

More or Less Local

F. L. Sumpter, law '99, is practicing law at Havelock.

W. C. Ramsey left Friday to visit his home in Plattsmouth, Neb.

Mr. F. M. Richard, '03, was on the campus yesterday.

Miss Abbie Bowen will spend Sunday at her home in Omaha.

Freshmen meet in the chapel Monday morning at 10 o'clock.

Fred Hawksby, '99, was in the city Wednesday. He visited the law department.

The Senior girls will meet with the cap and gown committee Monday at 10 a. m. in U. 106.

The Liederkranz will meet October 16 at 1 p. m. Place of meeting will be announced later.

Reno Osborn and Eva Casey went to Pawnee City Thursday to spend a few days with their parents.

Miss Barr, a student at the University last year, is ill with tonsillitis at her home in Lincoln.

Professor Barbour has greatly increased the number of new lantern slides to be used in geology 1.

Professor Clements did not meet his classes Friday. He is out of town and will not be back until Monday.

J. F. Brown, Ralph Christy and R. H. Thompson went to Omaha yesterday to take in the Ak-Sar-Ben parades.

Clyde Shorey, 2d lieutenant of Co. B, was called to his home in Seward yesterday by the death of a friend.

Bert Doane, '01, has returned to Northwestern University, to resume his medical studies, after a visit with his parents.

Dr. Pound will start a special class in insurance next week for the Senior laws who did not take the subject last year.

Professor Caldwell is revising the outlines in American history 3. Out of the fifty topics sixteen are now ready for the printer.

Jack Bert hones razors. By giving your razor to him in the evening you can get it the next morning honed in first-class condition.

Charles Guthman of Plattsmouth, is visiting G. F. Clark, '06, who is now working for the B. & M. in the master mechanic's office.

All dirty clothes left outside the lockers, in the men's locker room, will be burned. Everyone should be very careful to put their suits away.

The classes in American history are slightly smaller than those of last year. However, those of last year were considerably larger than ever before.

The enrollment in geology 1 is 180, and in the entire geological department 300, the largest enrollment that department has had for the first semester.

The opening reception to dental students will be given Thursday evening, October 15, at Dental Hall, Fifteenth and O streets. All students are invited.

W. H. Darrow and sister visited with Misses Eunice and Alice Davis Tuesday. Mr. Darrow was resident engineer at Plattsmouth during the construction of the new steel bridge across the Missouri. Miss Darrow has lately returned from Honolulu.

Among the students who took advantage of the low rates to Omaha to see the electrical parade Thursday night were: W. R. Calvert, Joe Grinnell, Charles Lieber, Eugene Delatour and John Davidson. Messrs. Lieber and Davidson will remain over Sunday.

Departmental.

Registration in first year domestic science class is still increasing.

Seven students are taking the course known as telephoning engineering.

Electric lights will be put in the law library as soon as the tables are in place.

Miss Philbrick reports that the class in domestic science is especially good this year.

A fine green house is being erected at the state farm. It is expected to be finished this fall.

Young's Manual of Astronomy has been adopted as textbook by the courses in astronomy.

The registration in the astronomy department is considerably below the average of former years.

There are twenty-one men in division 3 of shopwork. This is all that could be accommodated at once.

The second year class in domestic science began work last Friday. They are canning pears and plums.

The Canadian Entomologist prints an article on "Bombus" written by Mr. J. C. Crawford, Jr., and Myron Swenk.

The first year class in domestic science is studying the temperature of water. They will begin cooking soon.

There are about 2,000 small border-plants set out in the green house, which will be enough to put in beds next year.

The beginning German classes are below the average in attendance, while the higher ones are considerably in advance of the normal.

Professor Shedd, instructor in journalism, has assigned his class new runs. Re-assignment will be made at least every two weeks.

A valuable German work has been added to the library. "Kurschner's Deutscher Nationale Litteratur," is the work. It contains 250 volumes.

The German department will be interested in a "History of German Literature," by John G. Robertson, which has recently been added to the library.

The class in geology 1 will move into the chapel in about two weeks. Final arrangements have been made and the room will soon be properly fitted for the work.

The new lantern to be used in demonstration in geology 1 is the finest of its kind made. Dr. Barbour reports that it is the finest lantern that he has ever seen.

The forge shop has the valuable addition this year of an emery grinder. This was put in by the students, the making of the pattern, the lathe work and the moulding being all done by them.

Students in geology 1 have received numbers. The numbers are posted on the door of U. 107, and on the door of Nebraska Hall leading to the large laboratory. Students should learn their numbers at once.

Mr. E. G. Woodruff, a former assistant in the department of geology, who has had charge of the military school at Kearney for some time past, has returned to the University, and will accept a position as fellow in the geological department.
