- TAILORS—Unland, Bumstead, Lud-wig.

IN ATHLETICS

Report of Attempt to Get Game With Princeton Improbable.

In several of the newspaper articles have appeared stating that Coach Booth had gone east to try and secure a game for Nebraska with Princeton to be played in Chicago next fall.

The outcome of such an attempt is almost obvious. A team with the standing that Princeton has will hardly journey so far to play a game when she can have on her own grounds games with almost any college or university she chooses.

From a financial point of view the thing is hardly plausible. Should Princeton desire games for the purpose of making money she could do a great deal better by scheduling those game on her own grounds, and she would have no trouble in getting games which would yield all the income needed.

The only prospect which seems at all bright for securing such a game is that Princeton should desire to test her strength with that of some prominent western team. But were this so, she would probably be desirous of arranging that game on her own grounds and save her team the wear and team of a long trip.

Dr. Clapp received a letter from Colorado, in which that University desires to secure a track meet with Nebraska.

No definite offers were made, but some very promising suggestions were offered.

It may be that Nebraska will take advantage of this offer and the track meet be arranged with Colorado for next spring.

There will be a special meeting of the athletic board this morning at 10:30. It is not yet known whether the ballots for captain of the football team will be counted then or not. If they are not, then they will be at the regular meeting which is set for Monday evening at 7:30.

Dr. Clapp desires to meet the men who are to take part in the gymnasium contest this afternoon at 4 o'clock in the gymnasium.

There will be something doing in basket ball circles next Tuesday night in the gymnasium.

The Wesleyan first team will play our first team and the Wesleyan faculty team will play our faculty team.

These will be the first games of the season with the exception of the one last Wednesday night, and will be a good beginning for the season.

Our team is stronger than last year and plays a remarkably fast game for so early in the season. They will have good opponents, however, in the Wesleyan team, and the game will be no slow one.

The faculty team is captained by Dr. Condra and composed of men who for the most part are well acquainted with the game, and they will go into it like they used to when they played on their respective teams.

Let everyone come out and see these two games. They will be well worth the seeing.

Remember the time, Tuesday evening at 8 o'clock in the gymnasium.

Medical Library Moved.

The attention of faculty and students in the College of Medicine is hereby called to the fact that it has been found necessary to move the medical library from the room formerly occupied to one in the basement of the library building, which has previously been used for a faculty study room. This room is situated directly under the stairs going down from the first floor to the southeast corner of the building. I wish to take advantage of this opportunity for emphasizing the importance of the library and the desirability of medical students consulting it regularly to keep in touch with the better type of literature which is coming out in this field.
