Comenius Club Gives Program.

A very interesting program was rendered by the newly organized Comenius Literary club, last Saturday evening. Among the most enjoyable numbers were a recitation by Miss Brich, and two piano solos by Miss Judith Hlava, which were received with much applause by all present.

The club is continually getting a larger membership, and becoming more and more interested in its work. At present it is particularly enthusiastic over the prospective visit of Dr. Shimek, professor of geology in the University of Iowa, who has consented to speak to the club and to tender it whatever assistance it will be in his power to give. Dr. Shimek will be here on April 9th, and it is the intention of the members of the club to bring their friends and give him a hearty welcome.
