

Lack of Funds May Cut Police Force by 20 Men

Six More Motorcycle Officers Held as Best Solution of "Pill-Boxes" Voted Down by Council.

If expenses of the police department are to be kept within the \$524,903 appropriation allowed for the year, it will be necessary to reduce the force by 20 men, according to the statement of Police Commissioner H. W. Dunn yesterday morning.

The present police force requires \$464,200 in salaries, leaving only approximately \$40,000 for other expenses. The police court is allotted \$8,866; the Women's Reformatory, \$6,995; and police surgeons and hospital care, \$5,000.

Total expense of the police department last year was \$495,000. Based on the present strength of the force and the recent raise in salaries, the payroll should be \$500,000 more than last year, according to the police commissioner.

The best possible solution for the motorcycle pill-boxes voted down by the council is to add six motorcycle officers, Dunn stated yesterday. These extra men will be taken from the other departments of the force, according to the commissioner.

The official remarked that there were not sufficient funds available last year to buy the required number of motorcycles.

Wife Interested Only in Purse, Hubby Says

Mrs. Edith Beller ignored her husband, Harry Beller, wounded overseas soldier, except as "to matters of her expense," according to the husband's petition for divorce, filed in district court Monday.

Beller says he was married to Edith in July, 1918, in Sioux City. His wife deserted him shortly after the ceremony, but returned and asked him to make a home for her in September, 1921, Beller alleges.

Mrs. Beller will not go out with her husband to shows, according to his husband, and as a result of her "cruelty" he is "sick and nervous." His only income is government compensation checks; he is attending the government vocational school here, he says. He asks an absolute divorce.

Motorist Surrenders in Coasting Accident

Ollie Pieri, 609 South Nineteenth street, surrendered to police yesterday and was charged with reckless driving in connection with injuries received by Irene Bogatz, 2524 South Twenty-fifth avenue.

The girl is in a hospital with a broken leg and body injuries as a result of being struck by an automobile while she was coasting near Twentieth and Center streets Saturday afternoon.

"I was afraid to remain on the scene of the accident because I thought the crowd that gathered might beat me up," was Pieri's explanation. "I ran into a telephone pole trying to avoid hitting the Bogatz girl. A girl who was in the car with me received a broken rib when I hit the pole, and I had to take her to a hospital, too."

Pieri refused to divulge the name of the girl he took to the hospital.

Doorman First 1922 Member of Samson; C. N. Dietz Second

The first 1922 member of Ak-Sar-Ben is Edward W. Palmer, who, during the summer shows at Ak-Sar-Ben Den, is one of the doormen. Mr. Palmer has been the first member of Samson's realm every year since the death of Mogy Bernstein three years ago.

C. N. Dietz, as for several years past, was the second Samson devotee to get his check to the Ak-Sar-Ben Gardner, Rome Miller, who for 20 years has had the distinction of being the third new member each year, repeated again this year.

Nine men have sent checks to pay their fare on the 1922 voyage of the Good Ship Ak-Ballots and requests for membership subscriptions were sent out today. The governors whose terms expire this year are Randall K. Brown, Gould Dietz and J. D. Foster.

Jeweler Tells Court About Buying Spurious Nuggets

Haines, a jeweler at 2238 Farnam street, knows that "all is not gold that glitters," but when Peter Ryan, 714 North Seventeenth street, offered to sell him five "gold nuggets," which he got in California for \$5, Haines bought them and thought he had a bargain.

He appeared against Ryan in central police court yesterday, and testified that the nuggets were not gold. Ryan was arrested Saturday, charged with vagrancy. He was sentenced to two days in jail yesterday.

Each of the nuggets is as big as a good-sized marble. If they were gold they would be worth \$20 each.

Hubby Pool Hall Loafers, Says Wife Seeking Divorce

"He was just a pool hall loafer, judge," said Madeline A. Crawford to District Judge Sears yesterday as she asked for a divorce from Archie B. Crawford, Twenty-fifth street and St. Marys avenue.

"I tried to reform him but I couldn't."

"You should never marry a pool hall loafer, for you never can reform them," mused the judge as he signed a divorce decree for her.

Family Friend Named in Petition for Divorce

Alleging cruelty, Mrs. Elizabeth Taylor started a divorce suit against Cyrus Taylor, superintendent of the Lee-Coit-Anderson Hardware company, yesterday. She named as co-respondent Miss Laura Goodnow, formerly employed in Taylor's store and friend of the family for more than 10 years.

Taylor started taking Miss Goodnow to and from work in his automobile in 1917, the wife charged in her petition. When the woman refused to accept \$600 on December 1 and leave the Taylor home, Taylor deserted his wife, the document charges. But in June the next spring, Mr. and Mrs. Taylor took a trip together to Tacoma, Wash. This did not bring reconciliation, however.

FOR A CONSTIPATED CHILD

A small dose of Dr. Caldwell's Syrup Pepsin will bring quick relief.

MOTHER, when one of the children is constipated are you going to give the first laxative within reach? It is dangerous to do so. Some have been known to rupture the intestines of little children. Don't be beguiled by the outside sugary appearance. Look into the formula. Calomel is seldom necessary; salts, minerals, coal tar, never!

Unlike these, Dr. Caldwell's Syrup Pepsin is admirable for children, as it is for grown people, too. Mothers have been giving it to children for 30 years. They know it does not grip, and is free from narcotics. The formula is on every package, and you can see it is vegetable, just a combination of Egyptian Senna and other laxative herbs with pepsin. Use it yourself and you will find it is not necessary to take it every day, nor to increase the dose, and that it is pleasant to the taste. Bottles can be had at drug stores, and the cost is only about a cent a dose. Have no hesitancy giving it to a baby in arms. It is absolutely safe.

Trial of Defunct Trust Firm Head Postponed Week

Attorney for Frank Knapp, Ex-President of Fremont Company, Not Ready to Present Case.

Fremont, Neb., Jan. 9.—(Special Telegram).—Trial of Frank B. Knapp, former head of the defunct Fidelity Trust company, charged with grand larceny and embezzlement of funds belonging to clients, was postponed until Monday, January 16, January term of Dodge county district court opened Monday morning, but the jurors were excused with the request for a continuance. Attorney E. E. Henricks, Wahoon, representing Knapp, asked for a postponement on the ground that he was not ready to present his case.

Knapp, who has been absent from Fremont since the trust company was placed in the hands of the receiver, arrived here Monday for the trial.

The case against Phil E. Monheit, alias Dr. Paul E. Martell, alleged oculist, also was continued for an indefinite period. Affidavits were submitted to the court asserting that Monheit is at his home in Toledo, O., threatened with pneumonia. He will be unable to stand trial for about three weeks, the affidavits say.

Monheit is said to have defrauded Mrs. Pauline Schwab, aged Hooper woman, out of \$3,000 by selling her a pair of fake eyeglasses. It is claimed that Monheit represented himself to be related to Governor McKelvie and other state officials. Mrs. Schwab states that Monheit told her the glasses contained particles of radium, which would cure eye afflictions from which she was suffering.

Man Wanted in Stock Deal 'May Come Back'

Lincoln, Jan. 9.—(Special).—Perry Anthony, Lincoln stock salesman, arrested on a charge of misrepresenting stock he sold to a Lincoln widow and who failed to make good his promise to Kansas City police to return to Lincoln without a guard, has written a letter to a Lincoln newspaper saying he would come back "some of these days."

Anthony, at the time of writing from a Chicago-Duluth train, didn't know that Lancaster county judges had called a grand jury to probe into the affairs of numerous alleged illegal stock selling schemes. He says in his letter:

"Why don't they go after the ones who got the money? Why don't they watch the 85 per cent the companies received for their stock instead of the agent who sold it and received 10 or 15 per cent?"

Third Party Kills N. P. League, Claim

Lincoln, Jan. 9.—(Special).—Action of Nonpartisan league leaders and others in forming a third political party in Nebraska has killed the Nonpartisan league in Nebraska, according to a statement at the state house today by Representative Harry Johnson of Holdrege, league member of the legislature.

"I don't believe you could go out now and get one farmer out of six who belonged to the Nonpartisan league to sign up for a new membership," Johnson said.

"What would be the use?" the leagueers are not interested in building up any party so as to put politicians in office.

"I am a republican myself and I don't see any reason for changing my affiliation."
