

**Salvation Army
Pair to Observe
Golden Wedding**

**Captain and "Mother" Dodds
Will Celebrate Fiftieth Anniversary of Marriage
Next Sunday.**

"Mother" Dodds, 71, for 20 years in charge of the Salvation Army free labor bureau in Omaha, and her husband, Captain Jonathan W. Dodds, who opened and maintained for 20 years the Workingmen's hotel for homeless workers, will observe their golden wedding anniversary at the family home, 2032 North Nineteenth street, next Sunday.

No celebration has been planned for the day because of the failing health of Mrs. Dodds. She is bent in years, yet still lives in content, and faith shines from her eyes, as she speaks modestly of the work accomplished for mankind in more than 40 years of service. All through these years her husband has been a cheerful worker at her side.

Six children were born to Mother Dodds, and but one is still living. He is Henry Dodds, 38, who lives on a farm in South Dakota.

Twenty-three years ago Captain and Mrs. Dodds arrived in Omaha and opened the Workingmen's shelter at 418 South Thirteenth street. For 20 years at this "house of hope," Captain Dodds and his wife aided the poor, comforted those in distress and sheltered the homeless.

Both were born in England. They were married in Middleboro, Yorkshire, 50 years ago next Sunday. Eight years later they came to America.

Captain and Mother Dodds are now pensioned officers of the Salvation Army.

**Three Fremont Banks
Defrauded of \$270 By
Put and Take Game**

Fremont, Neb., Nov. 29. — Three Fremont banks fell victims to the "put and take" swindle game for a loss of \$270 in an identical scheme that flooded the Columbus banks last week and banks in three Missouri cities.

One man and two women, believed to be members of a gang of check artists working in conjunction throughout the country, made the haul at the Fremont State, Fremont National and Commercial National. Their first appearance failed to arouse suspicion when each of the trio started accounts at the respective banks, depositing \$10 and receiving pass books in exchange. Shortly afterward the swindlers approached the receiving teller's cage with forged checks for \$100 to be placed on deposit. The checks were written on banks out of the state.

Two days later, on the same day that the Columbus banks handed over \$540, the trio working Fremont cashed checks for \$100, realizing profit of \$84 from each bank. When an attempt was made to check up the accounts the loss was discovered but the smooth trio had disappeared.

Graves, commander of the American forces in Siberia during the war, was chosen commander-in-chief, with Rear Admiral A. N. Knight, chief of staff, and Captain Cody Marsh of Washington, adjutant. Telegrams of greeting were received from President Harding's secretary and General Pershing.

**Jury to Hear Burch
Trial Is Completed**

Los Angeles, Nov. 29.—The jury for the trial of Arthur C. Burch for the alleged murder of J. Belton Kennedy was completed here today in Judge Sidney N. Reave's court and adjournment was taken until tomorrow when District Attorney Thomas Lee Woolwine will outline his case and begin the presentation of testimony.

The jury is composed of 10 women and two men. A thirteenth alternate juror, a woman, was sworn to hear the evidence and take the place of any one of the regular juror who may become incapacitated.

According to attorneys, taking of testimony will take from two to three weeks. Paul W. Look Into the Toe
DOWN in the toe of every Christmas stocking, waiting to pop out with the ruddy red apple and the odd shaped bundle (which one always finds in the toe of any Christmas stocking, you know) is a song. It is the song that Tiny Tim heard—the song you will hear, too, if you put the inner ears of your heart in tune. It is the song little children sing as their hearts warm to the glow of the Christmas spirit. The song that wells through the heart of the business man as the light of the days of Love and Life breaks over his perplexities and his cares. Someone said that the world would be a merry one if all the cheer and love and courtesy displayed during the Christmas season was spread out over all the year. Why not "spread" it? All we need do is to open our hearts every day of the year to the song of Tiny Tim, "God Bless us every one," and to put the thought into everyday action. Above it all it is the song to which the leaders of nations are listening in these days of hope. It is the Christmas song—its message is "Peace on Earth, Good Will Toward Men." All the year it hums its rhythm into the warp and woof of living—but at Christmas time it exultantly flings its melody broadcast into the world. So, hidden away in the toe of your Christmas stocking there is this song. So, hold it fast—this lovely, beautiful, livable Christmas Song!
