WINS THE MEET

Uni. Victorious over High School by Score of 66 to 51.

Yesterday the University track team won from Lincoln High school by 15 points. The meet was a good one and the University team got some good practice out of it. States did not enter the meet. Benedict has only been in training a few days and consequently was not in shape to do his best work, as was shown by the high jump. In the finals of the hundred yard dash Burrus of Lincoln High won out by several feet. Neider coming in second.

The time of the race was 10 2-5 seconds. Burrus also took the 220-yard dash from Smith in the exceptionally fast time of 23 seconds.

Smith had an easy time in the 440-yard run and won by at least ten feet. The struggle for second place was very close, and was won by Mouck by about a foot.

In the mile run Penrod won handily. In the 120-yard hurdles Hauser won first place in the fast time of 17 2-5 seconds, of within 2-5 of a second of the University record.

Hagensick was close upon him over the last hurdle and would have had second easily, but for some reason he slacked up and Rathbone beat him out.

In the 220-hurdle there were two heats, the first of which Hauser won in 27 1-5, which is 1-5 second lower than the University record, which he made a week ago yesterday. Mouck would have had second place, but he stumbled and lost out. Hagensick easily won from Raymond in the second heat in 28 seconds.

The high school men won the high jump as Benedict was out of condition.

Hagensick won the broad jump handily at 29 feet 9 inches and also had no difficulty in gaining the pole vault at 9 feet 9 inches.

In the shot-put and hammer-throw the high school got the better of the University, because they had to use only the 12-pound weights, while the seniors had to handle the 16-pounders. Nevertheless the young lads had not much to spare.

Newton easily won the discus throw at 100 feet.

The meet as a whole was a very encouraging one, and the day was perfect for such an event.

MINSTRELS TONIGHT

Colored Beauties to Display Talent at the Oliver.

The Ladies' Minstrel show at the Oliver tonight will play to a crowded house. Only seventy seats remain unsold in the balcony and less than fifty in the pit. This is more nearly sold out the morning of the show than any attraction that has been at the Oliver this year. The sale is considerably ahead of where Rogers Bros. stood the morning of their show, and they played to a crowded house.

Edwin F. Myers, the press agent, was in high spirits when seen last night. He said:

"The show has been well advertised and is thoroughly good. When you put these two things together you are sure to fill the house."

The final practice last night went off very well. Professor Starr and Miss Howell both expressed their satisfaction. Professor Starr said: "There certainly is some excellent talent among the girls."

Sistah Patterson, the jovial interlocutor was suffering from a severe cold the first part of the week. She "took something" for it, though, and is now all right.

For a time the press agent intended eloping with the business manager as a means of advertising the show, but the tickets are selling so well they have decided that it is unnecessary.

The Minstrel Show is going to be all right. In the words of Rickety Roxy, "Why dont you go, go, go?"

LOSE FIRST GAME

Nebraska Taken into Camp at Decorah--10 to 9.

The news of the first game that Nebraska has played proves disappointing. Yesterday our team was beaten at Decorah by a score of 10 to 9, in what must have been a hard fought game. While full particulars of the game have not yet arrived, it is plain that Nebraska must have been out of condition, as would seem quite probable, she having no opportunity for practice for a week! While it is discouraging to lose such a game at the outset it does not follow by any means that the same ill-luck will attend the team throughout the entire trip. There are a good number of games yet and we hope to see our team get its share of them, although it will have to do better work than it has started out to do. It is evident that it is not in a good form as when it left nda an opportunity to practice may be accompanied by stories of a more cheerful character.

WHO THEY ARE

Biographies of the Men Who Will Represent Kansas.

Tomorrow night occurs the great debate between Kansas and Nebraska. Never before has a contest of this character attracted so much attention, and it is indeed probable that the debate will be the most spectacular ever held here. Dr. Ward has been chosen time-keeper. He was formerly a member of the Kansas faculty and has lectured there several times. Albert Watkins will be the third judge.

Following are biographies of the men who will defend the honor of Kansas, and we take pleasure in giving them an introduction to all of our own University people:

Jesse W. Kayser was born in the commonwealth of Texas twenty-two years ago. When he was two years old his parents moved to southern Kansas, where they have since resided. He attended the common schools and later entered the Sumner county high school at Wellington, Kas. Here he took a great interest in literary and debating work, and in his Senior year was chosen to represent his society in the local oratorical contest. He won first place in this and represented his school in the State Oratorical association of county high schools. He won first place in this contest over nine competitors. After his graduation from high school he taught school a year, and then entered the state University. He at once took part in the debating work of that school, and was leader of the Kansas-Missouri team in his Freshman year. This team won the debate at Columbia, Mo., on a phase of the labor question. This year he was chosen to represent his school against the University of Nebraska.

Samuel E. Bartlett is a native Kansan. He was born near Wellington in Sumner county, January 18, 1882. After completing the common school he entered the Sumner county high school the first year of its existence. During his Junior year he entered the oratorical contest of that institution, and carried off first honors. He was graduated in 1901. The following year he entered the School of Arts at the University of Kansas, where he is now in his Junior year. Mr. Bartlett has been an active member of the X. Y. Z. Debating club, the most important literary organization of the University, and in his Sophomore year was elected president of the club. He was elected president of the University Debating Council in 1903. Mr. Bartlett has represented Kansas in her annual debates with Nebraska for the past two years.

John A. Johnson was born in Marshall county, Kansas, in the year of 1879. He attended the common school and spent two years in the Normal school at Marysville, Kan. He is a graduate of Lincoln Business College, Lincoln, Neb. He spent two years in Campbell University, of Holton, Kan. In the year of 1902 he became a student of the law school at the University of Kansas. His interests in public speaking began during the stirring times of 1896, and from that time forward he has taken great interest in politics and has some experience in campaign work. When a student at Campbell University he took first place in a prize contest of oratory. Since he has been at the University he has been identified with literary work, and is prominent in debating affairs. He is at present the secretary of the Debating Council. In the preliminary contest to choose the Nebraska-Kansas team Mr. Johnson won second place. He was elected in 1903 to the honorary fraternity of the Phi Delta Phi.
