### Mansions to Disappear

Bureau of The Bee, Washington, April 1.

The oldest inhabitants are grievng just now over the fast disappearance of the historic old mansions, the Draper house on K street and the Corcoran house on H street. Corcoran house is probably the most famous in the social history of Washington next to the White House. As the home of the late William W. Corcoran it was a prominent gathering place for exclusive society-resident, official, diplo-matic. During the civil war it was leased to the French minister, M. de Montholon, while Mr. Corcoran was abroad. The ball given by the minister and his wife in honor of the commander-in-chief of the army, General Grant, in this spacious old house, with the splendid garden at the west side and behind it, in 1866, was recorded then as "the most mag-nificent hall that has ever taken place at the capital." Mr. Corcoran Meeting Postponed.

The meeting of Frances Willard W. C. T. U. scheduled for Wednesday afternoon, April 5, has been postponed until April 12 and will be held at the home of Mrs. T. G. Kerschner, 2805 Dodge street.

The city was crowded to capacity for the oc-casion, and the great church of St. Peters was packed from 10 in the morning until 4 in the afternoon with people who stood for the entire six hours to witness the coronation ceremonies. Many observers went at 6 in the morning to secure vantage points. Mr. Gamble saw it all, but Mrs. Gamble contented herself with watching the crowd from its outskirts. The spectacle, she said, was brilliant, not only with the cerebrilliant, not only with the ceremonial robes of the clergy, but the bright uniforms of the Italian regi-ments which were in attendance. The Swiss guards, long the official papal regiment, were lined up at the portals of the church, their magnificent headdresses shining in the sunlight.
