand times, Bishop Stuntz declared. He said that there are three things which the United States must help to do if success crowns the work of those who would see an end of war and war preparations:

First—The cultivation of international thinking.

Second—The acceptance of the responsibility of world leadership, and, Third—That the United States lead off in limiting its armament.

Public opinion, he said, is the powerful arm which can smite war preparations to the death.

Pillar of Fire Leader Denied Divorce Decree

Trenton, N. J., Oct. 29.—Vice Chancellor Buchanan yesterday dismissed the divorce petition of Bishop Alma White of the Pillar of Fire church against her husband, Rev. Kent White, brought on the ground of desertion.

He declared that the husband's offer to provide a home for his wife if she would give up her religious activity was reasonable. The husband's difference of religious views could not be considered as desertion in itself.

Armistice Day in Schools.

Washington, Oct. 29.—Schools of the nation are asked to co-operate in the memorial services for the unknown dead at Arlington, on Armistice day by a Washington committee of educators. The War department, it was announced today has sent to this committee, material from which a report of the services can be prepared for distribution throughout the country for use in assembly halls of elementary and high schools.

Licensed to Wed

Girl Mother, 18, Held Prisoner, Parents Charge

Salvation Army Denies She Is Held in Home Against Her Will—Tells Story on Stand.

Mr. and Mrs. John Benson of Ord, Neb., tried to get their daughter, Georgia Benson, 18, away from the Salvation Army rescue home at Omaha on a writ of habeas corpus in District Judge Troup's court yesterday.

They charge the girl is held at the home against her will. Officials from the home testified that Georgia is at liberty to leave the home whenever she desires, and has been for some time, but that she has expressed a disinclination to return to her parents, and the home refuses to put her out.

Georgia, who was just 18 yesterday, is slender, with a wan sort of beauty, the extreme pallor of her face enhanced by dark eyes, and framed in the brim of a becoming black hat.

On the stand yesterday she told of going to the home last June. She has worked, she said, since she was 14 years old.

On the way to the home she met with an accident, which resulted in the premature birth of her child, six hours after she arrived at the home.

Since then, she says, she has lived there, going to school. She had no complaint to make of her treatment by officials and attendants at the home.

At the conclusion of the hearing, Judge Troup ruled that Georgia should be under no restraint by reason of an alleged guardianship proceeding, whereby Clara Pallasen, head nurse at the home, had become her guardian, and the girl walked from the court room with her parents.

All Night Rain in Omaha Totals Two-Thirds Inch

The local weather prediction of "fair and cooler" for Friday night was a "bad one," Meteorologist Robins admitted yesterday.

"We got the west end of that rain," he said. "It didn't rain much west of Omaha, but Iowa got a drenching with 1.18 inches at Dubuque and 1.04 inches at Davenport."

It rained all night in Omaha, with a total precipitation of two-thirds of an inch.

The weather bureau said it would be fair and colder last night.

Willa Cather Prefers Nebraska, Even to Paris

Willa Cather, Nebraska's most famous novelist and short story writer, who spoke before the Society of Fine Arts yesterday afternoon at 4, likes Nebraska best of all the places where she has lived, including that dear Paris, she stated Friday.

"I came to Nebraska when I was 8," she said, "and spent the years of my life from then until I was 19, the formative period, in this state. I always come back to Nebraska."

Nebraska State Boundary Commission Meets Monday

The Iowa-Nebraska State Boundary commission will meet in the Chamber of Commerce Monday at 10 a. m. The Nebraska members are John W. Cooper, Louis Berka and Harry Lapidus. The members from Iowa are John M. McDonald, Sioux City; Ernest L. Hogue, Glenwood, and O. W. Crowley, Des Moines.
