

Plan to Increase Inheritance Tax Rate Is Defeated

Amendment Included in Compromise Program of Agricultural "Bloc" Killed in Conference.

Washington, Nov. 19.—The senate amendment proposing to increase the maximum inheritance tax rate from the present 25 per cent on estates valued at \$10,000,000 or more to 50 per cent on those of \$100,000,000 or more, was knocked out of the tax revision bill yesterday by a compromise conference. This amendment formed a part of the compromise revision program brought forward by the senate agricultural "bloc" and agreed to by republican leaders.

This was the only one of the remaining "high spots" in the bill on which the conferees came to an agreement today, but the house managers, in conformity with instructions issued yesterday by the senate, accepted the senate income surtax maximum rate of 50 per cent. At the White House yesterday it was said President Harding was frankly disappointed by the house action on the surtax amendment, and this disappointment was reflected in other administration and some congressional circles.

Accept Senate Plan. The house managers accepted the senate plan for taxing insurance companies. This plan provides that life insurance companies shall pay an income tax on investment income at the rate yet to be fixed for corporations. Mutual insurance companies other than life, will be taxed at the same rate on their net income as computed under existing law, while all other insurance companies will pay the corporation tax rate on their net income as shown in statements required to be furnished to state tax commissioners. Other agreements reached by the conferees included these:

Struck out of the La Follette amendment requiring taxpayers, in making their returns, to list the tax-free securities held by them.

Adopted a compromise amendment exempting from taxation the first \$300 of income received by individuals from investments in building and loan associations, the exemption to run for five years from next January 1.

Accepted the senate amendment striking out an original house provision allowing corporations to deduct from their income gifts to charitable organizations, provided the total did not exceed 5 per cent of the net income of the contributing corporation.

Banks Allowed Deductions. Accepted senate amendments providing that where banks and corporations pay taxes for their stockholders, they may deduct the amount so paid in making their income tax returns. The stockholders for whom taxes were so paid would not be permitted, however, to make a similar deduction in making their returns.

Accepted a senate amendment exempting from taxation the rental value of dwellings furnished to a minister of the gospel as part of his compensation.

Accepted a senate amendment exempting receipts received by individuals from ship owners' mutual protection and indemnity associations, not organized for profit.

Chairman Penrose of the senate managers said the conferees expected to finish their work today but that the amended bill from the conference report probably could not be made ready for presentation to the house and senate before late Monday.

Final action on the report might be taken by Wednesday evening, Senator Penrose said, but he added that this now looked doubtful.

Omaha Woman Speeding to Sick Daughter in Brazil

A cablegram came late last night to Mrs. Nicholas Amos, 1741 Park avenue, telling her that her daughter Mrs. T. B. Gardner is seriously ill in Rio Janeiro, Brazil, South America. Early Saturday Mrs. Amos came to the clerk of the federal court and applied for passports. She immediately engaged passage on the steamer, Southern Cross, sailing from New York next Wednesday.

Last night she left Omaha on the 6,000 mile journey. The voyage takes about 15 days.

"My daughter has had a severe nervous breakdown. That is why I am hurrying to her side," said Mrs. Amos. "I have never been out of the United States before, but I am not afraid."

Funds Held by U. S. Ordered Returned to Live Stock Men

An order instructing R. C. Hoyt, clerk of the United States district court, to turn over to Francis Brogan, attorney for South Omaha live stock commission men, \$189,000 held by the government pending a decision from the circuit court of appeals in a rate case, was issued yesterday by Federal Judge J. W. Woodrough. But \$53,000 in actual cash of this amount was transferred yesterday, the remainder having been given back from time to time on bonds furnished by the commission men.

Omaha Dowager Who Scorns Limousines

"Do Patchwork," Says Omahan, 99, To Modern Girls

That's the Way She Earned Her "Cigarette Money" on the Side Some Eighty Years Ago.

Limousines and beauty parlors aren't necessary to long life, according to Mrs. Mary Hague, 2024 Vinton street, who will be 100 years old on Saturday.

If a woman wants to be young at 100 years, she should raise at least 11 children, do all her own housework, and at times do a little farm work to help out her husband, declares this very old lady.

Having done all these things herself, Mrs. Hague really should know.

Born in Pennsylvania. Mrs. Hague was born in Chester, Pa. She was still a young girl when her family moved to Brownsville, Ind. There she met the man of her choice. They were wed. A little later the young bride and her husband moved to Illinois, and in 1856 they moved to Missouri.

Besides raising children and helping with the farm work little Mrs. Hague found time to make quilts, thus accumulating what the modern flapper might call a "cigarette fund" on the side.

Of her 11 children, four boys and three girls are living. L. C. Hague, one of her sons, who has cared for her for many years, is still with her at the little home on Vinton street. He is a nimble young fellow of but 74 years. A daughter, Mrs. Celia Miller, also resides in Omaha.

Many Grandchildren. There are several great-grandchildren now, and almost too many grandchildren to count.

Although weak physically, Mrs. Hague is quite active mentally. Her favorite subject is patchwork quilts. She recommends quilt making to the modern debutante as a cheerful and worthwhile pastime.

Platte County Sells Bonds To U. S. Trust Co. of Omaha

Columbus, Neb., Nov. 19.—(Special).—The \$100,000 court house completion bonds, voted in October, were sold to the United States Trust company of Omaha at a premium of \$3,025. The job of decorating the interior of the new building has been let to B. Abel of Sioux City for \$4,000. Ten firms contesting for the marble work were disappointed when new bids were asked to get the kind of marble wanted.

Japanese Papers Inclined to Favor Ending Alliance

Tokio Publication Says Pact Has Outrun Objectives—General Guarantee of Friendship Urged.

Tokio, Nov. 19.—Some of the leading Japanese newspapers would not look with disfavor upon the cancellation of the Anglo-Japanese alliance, provided there are general assurances of a continuation of friendly relations, according to many editorials on the far eastern question. Comment on this phase of the Washington conference begins to overshadow discussion of the American proposal for the limitation of naval armament.

The Nichi Nichi Shimbun, in discussing the Anglo-Japanese alliance, declared it had outlived its objectives and that if anything could be said in favor of its further maintenance this should take the form of a general guarantee for the furtherance of Anglo-Japanese friendship. This end could be better attained, the newspaper said, by some other means, especially if the alliance appeared to be calculated to give America any anxiety.

Hitchcock Wants Change in Railroad Debt Measure

Washington, Nov. 19.—The \$500,000,000 railroad debt bill would be inoperative unless the railroads agree to carry out the Interstate Commerce commission order of October 21, reducing rates on grain and hay, under an amendment introduced today by Senator Hitchcock, demagogue, Nebraska, to the funding bill.

Now Up to China.

The Yomi-Urui Shimbun, in discussing the Shantung question, declared Japan had done everything possible and that the matter was left to the discretion of the spheres of influence heretofore established by some of the powers. This attitude, in the event of a settlement of the far eastern problem, could not be attended by much difficulty, as some critics feared, the newspaper declared.

Thirteen Rebels Slain In Clash With Troops

Mexicali, Lower Cal., Nov. 19.—Thirteen Mexican revolutionists were killed yesterday in battle and four more executed after a summary court-martial near Algodones, 20 miles west of Mexicali, capital of the northern district of Lower California, it was announced here last night by Gen. Abelardo Rodriguez, commander of federal troops here.

The clash was between federal troops under Colonel Armenta and a body of insurgents which called themselves the "Caudillos." The latter yesterday had reported was awaiting reinforcements.

The accretions, the cattlemen said, were expected to come from hands scattered by the federals in two clashes earlier this week. They said the insurgents informed them a move would be made against Mexicali as soon as the reinforcements had come in.

Four Radicals Ousted From National Grange

Portland, Ore., Nov. 19.—William Bouck of Sedro Wooley, Wash., former master of the Washington State Grange; C. R. Cottrell, J. C. Wrage and R. A. Briggs, all of Washington, were expelled from the National Grange at its convention here yesterday and forever barred from re-entering the order.

Bouck and his associates were accused of radical and disloyal actions. Bouck was tried before the National Grange at Boston last year and ordered reprimanded by the national master. At the Washington Grange meeting in Colville last July, Bouck delivered an address which resulted in his suspension from office. Bouck and his associates then organized another body which, they declared, was the State Grange, but were enjoined by court action from assuming any Grange functions.

The vote on expulsion, which was unanimous, was taken in executive session today and made public tonight, when parliamentary developments brought the subject to the fore unexpectedly.
