Daily Employment Line at Y. W. C. A.

This suggests a bread line, but it is not that. It is the employment line at the Y. W. C. A. Day after day it is made up of girls who are taking advantage of this free service, both to employer and employe. Mrs. James M. Patton is chairman and the members of her committee are Mrs. Dora Alexander-Tally, Miss Ione Duffy, Dr. Amelia Brandt, Miss Cecilia Jones, Mrs. W. H. Kearns and Mrs. N. P. Dodge, representing professional, business, mercantile and home interests; Mrs. Eva G. Guernsey is secretary and Miss Bea Swanson assistant secretary.

From January 1 to November 1 there were 4,638 calls from employeers, 4,302 from girls and women seeking work and 1,378 placements were made. Five hundred and forty-five of those were placed in business, 539 in homes and 294 are at other placements, such as institutional, sewing, restaurants, etc. Day women in cleaning and laundry work are not sent out from this office.

The greater part of the employeers' calls are from the home and the many applicants not placed are the business girls, and with the present

employment condition it is impossible to place many of them, according to Mrs. Guernsey. Girls and women come to the department from all walks in life, the professional woman with college degree, the business woman with years of valuable experience, the girl just out of high school, the girl who is tired of school and does not want to finish her course. The department never loses an opportunity to persuade a girl to go back to school by showing her how hard it is for her to fill any worth while place in the business world without a good background in her studies. The parents are most appreciative when this is accomplished. There is the careless girl coming to the department who needs much more done for her than just to get her a "job."

The human element enters strongly into the work; there are days that do not show many placements made, but the workers try to show a personal interest in the girls, who there meet other girls with whom fast friendships are often made. Many sad stories are heard. One who came to make a study of this department said after sitting in the office a few hours:

"This is certainly the tragic department." Employers are being found in both business and home life who are willing to take some of the girls who have made mistakes and who want to be given another chance. More employers are needed to stand ready to help in this way.

The "Busy Circle Club" is the name of the club that has been organized by girls from this department. These girls meet every Thursday night and any girl who wants friends and a good time is invited to join them.

There have been a number of

cases where girls have gone to homes claiming to be sent out by the department when they have never registered with the Y. W. C. A. No girl is sent out by the employment department without an introduction slip of which the duplicate is kept in the department and the appointment is first made by telephone. The employment department telephone call is Jackson 2639. Business men are asked by the secretary in charge to remember that the best girls in Omaha are registered and that they do not have to pay for their positions gained through the Y. W. C. A.
