Lion Bonding Co. Officers Sued for **Return of Funds**

State Department Seeks to Recover \$300,000 Said to Have Been Taken From the Firm's Assets.

Amos Thomas, special agent for the state department of trade and commerce in charge of the affairs of the defunct Lion Bonding & Surety company, filed suit in dis-trict court Monday to recover \$300. 000, alleged to have been taken from the company's assets by 11 of its officers and directors,

Defendants named and the amount sought of each follows: E. R. Gurney, president, \$129,000; Dan F. Brown, \$15,000; H. O. Beatty, vice president, \$18,500; F. B. Alldredge, \$18,000; H. C. Leigh, secretary, \$22,000; Charles C. Brant, assistant secretary, \$16,500; Edward P. McDonald, attorney, \$23,000; F. B. Knapp. \$21,000; Phil H. Kohl, \$12,500; Fred Volpp, \$18,000; J. H. Wheeler, assistant secretary, \$4,000.

The suit involves the transaction which led the Douglas county grand jury to indict President Gurney for alleged embezzlement. It is charged that the respective defendants converted \$300,000 of notes, bonds and mortgages, rightfully belonging to the company, to their own use.

As outlined before the grand jury,

the various persons named as defendants in the present suit gave their own notes or other security to the company in August, 1920, to make good an apparent impairment of its capital. A resolution of the directors declared these securities to be contributions made to the company without expectation of return and without obligation on the company's part to return. Nevertheless, the secruities were returned, after an auditor had approved the company's financial showing.

The state claims that the return was without authority of directors or stockholders, as shown by the company's records, and that the action constituted a conversion of the

Ut Lincoln Goes to K. C.

Lincoln, Neb., Oct 31—Headed by Adjutant General Paul and Governor McKelvie and bearing the legend "Pershing's home post," members of Lincoln post No. 3 of the American Legion left on a special train yesterday for the national convention of the Legion at Kansas City. At Nebraska City the Lincoln men were to be joined by Earl Cline, whose name will be presented by Nebraska for national commander. General Pershing is a member of Lincoln post, being initiated here of the occasion of his visit. General Pershing is a member of Lincoln post, being initiated here on the occasion of his visit following his return home from France.

Mrs. D. M. Butler and Miss May
Pershing, sisters of General Pershing, and his son, Warren, will leave
tomorrow for Kansas City.

Man Condemned for Murder Of Fiancee Seeks Death

A great longing for death is the chief emotion exhibited by Charles Nichols, who spent Sunday night in the city jail here enroute from Sidney, Neb., to the state penitentiary in custody of Sheriff J. W. McDaniel. He is condemned to die for killing his fiancee, Emma Carow, last June. He made a vain attempt at that time to kill himself.

"I only wish I had gone when Emma did," he said at the city jail. "I only count the hours now till I can join her."

Speaking of Milkshakes,

Iowa Farmer Upsets Cream Red Oak, Ia., Oct. 31 .- (Special.) Carson, Ia., Oct. 30.—(Special.)—
When a local hunter, named Fender, let fly a few days ago, at what he supposed was a flock of exceptionally large ducks, he was surprised by bringing down a mammoth cormorant, web-footed sea bird which inhabits the Atlantic and gulf coasts.

The big bird has been mounted and is on exhibition here.

—H. H. Harris was driving down a buggy. Beside him on the seat was a can of cream. As he rounded a corner an automobile collided with the buggy, nearly demolishing the latter. The can of cream did an aerobatic act and landed on the running board of the automobile, the can undamaged and not a drop of the cream spilled.

483,000 Miles Without Crash, Air Mail Record

Central Division Holds Mileage Record Since July 16-Eastern Leads Slightly In Service.

Air mail planes in service from New York City to San Francisco have made runs totaling 483,000 miles since July 16 of this year, without a single injury to a pilot or mishap to a machine, according to A. P. Dunphy, chief of the Chicago-Rock Springs division, and G. L. Conners of Washington, D. C., who is in Omaha to attend the International Ages congress. ternational Aero congress as the personal representatives of the Postoffice department in Washington. A recent report to congress states that the air mail schedules have been more regular than railroad mail trains, Mr. Dunphy said. Although the Eastern division from New York to Chicago led the other two in expert service during the last three months, according to an official report, the Central division from

Service Report.

Following is the service report of the air mail divisions:
Division Miles
Fastern 750
Central 1,125
Western 450

The Eastern division has four topping places, the Central, five, and the Western, four, Mr. Dunphy said.
"Washington officials are well
pleased with the record," declared There's still a thrill or two left in burial ground. The windows of the the obstacles that the flyers must

zards and whatnot, the service is incomparable." "It has been a strictly business State historical society officers at Lincoln say that the cabin "discov-proposition with the men in the air Two cars belonging to Donald ered" by the two Omaha men is mail service," stated Mr. Dunphy. Blake and Ray Guttenfelder, and one mail service," stated Mr. Dunphy. "Their days of thrills are over They've gotten down to the realization that the carrying of mail for Uncle Sam is a duty.

Mail Service Indispensable. "Records of the air mail service have shown that it cannot be dis-

pensed with," Mr. Dunphy said. "In heavy snows, rains or blizzards, when mail trains are held up for "The effort surely should be made to prevent the cabin from being torn down," Mr. Sheldon declared. "It is mail service that plans for building mail service that plans for building hours at a time, the air mail flyers planes at mail stations are now being carried out. Omaha's first built mail plane made its maiden flight a week ago to Cheyenne. The air mail serv-

ice is doing more toward the progress of aviation in this country

than any other agency in the opinion of Mr. Dunphy.

Cumberland Boy Is Successful in Raising Hogs

Veteran Swine Breeders Attracted by Youth Who Made Profit on Hog Bought At Top of Sale.

Cumberland, Ia., Oct. 31.—(Special.)—Harley Hawell, 12, of Cumberland, is attracting the attention of veteran swine men of the community through his success in the hog business. Last spring he at-tended a sale of pure-bred duroes Chicago to Rock Springs, Wyo, covered the most mileage without a mishap and yet was only five-tenths per cent below the Eastern division and bought a sow for \$125. He made the other bidders gasp when he topped the sale with his bid.

A week later the sow farrowed a

littler of nine pigs. Recently the buyer sold seven of the litter for \$350, paying for the sow and making a clear profit of \$225. In addition he has the sow, two pigs from the original litter and nine from a more recent litter.

The money with which young Hawell bought the sow was made by selling popcorn and peanuts about

Automobile Thieves Steal

LIGGETT & MYERS TOBACCO CO.

M ANY of you do not know that this plant of the Overland Tire & Rubber Co., located at 30th and Taylor streets, has been operating day and night manufacturing over 700 tires per day and employing more than 140 men. Notwithstanding the fact that the tire business was affected during the general business depression, this plant has never closed down since its opening, January 1, 1920.

The degree and character of the foresight displayed in our business dealings is responsible for the phenomenal growth of our business. Our production has steadily increased, and at this time Overland tires are being distributed and sold in San Francisco, Cal., Atlanta, Ga., Chicago, Ill., Minneapolis, Minn., and throughout the nearby states as well as other points.

Our factory is equipped with the very latest machinery and labor saving devices, which insures a uniform tire construction. The building and operation of this splendid plant is a wonderful example of that altogether necessary element of modern business-foresight.

Why you can buy

HEINZ 57

at new low prices

When war increased costs all along the line we made the "57 Varieties" for current needs only-the grocer's and yours.

Now that costs are reduced we are able to put new prices into effect at once-no accumulation of high priced stocks to be sold first.

Our patrons get the benefit immediately. Grocers everywhere are pleased to list the "57" in the economic spirit of the times.

Nearly all grocers in Omaha are announcing the following prices on Heinz goods:

	SMALL	MEDIUM	LARGE
Oven Baked Beans	11 oz.—11c.	18 oz.—15c.	30 oz25c.
