

Bryan Brothers May Both Run for Seats in Senate

William Jennings Willing If Florida Democrats Demand—Charles W. Thinking Matter Over.

Miami, Fla., Feb. 15.—William Jennings Bryan, responding to many inquiries as to whether he would be a candidate for the democratic nomination for United States senator from Florida, today issued a statement in which he said:

"I have been actively engaged in politics for more than 30 years. With the exception of less than seven years my work has been done as a private citizen, and I prefer to continue to serve the public without the cares of office. If the democrats of Florida felt that as a senator I could render a service to the state and to the party in the nation sufficient to justify them in calling upon me to represent them at Washington, I would consider the matter from the standpoint of duty and in connection with other claims upon me, but I have not thought of entering into a contest for the office.

"I am looking forward to congenial association here with Florida democrats who have been my collaborators for a quarter of a century—I am sure that our relations will be pleasant so long as my plans do not conflict with the ambitions of others or with their personal preferences."

Charles W.'s Comment. Lincoln, Neb., Feb. 15.—(Special.)—"I'll let that sink into my bones a while," was the only comment offered by Charles W. Bryan today when told that certain newspapers were forecasting his candidacy for the democratic nomination for United States senator in Nebraska at the same time that his brother, William J. Bryan, seeks the senatorship from Florida.

Men close to Bryan characterized the story as "pure bunk." If Bryan runs for any office they expect it to be that of governor.

Fremont, Neb., Feb. 15.—(Special Telegram.)—Police broke up a wholesale robbery at the Doering Hardware company here when they scared away the invaders and prevented the loss of about \$1,500 merchandise which was deserted by the burglars in their flight. The night patrolmen discovered the burglars in the building when they heard the pounding at the combination of the safe. Police surrounded the building, but the thieves became alarmed and fled to the upper floors of the building, through which they had entered, and clambered to the scaffolding of a building under construction, three stories north. They escaped in the darkness.

Police found baskets and boxes filled with guns, ammunition, cutlery and other merchandise. The safe combination was badly battered. There was about \$200 in the safe. Ray Sanders, 19, and Ray Hill, 18, who claim Sioux City as their home, were taken off a Northwestern freight train at Arlington. Simultaneously, there was renewed talk about the state house favorable to the candidacy either of Earl M. Cline of Nebraska City or J. H. Kemp of Fullerton. Cline is a former commander of the American Legion in Nebraska and, before the war, was a candidate for state superintendent of public instruction.
