**Academy Notes.**  
 Messrs. Drake of Beatrice and Kerony of Omaha have registered in the Academy for full work.  
 Miss Edwyna Young, whom sickness compelled to discontinue work in the Academy, has returned to resume her work and is accompanied by a sister, who will register in the University and also carry work in the School of Music.  
 Miss Grace Bryan, daughter of the Hon. W. J. Bryan, has also resumed her studies after a period of confinement.  
 The Academy people were alarmed at the slow registration last week, but Monday's registration, as in the case of the University, was much more encouraging.  
 Professor Hodgman expects to attend the Chicago meeting of the National Central Association of Colleges and Secondary Schools. He will probably go on as far east as New York state for a brief visit among old friends and relatives.  
 Dr. Clapp wishes all men who intend to try for the varsity gymnasium team to report this evening at 4 o'clock. There is little time for them to round into shape, as these events are pulled off the 22d of February. All men intending to go into the try-out are requested to report.

Frank Williams of the Junior class read a paper on Thursday before the State Horticultural society on "Some Diseases Arising from Improper Pruning," which was received with a great deal of approbation by the members of the society. Mr. Williams illustrated his paper with photographs of some particularly bad pruning in the city in the vicinity of the University. One member said that any man who would butcher a tree in such a manner ought to be sent to the penitentiary.

Dr. Charles Root, '00, who is now practicing medicine at Newport, Nebr., was a campus visitor during examination week. He graduated from the University School of Medicine in 1903.
