

Nebraska Spent \$7,529,384 on State Highways

Report of State Department Shows March Expenditures of \$216,584—Balance Is \$4,333,389.

Lincoln, April 29.—The 93 counties in Nebraska, together with funds supplied by the federal government, had spent \$7,529,384 for roads under the federal aid road act of 1916 up to April 1, 1922, according to a report made public by George E. Johnson, secretary of the state department of public works. A balance of \$4,333,389 is shown in the report.

The federal allotment for Nebraska was \$5,866,761, according to the report, to which was added by state appropriation for construction a total of \$5,996,012, bringing the total to be distributed to counties up to \$11,862,774.

Expenditures during March were listed at \$216,584, while the column carrying credits to that date showed \$5,533. Nearly \$7,400,000 was shown in the previously expended column.

The amount of money shown in the report as available for the different counties is in conformity with the state law of 1919, requiring the department to show all federal funds available for each county, plus an equal amount of state money. A part of this money has not yet been appropriated by the legislature, and will not be in the state treasury for expenditure until the taxes levied in 1923 are collected.

Figures on various counties were given as follows:

Youth With Morphine in Possession Taken Here

A bottle containing 56 grains of morphine, the cork sealed with a bogus internal revenue stamp, was found on a youth who was arrested Friday night by Federal Narcotic Agents Manning and Carroll at Twelfth and Harney streets. The youth, who gave his name as Floyd Carlson and his residence as 214 S. 14th, will have a hearing before United States Commissioner Roehler Monday afternoon. He is in the county jail, his bond fixed at \$2,000.

Another bottle, containing 25 grains of cocaine, also was found in his possession, the officers say. They had been trailing him for two weeks.

New Frat Chapter to Be Installed

Omaha State University Students to Join National Jewish Fraternity.

Alpha Theta chapter of Zeta Beta Tau, national university fraternity, will be installed at the University of Nebraska this afternoon by a ritual team from the University of Missouri with the aid of Omaha and Council Bluffs alumni.

Three Omaha and two Council Bluffs boys are among the nine that have been awarded Zeta Beta Tau. They will be initiated at the new chapter house immediately following the installation. Meyer Beber, Sam Gordon and Edwin Katske are the Omaha lads, while Abe Goldenberg and Millard Krause are from Council Bluffs.

Zeta Beta Tau is the oldest and largest Jewish fraternity in the world and has upon its roster the names of some of the most prominent Jews in the world. The first chapter was established at the New York City college in 1898. Today there are 31 chapters.

Congressman Julius Kahn is executive head of the national fraternity, while Louis Marshall and Sir Mortimer Davis of Canada are other noted Jews who are influential in Z. B. T. ranks.

Members of the new chapter originally belonged to the Belford club, a local club of Lincoln that petitioned Zeta Beta Tau.

Dr. Phil Wohlson, Sherman Lowenstein, Nathan E. Jacobs and Howard J. Green of Omaha and Herman Friedman of Council Bluffs will be among those that attend the installation this afternoon. A formal banquet at the Lincoln hotel will be held this evening.

Other members of the new chapter are Harry Diamond, Saul Arenson and Milton N. Rosenbaum of Lincoln and David Lever of Baldwin, Long Island, N. Y.

Additional stations will be opened as soon as the weather permits.

K. in Karl K. Kerl's Name Doesn't Stand for "Klux"

Karl K. Kerl is the name of a man summoned for federal grand jury duty here Monday.

The middle initial does not stand for "Klux," but the three initials together are so unusual that federal officials speculated on what it does stand for.

"I don't believe he has his initials on the side of his automobile, anyway," opined Federal Court Clerk Hoyt.
