REAL ESTATE WANTED.

Home Owners

This is a direct request for business.

Inn't it reasonable that we must have new lintings every day to maintain the largest home selling agency in this city?

Isn't it logical to reason with your-self that you would be best serving your own interests to list your property with this office?

We by no means pretend to do all the home selling in this town and neither do we pertend to sell every listing we secure, but our batting average is geng strong, and it is the average that counts.

Why not list your house with us?
There are seven of us, anyone will gladly come out and look your property

Country Home Sites

annua now interesting it would be to design and build a home of your own in the country on high, sightly ground with an east frontage, where you can see a bending river, two lakes, two cities, a suburban village, valleys, hills, woodland, farm land, automobiling on a new paved national highway and have city water, electric lights, free delivery of goods from stores, also ice and mail delivered at your door; yet be only six and one-half miles from the heart of a great throbbing city and away from noise and smoke where all is quiet and peaceful.

If you desire locations with these advantages, also an unrestricted view all directions, then see us for price, terms and location. Sunday call KE, 4289.
