## SOPHS INTERFERE

Precipitate Class Scrap in The Chapel Yesterday Morning.

First Year People are Decoyed by Fake Notice.—President Elected.

What for a time threatened to develop into a class scrap of large proportions resulted yesterday morning from the somewhat successful efforts of a large number of Sophomores to interfere with the first meeting of the Freshman class.

The call for the meeting was in the first place a fake prepared by a Sophomore and posted without the authority or signature of the registrar. The convocation period in Memorial Hall had been secured by the Juniors, and it had not been supposed that the false call would be heeded. Shortly after 11 o'clock, however, a large number of Freshmen, together with a liberal number of Sophomores, made their way to the chapel, forced the Juniors to conclude their business somewhat hastily, and proceeded to a farcical election of officers for the Freshman class.

Mr. L. S. Legro, a Junior, called the meeting to order, but for over five minutes could not make himself heard on account of the noise and confusion. Mr. C. A. Sunderlin, a Sophomore, was unanimously chosen temporary chairman and D. P. De Young, also a Sophomore, temporary secretary. Nominations for the presidency were at once called for and various persons all over the hall arose to present the names of their candidates. The uproar at once became almost deafening, and students were attracted to it from all parts of the campus. From among the multitude of names presented, those of Messrs. A. Swenson of Omaha, Roy Rainbolt of Lincoln, and A. H. Miller received recognition, and a rising vote was ordered. No actual count was taken, but Mr. Swenson was declared elected by an overwhelming majority.

Then the trouble started. The adherents of both the other candidates at once charged fraud in the vote, and requested a poll. This was refused. Someone at once demanded that the Sophomores be expelled, and several were seized upon and thrust into "outer darkness." Several Sophs who were not recognized by the Freshmen endeavored to get rid of some of the latter by the same manner. C. A. Sunderlin and Clarence Johnson, who were supposed to be members of the Sophomore committee recently appointed to attend to the Freshmen, were roughly handled in the melee, but escaped without injury. Through the efforts of Mr. Fee and John Uhl peace was at length restored, but it is feared that the affair has merely served to introduce the two classes to each other, and that further trouble may follow. The Freshmen declare that the meeting was illegal and that what was done there should be disregarded. They propose to call another soon, at which no Sophomores are to be admitted. The Sophs, on the other hand, are jubilant over the success of their plans, and are confident of preventing any further action without their consent.

During the fracas a table which had stood on the platform was badly smashed. The Sophs, we are told, will have to stand for this.

## MEETING OF REGENTS WILL GIVE A CIRCUS

Transacted Important Business Yesterday Morning.

Yesterday morning the Board of Regents finished the work begun the evening before. The election of Professor Howard and the installation of the new department of Institutional History were ratified, and the resignations of various former faculty members who are not in the university this year were accepted. Chancellor Andrews and Dean Burnett were chosen delegates from Nebraska to the meeting of the National Organization of Universities and Agricultural Schools, to be held soon at Des Moines, Ia.

Having accepted the resignation of Professor Moritz formerly of the department of mathematics, it was decided to advance other instructors in the department. Another instructor was added to the department.

Considerable time was spent in formulating a report and bill of general expenditures for next year. This will be submitted to the legislature this winter, together with the university's request for an appropriation.

The work on the chemical laboratory was gone over and Professor Nicholson was granted a leave of absence until studies can be resumed in the department of chemistry.

Regents present were: Edson Rich and C. J. Ernst, Omaha; C. S. Allen and J. L. Teeters, Lincoln; W. G. Whitmore, Valley; E. C. Calkins, Kearney.

### Y. M. C. A. Meeting Tonight.

The regular weekly prayer meeting of the Y. M. C. A. will be held this evening at the rooms from 7 to 7:30 o'clock sharp. Mr. Brown will lead.

These meetings have been well attended in the past and much practical good has resulted to those who have attended. Opportunity is given to those who desire to speak, while no pressure is brought to bear upon those who are not so inclined.

The success of these meetings depends upon the interest which university men show in them. Every man in the university, whether a member of the Y. M. C. A. or not is cordially invited.

### Seniors Will Elect.

The Senior class will meet at chapel time tomorrow in Memorial Hall for the election of officers. An active campaign has been in progress during the past week for the presidency, but we have not been authorized to announce the candidacy of anyone as yet. The two names most frequently mentioned in that connection, however, are those of Mr. W. J. Woods, and Mr. L. J. Pepperberg.

The presidency of the Senior class is generally regarded as the most desirable of any of the class offices, and a lively contest is expected tomorrow morning.

Faculty Members Will Perform for College Settlement.

The College Settlement board held a meeting yesterday morning and decided to hold a faculty circus on the campus some time this month, for the purpose of raising money for the Settlement. The great success of the Faculty Foolishness last year was a determining factor in deciding the board to attempt the circus this fall, and what preliminary plans have already been laid have been fashioned after the most pronounced successes of that memorable event.

It is at present planned to hold the circus on Thursday, October 20, but it is feared in some quarters that this will be impossible, on account of lack of time for proper preparation. No details have been definitely arranged as yet, but a grand cavalcade and display of trained saddle horses under the direction of Professor W. G. L. Taylor is planned, as well as a lot of acrobatic work under Dr. Clapp, and some other important details of which Dr. Bolton has charge. More definite arrangements will be announced as soon as completed.

### FACULTY CONCERT.

Instructors in the Conservatory to Give Program.

The first faculty concert of the University School of Music will occur next Thursday evening, October 6, at 8 o'clock, in Memorial Hall. An attractive program has been arranged, which is appended, and the general public and especially music lovers, are invited:

## PRACTICE IS LIGHT

Weather Interferes With Preparations for Colorado Game.

Nebraska Liable to Meet Stiff Opposition in Knox.

Last night's practice consisted mostly in punting and running down punts. Owing to the hot weather but little scrimmage work was done. Captain Benedict bids fair to surpass his former record for long distance kicking. Last night his punts averaged fifty to sixty yards. Macdonald, for the second team, is kicking well, being about the only competitor Bennie has in the kicking department.

During signal practice Marsh, Fenlon, Weller, Denslow, Standeven, Burns, Richardson and Barwick were tried out.

Denslow showed good speed in getting down under punts, but failed once or twice to stop his man. Cotton appeared at tackle, and had no difficulty with the man against him.

The Colorado game, only three days distant, will be the first real struggle for the varsity. The line-up of Colorado will probably be as follows: Cavanaugh, right end; Coffin, right tackle; Jordan, right guard; Brusse, center; Roller, left guard; Smith, left tackle; Leavitt, left end; Owens, quarterback; Salberg, left halfback; Roberts, fullback; Johnston, right halfback. Some of these men were here with Colorado last year, when she met with defeat. This year, however, the altitude, so injurious to wind and endurance, will oppose the Cornhuskers and try our mettle.

The result of the Illinois-Knox game last Saturday—11-0 for Illinois—has caused considerable comment about the campus. If Illinois is weak it is doubtful with the new system of coaching and few old men back if she can develop a winning team. If Knox is strong it means additional work of the varsity. Last year the score would indicate a rather easy time for Nebraska, but every inch of ground was fought for. Knox has always been a worthy foe and such strength this early would seem to mean a good team at the Galesburg school.

### Basket Ball Men Meet.

Captain Hoar, of the basketball team, called the men together at 4 o'clock yesterday afternoon. Some twenty men appeared, among them being Beers of last year's varsity, Krake, Mosher, Lott, Hill, Mathew and Meyers, who were all more or less prominent in class basketball last year. A number of likely looking new men reported. This is the first time that the basketball men have gotten together and prospects are good for another winning team, as Hoar, Beers and Hagensick are back and Bell, Burruss and some others from Lincoln High are in school.

Monday evening the game room of the College Settlement was opened with appropriate ceremonies. Mr. Harry Poston was in charge and a large number of boys were in attendance. They were divided into two clubs, with Mr. Poston in charge of the older ones. It is planned to have them meet Saturday mornings hereafter for short trips to various points of interest in and about Lincoln. A formal opening is planned for the near future, also, to which all university people are to be invited. The date has not been set yet.
