Thursday evening Captain Townsend entertained the members of the baseball team, the managers and Dr. Roscoe Pound, chairman of the baseball committee, at a smoker at the Sigma Alpha Epsilon chapter house. The evening was spent in the usual manner at such gatherings and wound up with delicious refreshments, after which Dr. Pound, Captain Townsend, Manager Bell and the various members of the team delivered themselves of their respective opinions regarding the great American game. The smoker proved a very decided success and a lot of spirit was aroused. The team is pulling together beautifully, not a single bit of the disagreeable undercurrent of opposition being in evidence. With the spirit of unanimity and the ability of the players, we can count on the Cornhuskers winning a majority of the games included on the trip begun this morning, and those next wouldn't be at all surprised if the team returned with a clean list of victories.

#### Debating League Meeting.

The University Debating League will hold a regular meeting this evening and a lively debate will follow. The organization now consists of the tenacious fellows who hung to the old societies in spite of their fast approaching death, because they were determined to gain some practical experience in debate and public speaking.

From the timber that is now to be found in the compost, success is the only prophecy that will suffice. Fifty or sixty good stiff men have placed their shoulders to the wheel and the project must move toward the goal of great accomplishment and make the importance of its position felt in the institution. Let more come and take a part in the debates.
