

### 10 Players Killed During Foot Ball Season This Fall

1921 Gridiron Death Toll Shows Only One of Victims More Than 20 Years Old.

Chicago, Nov. 26.—(By The Associated Press.)—Foot ball claimed 10 victims during the 1921 season, which closed with Thanksgiving day games, according to reports to the Associated Press today.

The death list was three less than 1920, and three above the toll of two years ago. Ten lives were lost as the result of games in 1918, 12 in 1917, 13 in 1916 and 15 in 1915.

As in former years, the majority of youths killed were members of high school teams. The figures apparently uphold the contention of football experts that proper training and physical condition greatly minimize the danger of the game, for only one of the players killed was a member of a college eleven. One was a semi-professional player, one a member of a naval team and the remainder were high school or sand lot players.

With one exception, none of the victims was more than 20 years old. The list of deaths follows:

Floyd Watt, Villisca, Ia., captain of high school team, dropped unconscious, dying later, November 14.

William Pritchard, Elizabeth City, N. C., 16, died of injuries received in practice game September 20.

Donald Davis, Emporia, Kan., half-back with Kansas State Normal eleven; died November 21 of internal injuries received in game against Baldwin university.

Manroe Beatty, Bellevue, Pa., high school player, died November 17.

Carleton Manneback, Toledo, O., 17, instantly killed November 17, playing in amateur game; neck broken.

Harry Johnson, Evanston, Ill., 15-year-old high school player, died October 24, from concussion of brain; injured during practice game.

Francis Frick, Flint, Mich., 18, high school player, died October 19, kicked in abdomen during practice.

Frank Nadeau, Lowell, Mass., 23, died November 2, as a result of ruptured blood vessel at base of brain.

brain; was member of a naval team.

Mathew Karyachich, Benwood, W. Va., 20, died September 19, from injuries received in semi-professional game.

Edward H. Keck, Belleville, Ill., 20, was killed November 24; crushed in a mass play.

### Japanese Cabinet Favors 70 Per Cent Navy Strength Ratio

Tokyo, Nov. 26.—(By The Associated Press.)—A cabinet council held Thursday, according to the newspapers, resulted in a decision to instruct the Japanese delegates to the Washington conference to do their utmost to maintain a 70 per cent ratio with regard to naval armament.

It appears to have been the attitude of the ministers that less than a 70 per cent ratio would be insufficient for the national defense.

The Asahi Shimbun says it also was decided by the ministers to instruct the delegates to press the question of dismantling Pacific fortifications, alleging that these fortifications cannot be considered apart from the question of naval reduction.

### Chief of Artillery Under Sherman Dies

Los Angeles, Nov. 26.—General Edward Bouton, 87, chief of artillery under General Sherman in the civil war and said to have been often consulted as a strategist by both General Sherman and General Grant, died at his home here yesterday after an illness of two years. He is survived by a widow and a son, Edward Bouton, jr., both of Los Angeles.

General Bouton was born in Avoca, N. Y., April 12, 1834. He was in business when the civil war broke out, when he organized Bouton's battery of Chicago (Battery I, first regiment, Illinois light artillery).

Of this organization General Halleck was quoted as saying: "I've never seen a better battery in Europe or America; less than 1,000 men saved the day at Shiloh, most conspicuous among them being Bouton's battery."

### Hotel for Automobiles Latest Motor Accessory

Denver, Nov. 26.—The "motor hotel" is a possibility of the near future according to Leonidas L. Moe of this city, inventor and patentee of the latest automobile "accessory."

The "motor hotel" is a spacious fireproof building, so constructed that any car owner may drive his car on its own power, without a moment's delay, into the building and by a partly circular driveway, from floor to floor, into a space or room.

The automobile will thus be protected from weather conditions, thieves and accident and will be off the congested city streets.

### Packing House Employees To Protest Wage Reduction

East St. Louis, Nov. 26.—A protest meeting regarding the wage cut of packing house employees will be held here today, it was announced last night by Earl W. Jimerson, district vice president of the Amalgamated Meat Cutters and Butcher Workers Union of North America, who returned here yesterday from Chicago, where he attended an executive meeting of the packing house unions.

### No Burch Trial Saturday

Los Angeles, Nov. 26.—There was no session today of the trial of Arthur C. Burch, charged with the murder of J. Belton Kennedy, adjournment until Monday having been taken yesterday. It was expected the jury would not be completed before Tuesday.

### Goes to Pacific Isle To Help Uncivilized

Emily McCoy, daughter of a Pacific island chieftain, has waited 10 years in America for a ship to her island home in the Pacific. She has turned down marriage offers from adventurers and millionaire ranch owners, only to return to her island home to live among the uncivilized and help them become civilized.

### India's Splendor On Parade for Prince of Wales

Baroda, India, Nov. 26.—(By The Associated Press.)—The prince of Wales is experiencing his first taste of the opulence and splendor of Indian princes as the guest of the gawkward Baroda, one of the most powerful native rulers, whose resources are said to be almost unathomable and whose yearly income is placed at many millions of dollars.

Americans will recall the gawkward son, Prince Jasingh, who was educated at Harvard and whose allowance was so great as to make him a Croesus among his less fortunate comrades.

The prince's train drew up at the station yesterday amid the thunder of cannon, and awaiting him was the gawkward himself, with his retinue. From there the young prince was driven in a barouché, scintillating with gold and jewels through the elaborately decorated streets in which were cheering thousands.

At one point were arranged the battery of famous gold and silver guns with silver carriages and richly caparisoned horses, together with six colossal elephants bearing silver and gilded thrones, each one of which represented a fortune.

The procession was followed by the durbar (as the official reception is called), which took place in Durbar hall, with its carpeted gold and walls of marble and teak.

Everywhere were gorgeously attired dignitaries who participated in state ceremonies reserved for British royalty.

During the afternoon there was a garden party in the spacious grounds of the palace, where Indian musicians, acrobats and dancers entertained. The prince also was shown the crown jewels and saw displayed the glittering mass of gems of inestimable value.

Last night the city was illuminated on the same scale of lavish magnificence. For hours the capital was ablaze of colored fires, with the city's multitudes wandering in the midst of glowing colonnades, minarets and pylons.

### Two Men Plead Guilty To Sabotage on Ship

San Francisco, Nov. 26.—Joseph Wing and Joaquin Barraschino, former engine-room employees of the liner Creole State, awaiting trial on a charge of committing sabotage by putting water and emery dust in the ship's oil cups on a trip to Manila last summer, came into federal court voluntarily yesterday and offered pleas of guilty. That of Barraschino, however, was not accepted, as questioning in Spanish revealed that he denied any guilt.

Wing said he committed the offense under orders from William Dunlesly, an assistant engineer who is also awaiting trial on the same charge. The case was continued.

The men were arrested at Honolulu. Dunlesly is out on bail. The others have been in jail.

### Davenport, Ia., Youth Believed Suicide in Utah

Ogden, Utah, Nov. 26.—Police and sheriff's deputies were searching in the river here today for the body of Will M. Titcomb, son of Mr. and Mrs. E. N. Titcomb, 801 East Thirtieth street, Davenport, Ia. Following the receipt by Chief of Police Jones of a Bible and supposed suicide note.

The Bible and note were mailed to the chief by a tramp, who said he had found them on the bank of a river in Ogden, Tuesday.

Titcomb's note said, "Life was not worth living," and directed that his Bible and army discharge papers be sent to his father.

### Sentenced for Assault

Havana, Nov. 26.—Humbert and Acazino Sardo, brothers, were sentenced yesterday in Camaguey, to 60 days in prison, having been convicted of an assault made last August on Leroy Foster, an American army reserve major. Advice from Camaguey report that a popular manifestation against the verdict is being prepared.

### Prosecution Closes Case Against Landru

Versailles, Nov. 26.—The prosecution yesterday concluded its case against Henri Landru and the defense began bringing forward witnesses in an attempt to disprove the contention of the state that the "Blue Beard of Gambais" is guilty of the commission of 11 murders and the cremation of the bodies of his victims.

The last state witness was Dr. Dr. Sauvez, a prominent dentist, who offered expert testimony that 29 of 47 teeth, alleged to have been found among refuse at Landru's villa, were "indisputably human." He declared the teeth had been buried while still in the jaws and the skulls belonged to two bodies, one of which, without the slightest doubt, was a woman's.

Dependable maids can be found by using a Bee Want Ad.

public was freely admitted to the villa at Gambais, while the first search of the premises was going on, April 13, and until April 25, when the premises had been sealed after the second search.

public was freely admitted to the villa at Gambais, while the first search of the premises was going on, April 13, and until April 25, when the premises had been sealed after the second search.

Steamer Goes Aground. Astoria, Ore., Nov. 26.—The steamer Springfield went aground today near the north entrance to the Columbia river. A tug was reported standing by. Crews were dispatched from the coast guard stations at Point Adams and Cape Disappointment. A radio message "wrecked on bar," was received from the Springfield, which is a freighter of the Naws company line, owned by the North Atlantic Western Steamship company. The Springfield was proceeding to set when it met with the mishap.
