

Detective and Real Estate Man Slain by Bandit

"Cop Fighter" Shoots to Death Victim in Holdup— Later Kills Police Officer.

New York, Jan. 6.—Within an hour after two negro holdup men had robbed a white rent collector of \$800 and killed his negro guard in Harlem last night, one police detective was killed and another was badly wounded by a negro who had arrested a suspect in another shooting case. Two negroes held up Jacob Belkin, a real estate operator, and Charles Johnson, a negro janitor, who accompanied Belkin, shooting and killing Johnson when he refused to obey an order to "hold up your hands and hand over your cash."

Slayer Escapes.

The police believe that the man who shot the detectives was one of the two who held up the rent collector and killed his guard. One of the detectives has the name of the man who had shot him and his partner, and in the apartment of a female friend of this negro the police found another negro whom the rent collector identified as one of the men who held him up. The negro who killed the police detective escaped.

Father of Nine Children.

The policeman he killed was Detective William A. Miller, 46, of Brooklyn, married and the father of nine children. His companion, who was wounded, was Detective Francis J. Buckley, 35, married, with five children. Buckley has been a policeman 13 years—the last 10 in Harlem. They worked together and were hated by the criminal element in the negro district of Harlem.

An attempt to kill Detective Miller was made six months ago, when he was investigating a murder in the negro district. Having questioned several persons in a tenement house on Lenox avenue, he was standing on the porch when a negro crept up behind him and struck him with a blackjack on the head. Miller was knocked unconscious and was taken to Harlem hospital.

General Alarm.

Buckley's wound, in the abdomen and ranging upward, was so grave that blood transfusion was resorted to almost immediately after he reached the hospital. Several policemen volunteered and successfully submitted to the operation, which was successful in that it gave Buckley strength to submit to prolonged probing for the bullet.

Man Slain, Wife Held.

Milwaukee, Wis., Jan. 6.—Mrs. Adolph Trepte was held by the police last night, following the finding of her husband's body in a chair in the living room of their home with a bullet hole in the chest and another in the head. Detectives said they were unable to find any trace of a gun in the house. Mrs. Trepte, outside of saying that the two were alone in the house, and that she heard no unusual sounds, refuses to talk. Mr. Trepte was president and treasurer of the Globe Iron and Wire works.

Peace Now Up to Business Men, Jap Premier Says

New York, Jan. 6.—Governments represented at the arms conference have done their part to bring about universal peace, and it now is up to business men to proceed with the development of intercourse along the lines of commerce. This was the theme of an address delivered here yesterday by Prince Tokugawa of the Japanese arms delegation.

World's Dairy Congress Is Postponed Until 1923

Washington, Jan. 6.—The World's Dairy congress, to have been held in the United States this year, has been postponed until 1923, it was made known yesterday by the World's Dairy Congress association. The postponement, it was explained, was determined upon because of the extension of plans for the scope of the meeting after adoption by congress of a resolution giving it official backing by authorizing President Harding to call the congress and invite foreign governments to take part.

Clerk Confesses to Rifling Packages in Express Car

Kansas City, Mo., Jan. 6.—L. H. Holland, clerk in charge of the express car of a Missouri Pacific train which was reported held up just outside of Kansas City the night of December 27, confessed last night, according to the police, that he had rifled the packages and fabricated the robbery story to conceal his theft.

Girl's Body Exhumed and Decapitated, Report

Winona, Minn., Jan. 6.—Opening of two graves in a cemetery here today has been decided upon by Winona police in an investigation of a report that the body of Miss Frances Bloch, buried five years ago, had been exhumed and decapitated in a superstitious belief that such action would end a series of deaths in a family.

Superstition said to be common among peasants in sections of Europe and which police say is reported to be associated with the present incident, is that in families where death claims several the spirit of the first to die is responsible for the death of the others. By cutting off the head of this body and placing it in another part of the casket, the superstition runs, the evil powers of the body are ended.

Burch in Suicide Attempt in Jail, Declares Officer

Tried to Jump From Rail 30 Feet Above Steel Floor When Stopped, Says Deputy Sheriff.

Los Angeles, Jan. 6.—When Arthur C. Burch was taken from his cell at the county jail today to go to the court room, where he is on trial charged with the murder of J. Belmont Kennedy, he either slipped or tried to jump through the railing around the jail corridor to the steel floor about 30 feet below.

A deputy sheriff was escorting Burch to the jail office to turn him over to the court room deputies. The officer says Burch deliberately tried to leap over the railing, but was prevented by a grip on his arm. Burch said he stumbled accidentally.

Numerous prisoners who saw the occurrence expressed the belief that Burch had tried to leap. A fall such as was narrowly escaped would probably result in serious injury or death, jailers said.

Pilots' Union Threatens New York Harbor Strike

New York, Jan. 6.—Demands that present wages remain in effect, coupled with threats of a harbor strike of serious proportions, were made on seven towing companies by the Masters, Mates and Pilots' association here today. The companies which had announced their intention to reduce wages of their crews were given until noon in which to accept or reject the ultimatum.

Soon after a meeting of the association adjourned last night it was announced that 300 men employed by three towing companies had called a strike effective at 6 o'clock this morning.

Man Tells Honolulu Police of Slaying Wife in New York

Honolulu, T. H., Jan. 6.—Frank H. Gatherell, 37, a clerk, surrendered to the police yesterday and confessed, according to police authorities, that he had murdered his wife in New York in July, 1919. Gatherell said, according to the police, that he returned to his home in Honolulu after several months and some weeks later shot his wife because of her alleged misconduct during his absence. He then fled to Baltimore and later came to Honolulu. Gatherell surrendered because he could not escape the brooding feeling that someone was following him, the police said.

Officers Held to Grand Jury on Charge of Killing Man

Austin, Tex., Jan. 6.—Basset Mills, federal prohibition enforcement agent and three other Austin officers, charged with murder in connection with the shooting, December 15, of Peeler Clayton, chauffeur, in an alley near the "Ku Klux Klan hall" here, waived examining trials yesterday and were bound over to the February grand jury.

Man Accused of Slaying Daughter to Get Freedom

Madison, Wis., Jan. 6.—Although Superior Judge Dane yesterday held sufficient evidence had been submitted to warrant a fourth degree manslaughter charge, Martin Lemberger, held in connection with the death of his 7-year-old daughter, Anne, the night of September 5, 1911, is expected to be freed Monday under the six-year statute of limitations.

Last Surviving Member of Crew of Merimac Dies

Shreveport, La., Jan. 6.—Benjamin Holsinger, 78, last surviving member of the crew of the Confederate iron clad Merimac, which fought the Monitor in the civil war, is dead.

She's as pretty as a picture

You would never guess that she suffered from chronic constipation—that she had disfiguring pimples, bad breath, rapid liver, sick headaches, and indigestion. All that is a thing of the past now. She's as healthy as she looks. Her beauty is charming and it is largely due to a regular use of Dillaxin, the tablets which really relieve constipation. They are made from the same formula as the famous Dillaxin prescription, so you know that they are effective.

Take Dillaxin FOR NATURAL ACTION

Sir Edgar Speyer Says He's Victim of Persecution

Declares Revocation of British Naturalization Is Based on Trivial Occurrences.

London, Jan. 6.—(By A. P.)—The British home secretary today issued, in the form of a government paper, the report on which Sir Edgar Speyer's naturalization was recently revoked.

New York, Jan. 6.—(By A. P.)—Sir Edgar Speyer, international financier and former privy councillor of Great Britain in a statement here concerning the report of the British naturalization committee, which recommended that his British citizenship be revoked because of charges of disloyalty during the war said today he proposed "in self defense to exhibit in their true light the origin, history and purpose of the proceedings against him."

"The decision of the committee," he said, "is based on three alleged grounds, equally tenuous and untenable." What the committee characterized as "trifling transactions in arbitrage and exchange with a reputable Amsterdam banking house, as though it were disloyal to deal with Holland during the war, as most British banking houses, including ours, were doing with the full knowledge of the government."

The second chief allegation, he pointed out, that of communicating with the enemy consisted solely of communicating with my sisters and their families in an entirely "innocent way." The third principal count, he said, was really that of "evading the censor with the full knowledge of the censor and insisting upon the right to do so in matters all of which were legitimate and innocent."

"The whole thing is neither more nor less than the culmination of years of political persecution."

Sir Edgar said that he and his family sailed for the United States in May, 1915, life for them in England having "become intolerable."

Receiver Appointed for Fairbury Banking Firm

Fairbury, Neb., Jan. 6.—(Special.)—Judge Colby has appointed A. H. Schueller receiver of the Goodrich Bros. Banking company of Fairbury. Small depositors will be cared for by other Fairbury banks as soon as the accounts can be certified.

Mr. Schueller was formerly cashier of the Citizens' State bank of Diller and also of the State bank of Dora. The state guarantee fund may be drawn upon for a small amount in closing affairs of the bank.

OMAHA WOMAN IS JUBILANT AT RECOVERY

Mrs. Glessman Gains Thirty Pounds and Is Able to Resume Housework.

"Well, I feel so well and strong I've let my hired girl go and am doing in all my own work now," said Mrs. Glessman, 118 Davenport street, Omaha, Neb.

"When I began taking Tablac I weighed only one hundred pounds and was almost a nervous and physical wreck. I am in splendid health now, weigh one hundred and thirty pounds and feel full of life and energy."

"I used to be bothered a good deal with headaches and even now I shudder when I think of them. At times I ached all over from head to foot with rheumatism. I had just about given up all hope, so I know how to appreciate the wonderful health I now enjoy."

Tablac is sold in Omaha by the Sherman & McConnell Drug Co. and by leading druggists everywhere.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good calomel does, but have no bad after effects. They do not injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. The best is to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dulness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers. Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister.

BETTER THAN A MUSTARD PLASTER
