

The Daily Nebraskan

VOL. III. NO. 113

UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY MARCH 24, 1904.

PRICE 3 CENTS

MILEK WINS OUT

First University Gymnast Chosen Last Evening.

A good crowd turned out to witness the last of the gymnastic contests, in which first place and the University "N" was won by Mr. J. T. Milek, who also won the first contest. Mr. Pipal, who was a close second in the first contest, was too ill to appear last night, so that Mr. Milek was not hard pressed by any contestant, and had no difficulty in carrying off first honors.

Besides the awarding of the "N" and title of University "Gymnast" silver cups were given to the winners of first and second places in each contest.

In addition to the three regular contests there were three exhibition. A squad of picked men, led by Mr. Lane and Mr. Graves, presented a tumbling exhibition which seemed to afford much amusement to the audience, and in which there was really some very fine work done. The feature of the evening, however, was some fancy club swinging by Dr. Clapp, which took the audience by storm and called forth a burst of applause which lasted for several minutes.

The first contest on the side-horse, which was entered by Milek, Baker, Noyes and Pospisil, resulted in Milek first, Baker second. The second was the long horse, with Milek, Baker, Pospisil and Copeland entered. Milek won this event, also, while Copeland carried off second honors. Only three men, Milek, Noyes, and Brick, were entered in the final event, the flying rings, and again Milek got in his work, and carried off the first prize, with Brick second. The final total scores were as follows:

Milek, 438½.
Baker, 321.
Pipal, 217.

The final exhibition was two formations of pyramids by a picked squad, which was all that had been promised, and pleased the spectators greatly.

AGGIES DEFEATED.

State Farm Team Easily Beaten by University.

A fair sized crowd greeted Captain Townsend's colts at their initial appearance yesterday afternoon, and cheered them on to a very decisive victory in a game surprisingly free from errors considering the high wind which was blowing. The much-heralded State Farm team failed to make good, and although the University loaned them one of our catchers, Barta, they permitted the Cornhuskers to amble around the diamond nineteen times, while they were able to score but once, and that in the second inning. Nebraska fans are much encouraged over the showing made by the team thus early in the season, and feel that if the usual improvement takes place before the regular schedule begins the record made this year will excel that of last year by a considerable margin. The men showed up well at the stick, Miller and Fenlon especially distinguished themselves by lining the ball out every time they stepped up to the plate. The former showed excellent skill in placing clean hits, while Fenlon, with the air of the wind, smashed out two home runs. The line-up:

Catch—Bender, Miller.
Pitch—Morse, Beltzer, Adams.
Shortstop—Williams.
Firstbase—Townsend.
Secondbase—Hammill.
Thirdbase—Steen.
Leftfield—Fenlon.
Centerfield—Cook.
Rightfield—Sprague, Miller.

ARMORY - - - TICKETS 50 Cents

Tennis Association Meets.

The Tennis association met yesterday morning for the purposes of reorganization and of electing officers and transacting business. The following officers were re-elected by unanimous vote: President, C. E. Persinger; vice president, Chas. Mathewson; secretary and treasurer, E. P. Tyner. Mr. Cassidy was also elected unanimously to the position of manager. To cover necessary expenses an initiation fee of one dollar was charged and a fee of one to be moved to the south, and it is expected that they will be in shape by next Tuesday.

The following amendments to the constitution were passed:

Section 1. The dues of this club shall consist of an initiation fee of \$1.00 and semestral dues of \$1.00 a semester.

Sec. 2. Any member allowing his semestral fees to lapse for two successive semesters shall be required to pay a second initiation fee of \$1.00.

The matter of moving the courts further south will be immediately attended to and practice can probably be held about the middle of next week. A number of new men have expressed a desire to join the association and as soon as the grounds are in shape practice will be pushed with all speed in order to prepare for the prospective tournaments.

Nothing has been heard from Minnesota in regard to the meet with them this spring, but there is, as yet, no particular rush about the affair, as it would not come off until the latter part of May in any case. It may be possible to hold the tournament at the same time as the track meet with the Gophers, which will probably be about May 21. In the meanwhile there is some talk of holding tournaments with Wesleyan and Doane. Practice has already been going on for some time on the Wesleyan courts, and the Methodists ought to be able to put up a pretty good article of tennis. Doane, of course, would also afford a stiff contest.

Girls Leave this Afternoon.

The girls' basket ball team departs this afternoon for Minneapolis, where they will meet the University of Minnesota team tomorrow night and the Central High School team Saturday. The team will leave with the consciousness that a Nebraska girls' team has not lost a game since girls' basket ball was introduced here in 1896, and we hope to see it return with its fine record unmarred. The party will consist of Misses Minnie Jansa, Emma Shinbur, Ina Gittings, Elva Sly, Cora Scott and Ruth Woodsmall, escorted by Mrs. R. G. Clapp and Dr. Louise Pound.

The Minnesota Daily has the following to say regarding the game:

"The Varsity girls are training hard for what bids fair to be their best and most exciting game of the season, that with Nebraska next Friday night. Nebraska's reputation which is second only to our own assures a close contest.

"They will line up against the Varsity Friday night and on Saturday they will meet Central High at Minneapolis.

"A great deal of interest in the game is being shown by the supporters of our team.

College Week at the Fair.

The latest announcement concerning college activities at the world's fair has just been sent out from St. Louis. Plans have been formed for devoting a week to the college students all over the country—a project which is entirely unique to say the least. This movement has been fostered and pushed by the Students' League of America, numbering among its members representatives from nearly all the colleges in the country. Charles H. Dayton, a graduate of Syracuse University, has been appointed chairman of a committee to make preparations for the events of the week.

Students' week will be from June 10th to 17th, during which occurs the Olympic College Championship Athletic Meet. The great Oratorical Contest, open to so many universities, will also be held. At this contest representatives from every section of the country will compete. A joint debate between two great Universities representing the east and the west, and a grand band contest open to University bands will also be held. The Minnesota band has already entered and several other western bands have signified their intention of doing so.

One of the other features arranged is an exhibition of college journalism. Daily, weekly and monthly periodicals of all colleges will be exhibited, and medals awarded to the best in each class.

An intercollegiate chess tournament is also being arranged. Other events are under discussion.

It is expected that Students' Week at St. Louis will be the greatest intercollegiate occasion ever experienced in America. The officers of the Students' League of America hope that the influence of this even will be to promote a more healthy University rivalry and to stimulate the various college activities.

Just what Nebraska will do has not been decided as yet, as no official notice has been received.

Chance for Teachers.

The following letter has been received at the executive office and may interest those intending to teach:

"I am in need of college graduates who desire to teach in public high schools, preparatory schools, normal schools and colleges.

"Not being located in a college town or city, this bureau has for years needed more college graduates to fill the vacancies that it has been directly asked to fill.

"I wish that you could bring these facts to the attention of your Seniors and Post-graduates who expect to teach after leaving your institution. I solicit correspondence from them, and feel confident that I can help them. With kindest regards and best wishes, I am, yours very truly,

"ROBT L. MYER,
National Educational Bureau, Corner Front and Market streets, Harrisburg, Pa.

Special rate to students at Hendry's.

DATE ANNOUNCED

Rhodes Scholarship Examination Will be Held Here April 13th.

The Rhodes scholarship examination will be held here April 13th. This is the date set by the Rhodes Scholarship Trust for all the examinations that will be held in this country. Memoranda has been received at the executive office for the committees of selection, making appointments to scholarships throughout the United States in 1904, and of instruction to persons elected to the Rhodes scholarship in 1904.

Emphasis is laid upon the fact that this examination is not competitive, but simply qualifying, and is intended to give assurance that no elected scholar will be unable to pass Responsions, the first examination that the University of Oxford demands of all candidates for the A. B. Degree.

Three examiners have been named to prepare examination papers and report upon the replies given. The papers will be forwarded in sealed parcels to the chairman of the committee of selection. These will be opened by the supervising examiner at the time and place of examinations. No text books will be required by candidates, and they will be supplied with stationery. The replies of the candidates will be sent to a center fixed upon by the Trust for dispatch to the examiners at Oxford. If necessary the committee will apply to the candidate such further intellectual tests as may be proper.

We quote the following in regard to certain important particulars:

"In accordance with the wish of Mr. Rhodes, the Trustees desire that in the election of a student to scholarship, regard shall be had (1) to his literary and scholastic attainments, (2) his fondness for and success in manly outdoor sports, such as cricket, football and the like, (3) his qualities of manhood, truth, courage, devotion to duty, sympathy for and protection of the weak, kindness, unselfishness and fellowship, and (4) his exhibition during school days of moral force of character, and of instincts to lead and take an interest in his schoolmates. Mr. Rhodes suggested that (2) and (3) be decided in any school or college by the votes of fellow-students, and (4) by the head of the school or college."

Lincoln-Omaha Debate

Tomorrow evening Lincoln and Omaha will clash in their annual debating contest, at the high school auditorium. Omaha won the debate last year, and Lincoln will try hard to recover the lost ground. The eastern question will be discussed in a manner that promises to be thorough and vigorous. The judges will be Professors Cook, Fogg and Caldwell.

Arrangements are being made for the selection of judges for the Kansas debate. There will be some practice debates in our squads, and they will probably begin tomorrow.

The University of Virginia and Columbia University have arranged a series of debates.

The literary societies of the University of Illinois gave the Iowa debaters and the judges a reception after the recent debate which Illinois won. The judges were Professors Gray of Northwestern, Hatfield of Chicago and Remhard of Indiana.

Wisconsin will meet Michigan this year. For the Michigan preliminary the question is, "Resolved, That states should relinquish the personal property tax."
