Dated January 1, 1922

Due January 1, 1937

Redeemable on any interest date on 60 days' notice at 110 to and including January 1, 1927, and thereafter at a premium of 1 per cent for each year of unexpired life. Coupon bonds in denominations of \$100, \$500 and \$1,000.

PROPERTY: The West Missouri Power Company owns a modern steam generating plant located at Pleasant Hill, Missouri, with a present installed capacity of 2.250 kilowatts, from which radiates a system of high voltage transmission lines totaling 264 miles of line. The property is modern; well designed and sub-stantially constructed.

TERRITORY: The company serves, without competition, thirty cities and towns with a total estimated population of approximately 22,000 in the territory lying southeast of Kansas City. Some of the principal communities are: Lee's Summit, Pleasant Hill, Holden, Buckner, Drexel, Windsor, Odessa, Harrisonville and Adrian. In this territory there exists an opportunity for large expansion of

MORTGAGE: The bonds will be secured, in the opinion of counsel, by a first mortgage on all the property of the company, now owned, or hereafter acquired. The total authorized issue is \$750,000, of which \$425,000 are to be presently issued and the balance are held in escrow to be issued for extensions and additions under the conservative restrictions of

SINKING FUND: The Trust Deed provides for a Sinking Fund of 1½ per cent per annum from 1923 to 1926; 2 per cent from 1927 to 1931, and 3 per cent from 1932 to 1936. This fund is to be applied to the acquisition of bonds or, with the consent of the Trustee, may be invested in additions to property under the same conditions which govern the issuance

EARNINGS: Messrs. Arthur Young and Company report net earnings for the year ended August 31st, 1921, of \$74,559.06, which is in excess of double the annual interest on the \$425,000 of bonds.

Public Grain Storage

for Grain Dealers and Producers

OUR Omaha and Council Bluffs terminal elevators are open to the public for storing of all kinds of grain. In case the producer is properly equipped it, of course, is cheaper to keep the grain in storage right on the farms. However, anyone wishing to store grain who is not equipped to hold it on the farm can take advantage of terminal market storage.

> Storage charge in our elevators is \frac{1}{30} of 1 cent per bushel per day or 1 cent per bushel per month And This Charge Includes Cost of Insurance

You can make arrangements with To Producers: YOUR LOCAL DEALER to have your grain handled through him and stored with us on the above basis.
