tended to. 1035 O St.**

Rev. Tuttle at Chapel.

Dr. Tuttle gave a very interesting and profitable talk on religion in college life yesterday at chapel. His was not the spirit of pessimism which fears for the worst in the religious development of the students. On the contrary he was very much encouraged in the outlook for the future. After giving some general statistics showing the religious work accomplished in the colleges of this country, he took up the question of doubt among students. Among the reasons for the existence of doubt is the complete revolution going on in the thoughts of the student as he first enters college.

Everything is different from that which he has been accustomed to. He has looked upon the world as being everything. Now he comes to realize that it is only a part of a vast system. In regard to religious matters his thoughts are changed. He becomes restless and does not give his attention and thoughts to one church, such as he did when at home. He goes to different churches, and has no fixed church home where he can grow in spiritual development. Another point which Dr. Tuttle emphasized with great force was that there is nothing to glory in, in doubt. The man who glories in doubt displays weakness. No one goes to a man for instruction who says that he doesn't know. To enforce his point the speaker gave the life of the brilliant scientist, Romanes, as an example. He had been brought up in the English church, but in his scientific investigations had plunged into doubt, but later his faith was restored to him and he died in the bosom of the church.

Academy Notes.

The principal had the pleasure of acting as judge in the debate last Friday evening at Falls City. Eight high schools were in the contest, four on a side. The debate was on the Panama question and was given before an audience that packed the opera house. The principal was selected to announce the decision and requested to make an inspirational speech that should create every youthful breast an undying resolve to reach the University of Nebraska or "bust." Up to the hour of this writing, however, no Richardson county Excelsior has been detected trying to mount the University iron fence. Saturday morning he had the pleasure of addressing the Teachers' County Institute, and used the opportunity to loom the summer school. He was given a cordial greeting by Superintendent Pillsbury and wife, Principal Flora Fifer, Principal Osher Shaffner, Miss Eleanor Miller, Miss Dmas, Mr. F. Le Tobey, all University graduates doing excellent work in Falls City and Humboldt.

The young women of the basket ball team are now prepared to admit that the Midgets may be small in size, but easily weigh a ton each. Still although disappointed over the result, they are consoling one another with the fact that the score might have been worse. At any rate they agree that they were treated handsomely, courteously, and supported royally by their Academy friends, and these are generous crumbs of comfort. The floor was strange, the baskets impossible and their opponents bewitched. But seriously, Academy people are proud of their girls. It is no defeat to be defeated by such experienced, seasoned veterans. So they have concluded to laugh and not let it happen again. This is the spirit that makes victors in the end.

Last Friday evening the Debating club elected O. J. Shaw, president; F. Wolf, vice president; H. G. Myers, secretary, and C. V. Smith, treasurer. The new officers are the kind of men who will see that the good work so well begun continues. The Academy-Y. M. C. A. debate will occur Friday evening, April 8th.

The Social Hour club meets this afternoon at 4 o'clock with Mrs. T. M. Hodgman. An excellent program has been prepared. Every woman connected with the Academy is welcomed.

Sam's Cafe. The only place in the city to get the famous "Little Gem Hot Waffles." Special service for ladies.

The University of Chicago

Schools of } **Law
Medicine
Theology
Education**

Each school has a special Circular of Information which will be sent on request. The Courses in Medicine are given in connection with the work of RUSH MEDICAL College.
