

### Plan of \$532,500 to Build Roads in Alaska Approved

#### Total of 55 Miles of Highways to Be Constructed in Communities Adjacent to National Forest.

Omaha Bee Special Wire. Washington, June 11.—Expenditures totaling \$532,500 of national forest highway funds for the construction of 55.3 miles of roads in Alaska have just been approved by Secretary of Agriculture Wallace. The money was made available for roads of primary importance to communities within, adjoining, or adjacent to the national forests.

Of the nine projects approved all but two are in the first judicial district and in the Tongass national forest; the remaining two projects are located within the third judicial district and in the Chugach national forest.

One hundred and eighty-four thousand dollars will be expended in the construction of seven and one-half miles of highway between Ketchikan and Wards cove. Of this amount, \$35,000 will be appropriated by the territory. Three miles of road will be constructed between Petersburg and Scowbay at a cost of \$44,000; one-third of this expenditure will be borne by Alaska; eight and seven-tenths miles of the Salmon river project will cost \$111,000 of which \$26,000 will be allotted by the territory. A section of the Glacier highway between Auk bay and Eagle river, 17 miles in length, will cost \$230,000. Eleven miles will be constructed between the forest boundary and Kenai lake at a cost of \$157,000, of which \$11,000 will be allotted by the territory. Between Cordova and Byak lake, six miles will be constructed at an expenditure of \$122,600. A plank walk 12 feet wide between Yakutat and the Cannery will be built at a cost of \$10,000.

Completion of the road between Wrangell and the oil dock will cost \$8,000. This project was originally started by the territorial commission. Thirty thousand dollars will be expended in the construction of an approach to the dock on Salmon river. The dock itself will be constructed through funds secured from individuals.

### Loan to Germany Found Impossible

(Continued From Page One.) the time being they could not usefully continue their studies for the following reasons:

1. France is Germany's chief creditor. In any reparations problem its interests are the most important factor. The members of the committee had hoped that the chief benefit of any advice which they could have given would have been derived from France. They were all extremely anxious that no action of theirs should injure its interests. If, therefore, France does not desire any inquiry into the more general conditions necessary for the re-establishment of Germany's international credit, the committee does not feel justified in undertaking such an inquiry. They are confirmed in this view by the consideration that in the existing circumstances they could not have proceeded by the assistance of the French colleague.

2. The committee considers that a favorable atmosphere is essential to the successful flotation of the loan. It is known that the differences in view among the members of the commission as to the limits of the committee's mandate have, for the time being, created an atmosphere unfavorable to such an issue. The bankers on the committee cannot fail to take into account this fact, being aware that if they advise as to the conditions of the loan they incur a moral responsibility to do all in their power to make the loan successful.

For the above reasons the bankers decided that they must suspend their work for the present.

### Cabinet Will Discuss Negotiations for Loan

Berlin, June 11.—(By A. P.) News from Paris that the bankers' conference had adjourned indefinitely without arriving at concrete conclusions reached Berlin official quarters at a time President Ebert is in the Black forest and Foreign Minister Rathenau is paying a social visit to the government at Stuttgart.

When these social functions are disposed of early next week the cabinet will discuss the question growing out of the failure of Paris deliberations to produce tangible results in the shape of a foreign loan or credit to Germany.

With government and parliamentary leaders away a survey of the situation is dependent wholly upon the editorial views which appear to concur in the prediction that the government is about to face a critical period in consequence of the failure of the bankers to unite upon an immediate definite loan policy, upon which Germany based her hope of acceptance on May 29.

**Must Continue Installments.** The Vossische Zeitung says: "The immediate effects of this postponement on Germany will be to oblige her to continue her monthly installments of 50,000,000 gold on the reparations account, which inevitably will result in passivity so far as the balance sheet is concerned. It will also accomplish further disastrous depreciation of the mark, fresh inflation and disruption of the budgetary equilibrium."

Germany's acceptance of the reparations commission's demand was made contingent expressly upon foreign credit relief, and it is plain she is in a position only on this basis to keep her pledges.

### Daughter of Hughes Married at Capital

(Continued From Page One.) Dr. Abernathy, pastor of the Calvary Baptist church, of which Secretary and Mrs. Hughes are members.

**Crown of White Satin.** The bride's wedding gown was of white crepe-backed satin, embroidered in pearls, with lavin sleeves of silk net. It was shirred in soft folds on either side of a low waist line and fell in graceful, uneven hem line. The court train of satin was also embroidered with pearls of an over-drapery of net reaching from the shoulders. The long veil of net hung from a coronet of pearls.

The bride's attendants wore gowns of colored organdie. Miss Kitchin, the maid of honor, was in shell pink; Mrs. Charles Evans Hughes, jr., in lavender, and Mrs. Dunlap in coral color. The gowns were trimmed with narrow shirred ruffles of the organdie and the large picture hats were of the same material.

The bride's going-away gown was of blue and beige Canton crepe, the upper part of the gown and the sleeves being of the latter, with a blue cape of the crepe. Her hat was of soft beige straw, trimmed with flowers in a deeper tone.

Mrs. Hughes, mother of the bride, wore a gown of beige georgette and lace with a shaded lavender girle.

### Omaha Osteopath to Talk at Confab

#### Dr. C. B. Atzen Will Address National Convention at Los Angeles.

Dr. C. B. Atzen of Omaha, chairman of the national legislative osteopathic bureau, will speak on "Legislation" at the national osteopathic convention of the American Osteopathic association, which will be held in Los Angeles from July 3 to July 7.

Although this is officially a national convention, it is really an international session, as it is the governing body of the osteopathic profession of the entire world. About 2,000 osteopathic physicians, surgeons and specialists from the United States and Canada will attend, with a few from other countries.

Surgical operations will be performed throughout the week and clinics in the various specialties will be held daily.

There will be special luncheons of the Rotary, Kiwanis, Lions and Greek Letter fraternities and societies.

Eastern delegates will arrive in special trains and private car parties will take different scenic routes on the return trip home.

### Gage County G.O.P. Favors McMullen

#### Central Committee Meeting at Beatrice Urges Friends to Aid Home Candidate

Beatrice, Neb., June 11.—(Special Telegram.)—The Gage county republican central committee held a meeting here and selected delegates to the county convention, the date to be fixed later. Nearly every township in the county was represented.

The following recommendation was adopted as an endorsement of Adam McMullen of this city, candidate for governor.

"Representing the republican party of Gage county, we the members of the Gage county republican central committee, commend to the favorable considerations of all Nebraska republicans, the candidacy of our neighbor and friend, Hon. Adam McMullen, for governor. Mr. McMullen has lived among us from boyhood and we know him as a man of sterling character, high ability and unswerving purpose. As representative of this county in the state legislature he not only served his constituency well but learned thoroughly the needs of good government."

"We are confident in the belief that if elected, Governor McMullen will carry into effect those policies of efficiency, economy and simplicity which the people demand. He will see to it that every tax dollar expended for public service or utility must purchase 100 cents worth of value."

Mr. McMullen represents the highest type of public-spirited citizenship. His extensive farming connections give him an exceptional grasp of and a sympathetic attitude toward the agricultural problem, while at the same time he may be depended upon to exercise absolute fairness toward all interests.

"We bespeak for McMullen the support of all republicans in the approaching primaries, serenely confident that in him they will find a candidate who will not only lead the ticket to triumphant victory in the November election but will reflect credit upon his party by giving the state a high class business administration."

### Deputy City Clerk Sets Speed Record in Matrimonial Game

Omaha Bee Special Wire. New York, June 11.—Carrying 124 persons—62 couples—in 150 minutes, Deputy City Clerk James J. McCormick set a new knot-tying record. McCormick performed the three score and two ceremonies in two and a half hours between his appearance in the marriage chapel adjoining the marriage license bureau in the municipal building at 9:30 and noon.

He devoted, on the average, less than two and a half minutes to each couple, in this time having them ushered into the chapel, uniting them in wedlock and sending them on their way.

The United States senate is a hollow space entirely surrounded by cloak rooms full of senators.

### Government May Clamp Brakes on Foreign Loans

#### Officials Considering advisability of Insisting That Money Be Spent in United States.

Omaha Bee Special Wire. Washington, June 11.—The American money market may be closed to foreign governments engaged in floating loans in this country, particularly the governments in South America, unless they will agree to expenditure of the funds in the United States.

For more than a year foreign governments have come to this country with their bond issues and by paying highly attractive interest rates—most of them as high as 8 per cent—they have borrowed close to a billion dollars through international banking houses.

When this movement first began the administration took serious note of it. President Harding invited a leading group of bankers to dinner at the White House and insisted that no more loans be made until they had first been submitted to the government for scrutiny. The bankers readily agreed, realizing that the good offices of the government might have to be invoked if any foreign borrower defaulted on either interest or principal.

Since the White House conference all foreign loans have been examined in Washington before underwriting negotiations were consummated. The amount of money being borrowed in the United States for foreign account, however, has reached to enormous totals—a total that continues to swell with each passing week—that high officials of the government are considering the desirability of a restrictive clause in future contracts requiring that the funds raised be kept at home.

### German Products Main Subject in Tariff Debate

#### Democratic Opponents Renew Attacks on Measure—Stiff Duty on Razors Is Approved.

Washington, June 11.—Assertions that many of the rates proposed in the tariff bill would prohibit imports of affected commodities from every country except Germany were made and reiterated in the senate by democratic opponents of the measure during debate on duties on razors, gold and other articles. Rates on razors ranging up to an equivalent of approximately 400 per cent ad valorem, were approved.

Arguing that if the situation as to Germany was such as to warrant the tariff bill, Senator Jones, democrat, Newalling from a greatly depreciated currency could not be taken care of by general tariff rates. He added that many of the duties proposed by the finance committee majority would prove to be "an embargo against England and other countries."

Congress is following a will-o'-wisp when it passes a tariff bill, said he. As to razors, Senator McCumber, republican, North Dakota, in charge of the bill, said the rates should be high enough to shut out certain grades coming from Germany and used, he said, as premiums by many American stores. He asserted that these razors not only could not be used for shaving but would "not even cut a corn."

### Omaha Woman's Play May Be Acted

#### Orpheum Stock Company Offers to Stage Avery Abbott's Comedy.

There is a probability that the play which recently won the prize in the contest conducted by the Drama league will be produced by the Orpheum players. The author of the prize winning drama, Mrs. Avery Abbott, has received a telegram from the president of the league, Miss Kate A. McHugh, now in Sheridan, Wyo., asking if she would like to have the prize play put on by the Orpheum players.

Mrs. Abbott, upon authorizing the production affirmed that it would be a gratification to her to see her one-act stage story, "Mr. Enwright Entails," interpreted by a professional company giving such spirited performances as those of the organization at the Orpheum.

James J. Hayden, manager of the company, said yesterday: "Upon reading the manuscript of the prize play I was impressed, not merely by the dramatic situation effectively presented, but by the timeliness of the subject. The theme is one likely to have a strong popular appeal. It is a play we want to do, and announcement will shortly be made as to when we expect to make our production of the short comedy drama by Mrs. Abbott."

### Motorcycle Rally and Tour Planned

A motorcycle rally will be held next Saturday and Sunday, June 17 and 18, under the auspices of the Nebraska Motorcycle & Bicycle company, 624 South Sixteenth street. The rally will be held in connection with the National Gypsy tours being staged in all sections of the country.

The gypsy tours are the annual goodfellowship runs of the motorcycle enthusiasts. This year's tour will be to Ashland (Neb.), where a camp will be pitched Saturday evening after a radio concert and a wiener roast. Sunday morning there will be motorcycle races, athletic contests of various kinds, and swimming and fishing, followed by a big dinner at the Ashland hotel.

Riders from Lincoln, Seward and other points in the state will join the Omaha "gypsies." The afternoon will be spent at the state fish hatcheries near Gretna.

James V. Van Avery, who has conducted many motorcycle activities will be tourmaster in charge and will be assisted by Clyde Dingel. All motorcycle riders are invited to take part and are requested to get in touch with Mr. Van Avery at 624 South Sixteenth street. Entries for the tour close June 15.

### Mrs. Ruth Denies Divorce Rumors

#### Wife of King of Swat Says Reports of Separation Are "Lies."

Omaha Bee Special Wire. New York, June 11.—Mrs. Babe Ruth, wife of the king of swat, is keenly troubled by rumors that she intends to seek a divorce. Mrs. Ruth emphatically declared: "This is all nonsense about a divorce. Babe and I are perfectly happy. I believe all these rumors about us have been out of malice. I am proud of my husband. He is perfectly dandy to me. I have heard so many reports about us. Some gossips are saying that I am having my husband trailed by detectives. Others say that Babe is having me trailed by detectives."

"The whole thing is absurd. They are all lies," she said. Mrs. Ruth and the noted ball player recently underwent operations at St. Vincent's hospital. "Babe" had his tonsils removed and Mrs. Ruth underwent a major operation. Ruth recovered quickly, but Mrs. Ruth remained in the hospital several weeks.

During the brief separation of the couple, while Mrs. Ruth was in the hospital, the rumors concerning the Bambino and his wife began to circulate.

### Japan to Ratify Arms Treaties

#### Naval Limitation Treaty Regarded Most Important to Have Perference.

Washington, June 11.—Closely following the announcement that the British government would introduce in the house of lords next Wednesday a bill providing for the carrying out of the naval treaty negotiated at the Washington conference, came a statement from the Japanese embassy saying that there would be no delay on the part of the Japanese government in ratifying the Washington conference treaties.

The naval treaty which is regarded as of first importance to Japan will precede the others in consideration with the exception of the Shantung treaty, which already has been ratified. Japan and ratifications exchanged with China, the other signatory power.

The naval convention now is under study by a committee appointed for the purpose. This study will be finished by the end of the present month and the report of the committee will be taken under consideration at once by the privy council, it was said at the embassy.

As this body was kept well informed of the working of the Washington conference at every stage and gave its approval to the separate features of the treaties as they were negotiated, there is little doubt of the acceptance of the reports of the committee at its hands, in view of the fact that already, it is known, this report will be favorable to ratification.

The next step will be the submission of the naval treaty followed in quick order by the others of the Washington treaties, and the consent for his signature and it is said that these conditions can and will be met within a very few weeks.

### Woodhine (Ia.) Man Drowned Swimming in Elkhorn River

Valley, Neb., June 11.—(Special Telegram.)—A man identified as Raymond Smith, 32, of Woodbine, Ia., was drowned in the Elkhorn river a few miles north of here while swimming. The body was sent to Omaha to await disposition by relatives.

### Farm Bloc Will Oppose Harding on Reserve Board

#### Twenty-Five Senators Pledged to Oppose Confirmation of Governor—Hefun Leads Fight.

Washington, June 11.—(Special Telegram.)—The farm bloc in the senate, embracing 25 members, have agreed, at the solicitation of Senator Heflin of Alabama to fight vigorously the confirmation of W. P. G. Harding to succeed himself as head of the federal reserve board. President Harding has indicated his inclination to nominate Governor Harding to succeed himself, when his term expires August 1.

As soon as that fact became known the opposition to Governor Harding became very active and the farm bloc is on record to fight the nomination to the limit. Whether the bloc can corral enough votes to block the confirmation is a matter of speculation. At any rate they can hold up action for some time and delay important legislation.

Senator Heflin took occasion to score Governor Harding, charging he is the "subservient tool of Wall street." He declared a bitter fight will be staged in the senate when Harding's nomination comes to that body.

"Governor Harding is unfit for the post," Senator Heflin shouted. "He came from my own state and I know my man well. I will never assent to the submitting the greatest credit system in the world to the control of Governor Harding. If President Harding nominates him for another term, I will have some startling revelations to make, not in executive session, but on the floor of the senate. I believe the president has good reasons for not appointing him, but if he does, I will state these reasons in the senate."

It is understood that one of Senator Heflin's reasons for opposing Governor Harding on the board is because Harding refused to support him for senator in Alabama. Governor Harding is a democrat and so is Senator Heflin.

### Elks to Observe Flag Day June 14

#### Ceremonies Will Be Held in Evening at Site of Proposed New Home.

Omaha Elks will observe the annual commemoration of the birth of the American flag at 8 Wednesday evening, June 14, on the site of the proposed Elks' home at Eighteenth and Dodge streets. All patriotic organizations of the city are expected to take part in the services.

Special numbers will be furnished by the American Legion quartet. Historic patriotic airs of 1776, 1861, 1898 and 1917 will be given by the Mapes Drum corps and veterans of the three later wars.

The introductory exercises and the "Building of the Liberty Bell," a special number, will be given by officers of the lodge, Herbert S. Danaher, exalted ruler; John H. Killian, leading knight; Ray Short, key knight; Charles W. Taylor, lecturing knight; Otto Nielson, secretary; and Charles L. Saunders, treasurer. Selections by the Elks' band, under the direction of Henry G. Cox, will be a feature of the program.

The flag day committee is composed of Thomas B. Dysart, Mayor Dahlgren, Dr. E. C. Henry, William J. Keane, A. E. McLarnan, H. E. Stevens and J. B. Hummel.

### Vacation Bible School To Be Opened at Fairbury

Fairbury—A vacation Bible school will be opened Monday at the Presbyterian church with six teachers. Rev. A. P. Deane, pastor of the church, will be conductor, and his helpers are Mesdames Davies, Davison, Fish, Eva B. Shuman, Myrtle Leach, Jessie Koontz and J. M. Baker. This school is under the supervision of the Presbyterian people but all children from 6 years to 15 years are eligible. The term of instruction continues for five weeks.

### Grand Island Superintendent Retires After 40 Years

Grand Island—Superintendent of the Public Schools R. J. Barr was surprised by about 150 of the former members of the school board, teachers and friends, who summoned him to a banquet in his honor upon his retirement from the superintendency, after 40 years of service. Mr. Barr was presented with a Masonic ring. Mr. Barr's record is believed to be the record of the state from the standpoint of service in one single school position.

### Capper-Tincher Bill Is Ready for House

Washington, June 11.—(Special Telegram.)—The house agricultural committee has decided to report out the new Capper-Tincher bill, regulating grain exchanges, Monday or Tuesday of next week, with the further hope of having it passed by the house by Thursday. The members of the farm bloc hope to get the bill in such shape that if an opportunity permits, it may be rushed through the senate before adjournment.

Objection has been raised to the new bill on the part of state railway and warehouse commissions because of the control it gives of weighing stations and machinery to the secretary of agriculture, Thomas Benton, who represents the organized state railroad and warehouse commissions, appeared before the house committee against this feature of the bill, on the ground that it was another federal encroachment of state functions.

### Questionnaire Is Sent School Heads

#### Superintendents Are Asked to Give Ideas on Means of Economy.

One hundred and eight school superintendents of Nebraska were asked this question:

"If you were called upon to eliminate at least three things from your school system in the interest of rigid economy, what would those things be? Will you be kind enough to give your answers?"

The following was the result: Suggested Elimination in the Interest of Economy.

The above table summarizes the judgments of 108 successful school leaders in what in dire necessity should be eliminated first, second and third. Nebraska educational experts are very reluctant to trim the budget at the cost of injury to the schools, nevertheless are quick to lead in good thinking if the community insists on a lower budget. In such cases the school leaders are best qualified to advise where the cuts should come and do the least injury.

### Rawson to Support Brookhart in Iowa

Washington, June 11.—Senator Rawson, Iowa, chairman of the Iowa republican state committee, issued a statement promising to support Col. Smith Brookhart, who was the republican nomination for United States senator in the primary Monday.

"There is nothing to the story that it was a fight between the so-called machine or republican organization and the progressives. Factional lines were badly crossed, many oldtime progressives supporting the old line conditions and vice versa," says the statement.

Col. Brookhart and the entire state and congressional ticket who were selected in the primary will have the support of the state republican organization and will be re-elected this fall.
