Ernest Bessey to go to Africa.

Ernst Bessey, '96, now a student in the University of Halle, Germany, has been asked by the U. S. department of agriculture to go to Algiers in northern Africa, in order to make a study of the date palms which grow there. He is to start about the middle of March, going by way of Marseilles, from where he takes a steamer across the Mediterranean. After his return he is to take his examination for the doctor's degree.

Post-Concert Meeting.

The Cadet band held a business meeting last night and talked over the concert.

Professor A. Hagenow thanked the members of the band for the manner in which they rendered the music at the concert.

A vote of thanks was tendered President L. J. Pepperberg for his untiring interest in pushing the concert to success.

Delians Hold Pleasant Meeting.

The Delians met last Friday evening, with a large number present to listen to and take part in an excellent program. Miss Denny of the Union society, gave a reading greatly appreciated by all.

Mr. Morrill, an alumnus, gave a well directed talk, which appealed to his hearers very favorably.

Another number on the program which was enjoyed was a piano solo by Miss Ethel Daily. It was "The Mill," and was given in an excellent manner. Mr. Vasey gave a very good paper on "The Interior of Wind Cave."

After the program the girls held a very secret and suspicious meeting. Many ingenious but hardly probable explanations were offered by the boys as to its meaning. The solution presented itself or rather was presented, in the form of ice cream and cake after the basket ball game Saturday night.

The Delians would have felt greatly mortified over their defeat if it had been any other than the Unions who administered the dose. But after all, a score of 17 to 23 isn't so bad.

Beta Sigma Banquet.

The opening banquet of the new fraternity Beta Sigma, concerning which so much conjecture and speculation has arisen during the past week, will be held some time soon at the Lincoln hotel. We have not been able to secure the exact date of the event, as the proceedings of the new society still continue to be conducted with the utmost secrecy. We understand that the organization is only one of a large number of like chapters which are in process of formation at several of the larger colleges and Universities in the country, and the vagueness which has shrouded the doing of the fraternity thus far is probably due to the fact that the details of the national organization have not been completed as yet.

We are informed by a person who desires to remain unknown, however, that the fraternity will begin its life at Nebraska with a very strong membership, and will soon make itself felt as an influence in the life of the University. For the present, at least, the society desires to remain independent of the Pan-Hel congress, until it becomes more firmly established. Much interest is being manifested in the organization by University people in general, and we are informed that a large number of invitations will be sent out to prominent society people all over the state, to attend the opening reception.

Professor Bessey is revising his little book, "Elementary Botanical Exercises," which he published about ten years ago, and which has been out of print for some time. There has been such a demand for republication that he has concluded to revise it for a new edition.

Box of cigars given away every day at Powell's Oliver theatre building.

"Plain Tales from the Hills," in regular 50c edition, gilt top, can be had at the Lincoln Zook Store for 25c.

Special rate to students at Hendry's.
