

**Chose of Other Days**

**Alumni Club at Beatrice.**

A movement has been started at Beatrice for the organization of an alumni club, whose membership will include all the old University students now residing in that city. Of these, we understand, there are about sixty. The following article is an extract from the Beatrice Democrat, and quite fully explains the undertaking and the steps that are being taken in its interest:

"The meeting last night of all present and former students of the State University, which was held in the Beatrice club rooms, for the purpose of organizing a University club was quite largely attended. W. C. Dorsey was made temporary chairman and Miss Louisa Van Camp temporary secretary of the meeting.

Temporary organization was made permanent, after which those assembled were entertained by a few classical selections on the piano by M. S. Wolbach. A vote of thanks was promptly extended to Mr. Wolbach for the splendid music furnished the company.

R. S. Bibb, president of the Beatrice club, made a brief address in which he extended the courtesies of the club at any time to further the interests of the new organization, his remarks being followed by the appointment of a committee composed of W. C. Dorsey, Evan Sage and Edward Miller to draft constitution and by-laws and report at next meeting, which will be held on Thursday evening, October 22.

The meeting adjourned about 11 p. m., and there is but little doubt that a University club will be perfected in the city soon.

Those present were: Misses Nellie LaSelle, Flora Beaver, Emma and Mollie Neidhart, Maria Upson, Louise Van Camp, Hagy, Erford, Mrs. L. S. Sage, Mrs. Hall and Messrs. Ed Miller, Garrett, Evan Sage, Roy Baker, Debler, Eccles, Hall, W. C. Dorsey, S. D. Killen, R. S. Bibb, M. S. Wolbach, John and Luther Mumford.

Joel Stebbins, a former student of this University, who studied at Wisconsin, and who took his doctor's degree at California last year, has been appointed professor of astronomy in the University of Illinois.

A letter has been received from James Leiser, a Junior here last year, stating that he is attending Leland Stanford University at Palo Alto, Cal. He is much pleased with his school work there.

Mr. Frank Bruner, a fellow in the pedagogy and psychology departments last year, has been appointed assistant professor in Columbia University. He reports a fine equipment there and exceptional opportunities for advanced work.

Mr. Fred Kuhlmann, a fellow in the psychology department for two years, took his doctor's degree at Clark University last June and has been given a position there. President G. Stanley Hall, of that University, commends Mr. Kuhlmann's work very highly.

Mr. M. A. Hiltner, '98, who temporarily succeeded Mr. R. S. Hiltner last semester as instructor in the chemistry department, is now mill superintendent of Wasp No. 2, in the Yellow Creek district, near Lead, S. D. He is considered an expert chemist and has a bright future before him.

The following is an extract from a letter written by Otis G. Whipple, '99, who is now located at Wheaton, Wash.:

"The Nebraskan is a welcome visitor to me out here. So far as I know I am the only Nebraska University man in this place of 26,000 people. Last year I enjoyed the Alumni column especially and I hope the editors can continue it. It is there mostly an older fellow loves to look for familiar names."

Following is a list of North Platte alumni, and an account of where each is located and in what business engaged.
