#### Movie Stars in Frisco to Testify For Arbuckle

"Fatty's" Attorneys Hesitate To Put Him on Stand for Fear of Terrific Cross-Examination.

San Francisco, Nov. 26 .- The defense will close Monday in the man-slaughter trial of Roscoe C. (Fatty) Arbuckle, in connection with the death of Virginia Rappe, Gavin Mc-Nab, cchief defense counsel, an-

nounced in court today.

Harry B. Barker, rancher of the Stockton district and friend of Miss Rappe, took the stand at the open ing of court for the completion of

begun yesterday.

A delegation of witnesses from the Los Angeles motion picture col-ony headed by Alice Lake, screen star, was in San Francisco today in expectation of taking the stand to testify in Arbuckie's behalf.

Judge Harold Louderback's court room was packed yesterday wita persons who hoped to hear the defendant comedian testify and hundreds of others were turned away. Physicians Testify.

Medical experts gave evidence at yesterday's session tending to show that the injury which caused the death of Virginia Rappe, in connection with whose death Arbuckle is the state of the on trial, may have been induced oth-

erwise than by the defendant.
Attorneys for "Fatty" yesterday began his defense by calling Miss Irene Morgan, the lisping "nurth" who attended Virginia Rappe several months last year. The burden of her testimony was to the effect that she had repeatedly seen Miss Rappe intoxicated, and when she was in that state she would tear off her clothes. She specified one occasion when Miss Rappe ran into the street, entirely nude. She also would frequently double up in excruciating pain, cry-"My God! My God!"

Stricken From Record. The court ordered the "My God!"

stricken from the record.

Four physicians preceded Miss Morgan on the stand and testified bout the bladder and how it might ecome ruptured from various causes. Nat Schmulowitz, one of Arbuckle's lawyers, was forced to sit down and threatened with contempt of court for his persistence in asking hypoquestions tending to show that Miss Rappe might have met her death as the result of being plunged in a cold bath.

Dr. Rumwell, upon whom the defense leans heavily, testified that Miss Rappe told him the morning of September 6 that she had been vomiting all night; that she had been intoxicated and did not rememher what had happened. He says he saw no bruises on her body, al-though he admitted she was clothed in a night gown and he did not exmine her bare skin. He diagnosed

her case as alcoholism. Terrific Cross Exar Arbuckle to take the stand in his a concrete program. With differown behalf, it is doubtful if his attorneys will permit it, as he would be subjected to a terrific cross examination. It is understood that if he is permitted to testify, he will sygar that he never had improper relations with Miss Rappe and that he went into Room 1219 for the purpose of changing his clother to leave the system of the conference cannot yet be definitely assayed. the past upon China. To unshackle all at once would be a vast undertaking and the more the situation is studied the more delegates are convinced that it cannot be completely accomplished at this conference. For that reason the conviction is growing that many of the matters under discussion, must

of necessity be postponed.

It has been suggested that China encouraged by the action of this congress of the nations, the holding of another conference in Pekin in a year or two would do much and to enable the government to sta-bilize internal conditions. If, in the meantime, order should be restored in China there would be a better prospect of continuing the work of this conference by removing the last vestige of foreign interference.

If such a tragic necessity were to arise, no British government would shrink from the responsibility. But when that had been done, how much nearer would we be to the attainment of a contented Ireland?"
