

### Bee Shoe Fund Affords Chance To Give Thanks

#### Many Little Omahans Hungry And Cold Today—Children Contribute Thankgiving Present.

Do you know that there were helpless little ones in Omaha this Thanksgiving day who were not only hungry but had not even shoes to protect them from the cold? Perhaps, after your big dinner yesterday, as you sat, warm and comfortable at home, you will want to give thanks by sending a contribution to The Bee's fund which buys shoes for the poorest of the poor children—children for whom widowed mothers toil day and night in the struggle to get them even enough to eat.

"We are sending you a check we got from our Daddy for a Thankgiving present and we are sending it for the Shoe Fund," says a little note signed by Arne, Leo, Ingeborg Kristiansen, 4409 North Twenty-second street.

### Famous Tenor to Give Concert for Benefit Of Boys' Home Fund

Arrangements have been completed with Thomas Egan, famous Irish tenor, to give a concert at the Auditorium, December 16, for the benefit of Father Flanagan's Boys' Home fund.

Mr. Egan gave a volunteer concert Thanksgiving afternoon in the Auditorium of the state prison at Stillwater, Minn., before an audience of 1,000 prisoners. The program given was a duplicate of Egan's New York Carnegie Hall concert. He was assisted by Mrs. Lillian Breton. While in Portland, Ore., about three weeks ago Mr. Egan read of the campaign about to be conducted in Omaha to raise a fund of \$300,000 to build a home for Father Flanagan's boys. Having visited the home a year ago, and being familiar with the work carried on there, he wired Father Flanagan offering to give a concert to assist in raising the desired sum. It was impossible to secure the Auditorium for any evening during the intensive drive, so the date of December 16 was decided upon.

You would never guess that she suffered from chronic constipation—that she had disgusting pimples, bad breath, a torpid liver, sick headaches, and indigestion.

All that is a thing of the past now. She's as healthy as she looks. Her beauty is charming and it is largely due to a regular use of Dilaxin, the tablets which really relieve constipation. They are made from the same formula as the famous Dilaxin prescription, so you know that they are effective.

**Take Dilaxin FOR NATURAL ACTION**

### How Much Does Lubricating Oil Cost You Each Year?

Automotive engineers say that oil of the wrong body, failure to replace old oil with fresh oil and neglecting to keep oil up to the proper level cause fully 90 percent of all automobile engine repair bills. So the real cost of lubricating oil is determined by your repair bills.

Oil of the highest quality and correct body is the truest economy. It protects moving parts against wear and prevents bearings burning out. It keeps compression tight and assures maximum power and mileage from every gallon of fuel.

Polarine is the most perfect motor oil we know of. It maintains a protecting oil film in the closest fitting bearings and a fuel-tight and gas-tight oil seal between the piston rings and cylinder walls.

Polarine is made in four grades—light, medium heavy, heavy and extra heavy—but only one quality. Get the proper grade for your car next time by referring to Polarine chart at our Service Stations or dealers—and you will start cutting down motoring costs.
