LEAVE FOR SOUTH

Football Men Depart for Kansas City

A Good Crowd of Rooters Will Follow Them.

The football team left yesterday at 11:55 a. m. over the Burlington, for Kansas City, seventeen men making up the squad. They arrived in Kansas City last evening and will be quartered at the Midland hotel. The men, with the exception of Borg, are in good condition. Borg's ankle is still weak, but the first kick-off will find him at center. Coach Booth stated yesterday that his remark about a 60-0 score was never made seriously. He looks for a close game, for the Indians have been working early and late for this game, and have been recruiting their ranks. Several old men among them one who has had football experience at Minnesota, are back and add a great deal of strength to Haskells' already strong team.

The teams will line up this afternoon as follows:

Borg C.	Felix
Hunter L. G.	Warren
Mills R. G.	Oliver
Cotton I. T.	Hauser P
Mason, C R. T.	Dubois
Robertson R. E.	Hauser, P
Bender Q.	Moore
Mason, G F. B.	Porter
Eager L. H.	Gokey
Birkner R. H.	Archiquette

Capt. Benedict did not accompany the team to Kansas City. His injuries in the Iowa game made it impossible for him to play, and he remained in Lincoln. Some difficulty was experienced yesterday regarding the umpire, as Dr. Outland positively refused to act, when chosen. The matter, however, has been fixed up.

At the last minute it was decided to take the Cadet Band to Kansas City. They left with the other excursionists, and will be a great aid in the cheering for Nebraska this afternoon.

A crowd of 250 students, including 50 girls, followed the team last night on the excursion which left the Burlington depot last night at 11 o'clock. A few others accompanied the team yesterday morning, and others left over different lines. Nebraska rooters will at least be represented at the game.

The Iowa board of athletic control decided not to send a team to represent the University of Iowa at the cross country run to be held in Chicago on Thanksgiving morning. Interest in our cross country running still holds its own, and the men are working hard in anticipation of this event.

The basket ball squad had another practice last night, and will report again this afternoon at 2:30. The men are getting together four times a week, and this faithful work, together with the good material available, bids fair to place us at the top in basket ball again. The first game of the season will be next Thursday with the Lincoln high school, if arrangements that are now pending go through.

Other important games played today are:

Minnesota vs Wisconsin, at Minneapolis.

Pennsylvania vs Indians, at Franklin field.

The Daily Iowan, in quoting from one of the articles in the Nebraskan regarding the game resorts to the old trick of using what it pleases, and says "The game was the roughest, both from the spectator's point of view, and that of the varsity and Nebraska." The article presumably quoted goes further and gives the honest opinion of all fair minded spectators of the game of last Saturday by saying that in not one instance was Nebraska the offender in this roughness.

CHANCE FOR NEBRASKANS.

Six Foreign Fellowships Have Been Announced.

The Archeological Institute of America announces that five or possibly six fellowships will be awarded during the year 1905-06; two in Greek Archaeology at Athens, each with a stipend of six hundred dollars; one or two in Roman Classical Archeology in Rome; and one in Palestine at the American School of Oriental Study and Research, with a stipend of six hundred dollars.

They will also award a fellowship for the study of Christian Archaeology at Rome with a stipend of five hundred dollars.

The examinations will be held March 13th to 18th, 1905, at the various universities and colleges represented on the managing committee of the three schools of Athens, Rome and Palestine, and will be open to all. Candidates must announce, in writing, their intention of taking the examinations, and must send such announcement to the chairman before February 1.

Students of the university of Nebraska may find full particulars of the subjects of examination, and statements of the requirements in each subject, by consulting the "Journal of the Archeological Institute," Supplement to Vol. VIII, pages 143-157, or by writing to Prof. Clarence H. A GOOD SPEAKER.

Entertaining Lecture Promised at Chapel Monday.

John Z. White of Chicago, needs no commendation as a representative speaker in explanation of the single tax philosophy. He has been prominent in the movement from its beginning. As a speaker, his striking abilities for lucid explanation, strong argument, and simple interesting style are immediately recognized. No audience

of thoughtful persons, who wish to understand what Henry George taught and to appreciate its moral and intellectual force, will be disappointed in Mr. White.

He will speak at chapel Monday and before the Round Table Monday evening. Every student should come out to hear him.

The plant pathologists are enjoying a basket of apples sent by Mr. Pollard of Nebraska. He sent some diseased specimens for examination, and added a peck or so of perfect ones "to be eaten while investigating." Plant pathology is popular just now.

Mr. R. C. James, law '04, who is now practicing at Humboldt, Nebr., was elected county attorney of Richardson county on the fusion ticket at the election last Tuesday. Mr. James was barely a resident in the county long enough to make him eligible to the office, but the clean majority that was piled up for him speaks in favorable terms of his success since he hung out his shingle at that point.

Dr. A. R. Mitchell has moved to 145 So. 11th street.
