Shortest Water Route Is Favored By Middle West

St. Lawrence Canal Advocated By Kansas Governor in Address to Engineers At New York.

Topeka after as rapid a trip as railroad service would permit, so that he might fulfill a promise which he had made to address engineers and he might fulfill a promise which he had made to address engineers and men of technical expertness and to tell them why he with so many others of the middle-west even as far west as Kansas, warmly favor the proposed construction of a true ship canal from the castern end of Lake Erie to the St. Lawrence. Governor Miller of New York was asked to Miller of New York was asked to take part in this meeting but he courteously declined the invitation.

am no funquestioned courage, fearing no adversary, it is probably this suspicion did him injustice.

Swarz & Co. 1240

Coveraor Miller opposes any appropriation by the federal government for the purpose of acting jointly with Cahnal of the purpose of the purpose of a control of the purpose of a line the middle west was the first of the purpose of all in the middle west was the first of the purpose of a line the middle west was the state of the purpose of a line the middle west was the state of the purpose of a line the middle west was the state of any one class to make a single of the purpose of the

Market, Financial and Industrial News of the Day

Live Stock

Gov. H. J. Allen of Kansas arrived at the Union stock yards. Omaha. Neb., a few days ago in New York from 18, 1921.

Topeka after as capid at 10 miles at 3 p. m. November 18, 1921.

St P. Ry. 6 DISPOSITION-HEAD

take part in this meeting but he courteously declined the invitation. having what some of the engineers thought a convenient engagement clsewhere. As Governor Miller is a man of inquestioned courage, learing no adversary, it is probably that this suspicion did him injustice.

Covernor Miller opposes any appropriation by the federal government for the purpose of acting jointly with Canada to the oad that this proposed canal can be built. Governor Allen and other governors of the middlewest favor any reasonable appropriation by means of which it would be possible to ship grain and other freight from Chicago, Milwaukee or either harbors upon the Great Lakes directly to Europe.

Want Shortest Water Boute,

In fact Governor Allen stated that it is the hope of all in the middle west whose

2.632 needed by farmers to hold their corn off the market led to general buying and a sharp advance. Wheat closed 276@3c, corn 156c, oats 36c and rye 314@41/2c higher.

Early news developments were rather bearish, but the undertone was firm and at no time were prices more than fractionally under close of the previous day. On the dips there was free buying by strong commission houses and around \$1.10 for May on the way up, houses with eastern connections took the buying side. Many of the pit element were bullish and bought freely early, on reports of a plague of locusts in the province of Santa Fe, Argentina, a break of 21/2@3c the previous day and 11/2 today on Buenos Aires be-

lower, had no effect. Local receipts, 25 cars, mainly direct to shipping houses.

Sentiment Bearish.

Sentiment was generally bullish, as there has been considerable shipping business turned down in the past few days on account of inability to secure the grain from the country. At no time were offerings large and futures closed within a fraction of the top.

New Orleans and outside markets continue to outbid Chicago for cash corn in Illinois, and while there was no export business reported by local handlers, the seaboard claimed 200,000 bushels or more had been placed abroad, despite early cables showing bids as much as 3c out of line. Charters were for 280,000 bushels at 2½c to Buffalo.

The basis in the sample market was ½c higher, compared with December; 211,000 bushels and receipts 31 cars. Wet weather tends to hold down the interior movement, as country roads are in bad shape.

There was some buying of May oats credited to long local traders who have been talking builish for some time past. Heavyweight srain in the sample values soid readily at full prices, as compared with the December. Receipts, 32 cars, with 50,000 bushels sold to go to store. Rye led the advance in all grains, the market showing the effect of the recent heavy buying by houses with scaboard connections. Offorings were not large and No. 2 on track sold at 1½c over December. Export business was confirmed. Receipts, eight cars.

The New Hork Times.

BY ALEXANDER DANA NOYES. New York, Nov. 18 .- A somewhat onfused stock market, a recovery in wheat and cotton which seemed to speculators' mood, and a foreign exchange market which moved very little (though sterling got back again to the \$4 level) made up today's The day's stock advances were con-

siderably larger in scope than the de-clines; some industrial shares rose 3 to 5 points. But the rise was affected and distributed in such a way as to make it hard to ascribe the movement to any important general

Perhaps the most striking fact was the completeness with which the conference at Washington disappeared from Wall streets' talk about financial influences. One reason for that may have been the passage of the disarmament discussion from the field of general principles to that of details.

Resumption of dividends by the Chesapeaske and Ohio railway not being unexpected, had practically no influence on the railway shares, but nevertheless, it is the kind of news which would be heard in many other directions if the railway working economies were to be supplemented by recovery in general trade.

In the market for railway bonds some rather noteworthy advances occurred today, and the general trend of oath prices was upward. An advance of call money raies to 5½ per cent, the highest since Monday, received more attention than it deserved. A considerably more important change, the reduction of ½ of 1 per cent in rotes for loans running to next spring, passed without notice.

New York Sugar.

New York Sugar.

New York, Nov. 18.—The raw sugar market was unchanged as far as Cuban varieties were concerned, with the committee reporting sales of 10,600 bags of Cubas for prompt shipment at 2½ cents, cost and freight, equal to 4.11e for centrifugal. Duty free sugars, however, are available at 4.00c for centrifugal without finding buyers.

The casier feeling in the spot market led to increased selling pressure in raw sugar futures and closing prices were four to six points net lower for active positions. December closed at 2.33e; March, 2.23e; May, 2.33c, and July, 2.42e.

New York Cotton. New York, Nov. 18.—Hetter demand for cotton futures in today's late trading cancelled early losses of about \$\frac{1}{2}\$ of a cent a pound from last night's close and prices advanced 11 to 21 points over the preceding final prices, but professional realizing at the close left the market thres points lower on May and two to 12 net higher on other options. Business was duil during the early session and after a fairly aready opening, prices so-sed off. Most of the pressure on the market represented liquidation of long accounts, but there was moderate southern and Liverpool selling as well.

New York, Nov. 18.—Liberty bonds at noon: 3½s, 95.30; first 4s, 94.50 bid; second 4s, 94.50 bid; first 4½s, 94.50; second 4½s, 94.50; third 4½s, 95.50; fourth 4½s, 94.34; Victory 3½s, 99.76; Victory 4½s, 99.80.

New York, Nov. 18.—Liberty bonds closed: 3½s, 95.10; first 4s, 94.72; second 4½s, 94.50 bid; first 4½s, 94.84; second 4½s, 94.60 bid; first 4½s, 94.84; second 4½s, 94.64; third 4½s, 96.26; fourth 4½s, 94.76; Victory 3½s, 39.86; Victory 4½s, 99.90.
