ECONOMIC ESSAY PRIZES

Chicago Firm Offers Incentive For University Men

The registrar has received the following communication from Professor Lawrence Laughlin, of the University of Chicago:

In order to arouse an interest in the study of topics relating to commerce and industry, and to stimulate an examination of the value of college training for business men, a committee composed of Professor J. Lawrence Laughlin, University of Chicago, chairman; Professor J. B. Clark, Columbia University; Professor Henry C. Adams, University of Michigan; Horace White, Esq., New York City, and Hon. Carrol D. Wright, National Commissioner of Labor, have been enabled, through the generosity of the firm of Hart, Schaffner and Marx, of Chicago, to offer four prizes for the best studies on any one of the following subjects:

1. The causes and extent of the recent industrial progress of Germany.
2. To what is the recent growth of American competition in the markets of Europe to be attributed?
3. The influence of industrial combinations upon the condition of the American laborer.
4. The economic advantages and disadvantages of present colonial possessions to the mother country.
5. The causes of the panic of 1903.
6. What forms of education should be advised for the elevation of wage-earners from a lower to a higher industrial status in the United States?
7. What method of education is best suited for men entering upon trade and commerce?

A first prize of \$1,000 and a second prize of \$500 in cash, are offered for the best studies presented by Class A, composed exclusively of all persons who have received the bachelor's degree from an American college since 1893; and a first prize of \$300, and a second prize of \$150, in cash, are offered for the best studies presented by Class B, composed of persons who, at the time the papers were sent in, are undergraduates of any American college. No one in class A may compete in class B, but any one in class B may compete in class A. The committee reserves to itself the right to award the two prizes of \$1,000 and \$500 to undergraduates, if the merits of the papers demand it.

The ownership of the copyright of successful studies will rest in the donors, and it is expected that, without precluding the use of these papers as theses for higher degrees, they will cause them to be issued in some permanent form.

Competitors are advised that the studies should be thorough, expressed in good English, and not needlessly expanded. They should be inscribed with an assumed name, the year when the bachelor's degree was received, and the institution which conferred the degree, or in which he is studying, and accompanied by a sealed envelope giving the real name and address of the competitor. The papers should be sent on or before June 1, 1905, to J. Lawrence Laughlin, Esq., University of Chicago, Box 145, Faculty Exchange, Chicago, Illinois.

Dr. Jordan of Leland-Stanford University, surprised Dr. Bessey yesterday morning by dropping into his class. He was asked to give a talk, to which request he consented and said that he was one of the first instructors in botany at Harvard and he prided himself on the fact that from those who took work under here there were now a dozen of the leading botanists of the United States.

The 9 o'clock division of American History II will meet for their recitation Friday in the old chapel, where a stereopticon lecture will be given.

An appropriate and useful Valentine is a copy of "An Old Sweetheart of Mine," or "The Courtship of Miles Standish," illustrated by Christy. The Lincoln Book Store.
