

Council Bluffs Society

SOME one once said that if it were not for Iowa, California could not claim such population, and there may be more truth than poetry in this statement.

Very soon the "Iowa Picnic" will be held in Los Angeles and then perhaps the census man can tell us a little about the number of inhabitants in sunny California.

Our February not long ago, at the annual picnic, 40,000 people from this state registered as their various counties, and spent the day looking up old friends with whom to visit.

From Council Bluffs every year so many citizens and a goodly number are now permanently residing there, so if each city sends as many in proportion to its size one can see that it would not be a difficult task to congregate many thousands from the Hawkeye state.

Early in the autumn Mrs. Andrew Jackson departed for there with her sister, Miss Mollie Rice, and they do not plan to return until spring.

Mr. and Mrs. Leonard Everett, who always spend their summers in Colorado and return to Council Bluffs in October, decided this year to continue westward, and are now delightfully located in Pasadena.

Since Mr. and Mrs. Roy Wilcox and children left here to locate in Monte Bello, Mr. and Mrs. Oscar Keeline, parents of Mrs. Wilcox, spend several months of the year with them, and Mr. and Mrs. C. D. Parmelee, who until recently lived here, now call Long Beach their home.

L. C. Emphie goes every year to the coast and this winter Mr. and Mrs. John I. Lutz are also there.

Mr. and Mrs. Harry Searle and daughter, Helen, are among the February travelers who will visit California, and Mr. J. W. Squire has been there since about Thanksgiving.

FASHIONS BLUE BOOK

by Lorraine Stone

New York.—(Special Correspondent.)—A soft chiffon turneth away wrath—also criticism. And there is certainly a great deal of this placating material being used nowadays for both afternoon and evening wear.

Many of the chiffon frocks are made up in the simple Viennese modes, which are dependent upon draping and line rather than trimming. But the most formal evening gowns of this fabric take to themselves much crystal bead and silver trimming—particularly if they be of the popular white chiffon.

For both afternoon and evening wear gray seems more secure than ever in the affections of the fashionable, and today we are showing in gray chiffon a delightfully simple little model with a blue satin corsage showing beneath the draped upper section and a wide girdle of silver tissue.

The same frock would be equally charming in gray tulle.

fully managed the Atlantic City Board Walk and the various style shows here, but the event this year promises to be much more elaborate and decidedly more festive than anything they have previously undertaken.

By popular vote from now until February 28, a king and queen will be chosen, and their coronation ceremonies will be part of the evening program. Until after this feature no one will appear without a mask.

Every one is to dress in costume and prizes will be awarded the two most artistic as well as the two most ridiculous.

Every Woman in Omaha Invited to the Second Annual "Better Kitchens Exhibit" —at— Orchard & Wilhelm Co.

Every Day This Week, Jan. 30 to Feb. 4 Open 11 a. m. to 6 p. m. and Evenings 7 to 9

Reasons for Seeing the Show:

In and around Omaha there are at least 100,000 kitchens, where the chief executive is a woman. It is easily possible to make each one of those kitchens more efficient, so that the work of that woman may be cut down all the way from 5% to 75%—and better results obtained.

The Better Kitchen Exhibit is an association of food and equipment concerns who believe that it is worth every woman's while to make a study of kitchen management, foods and equipment at least once every year, and in order that she may do this hundreds of things are brought together and forty demonstrators are on hand to help, all under one roof, for her convenience.

Women should bring their husbands who work in efficient offices so that they too may see the plans for "Better Kitchens."

- Do you realize that a great, silent revolution is always taking place in the preparation of food and in the means by which it can be handled in the kitchen?

MONTHS OF SUFFERING

How a Baltimore Girl Recovered Her Health

Baltimore, Maryland.—"For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for pains in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my girl friends are taking it now. You may use this letter to help other girls, as the letters in your book helped me."

—ROSE WADNER, 3013 Roseland Place, Baltimore, Md. That is the thought so often expressed in letters recommending the E. Pinkham's Vegetable Compound. These women know what they have suffered, they describe their symptoms and state how they were finally made well.
