## CAGE WORK IS ON

Battery Candidates are Working Out Daily.

Sophs Against Freshmen at Basketball Friday.

Many candidates have reported and are at work each day in the gymnasium for places on the baseball team. Captain Bender has divided the time so that each candidate has fifteen minutes for practice in the cage. The men reporting are all candidates for positions on the battery. The infield men have not begun work yet and will not until the team can work outside. This will commence about the middle of March if the weather permits.

The preparatory work in the cage has brought out some good men and there is much material that may prove to be varsity players before the season ends. All the men who played on the team last season are back with possibly a few exceptions and besides these many new men have appeared. Many of the new candidates are experienced men having played on some college, city, or high school team. At the present time fourteen men are at work in the cage for positions.

The candidates for backstop are Hyde, Turner, Carroll, Hawkes, Barta, Denslow and Bender. Of these men Barta and Bender are probably the most promising for the position. There is plenty of time, however, before the team is chosen to develop other men for this place. As twirlers Morse, Dirks, Dort, Turner, Kurtz, Mullikan and Nilsson have reported. Morse is the most prominent among these men and will likely curve the sphere for Nebraska the greater part of the season. Dirks and Dort are other men who may prove to be Morse's chief assistants.

Among these men are some who played on the varsity or the second team last season. They are: Bender, Barta, Morse, Dort and Denslow. This leaves the majority of the candidates new men and unknown in Nebraska baseball history.

Captain Bender will announce a meeting of the candidates for other positions on the team in the near future, as soon as work can be commenced outside.

The first game of the inter-class series will be played on Friday night, Feb. 24, between the Freshman and Sophomores. This game should prove to be very interesting as both teams have been practicing together for some time. The Sophomores have had the more practice and more games with outside teams. The last game with the Lincoln high school resulted in a victory for Lincoln high school by the decisive score of 65 to 11.

Dr. Clapp will give some gymnastic work between halves assisted by the men who are trying for the gymnastic team. The price of admission being very low is within the reach of all supporters of these two teams and a good crowd is desired.

Bargains tomorrow at Uni. book store.

### Buckner Honored.

The members of the faculty of Harvard having in charge the new debating journal "Bothsides" have appointed a number of editors of the new publication. Those appointed are graduates of other Universities now engaged in graduate work at Harvard and among the appointees is the name of Emory R. Buckner, U. of N. '04. "Buck" seems to have made good at Harvard, the same superior qualities which brought him so prominently to the fore at Nebraska evidently serving him as well in the east.

### Open House.

Phi Rho Sigma (medical) opened up their new quarters at 1509 O street with a smoker Friday night. Besides the active chapter most of the resident and faculty members of the fraternity were present. Light refreshments were served during the evening. The new quarters of the society are not entirely furnished, but will be fixed up in shape soon, all the furniture used in the old quarters being saved from the fire.

### At Convocation.

Rabbi Frederick Cohn of Omaha, delivered an address at Convocation yesterday on "American and Judaism." His theme was suggested by the approaching anniversary of the birthday of Washington. The address was an eulogy of the character and career of Washington, his uniqueness and incomparable greatness and his purely unselfish services for his country embodying the spirit of Americanism which he defined as "freedom, justice and humanity." These ideals Rabbi Cohn said were essentially Jewish ideals. The words graven on the Liberty Bell were taken from the old testament. "Proclaim Liberty throughout the Land and to all the Inhabitants Thereof." These facts explain why the Jews are such fervent Americans, because they found in Americanism their own principles and in American government the actual and practical embodiment of their most cherished ideals.

Professor Bessey has just received a copy of the new edition of the "Naturalist's Universal Directory" which professes to give the names, addresses and special subjects of study of naturalists in all parts of the world. If this claim is made good the book will be exceedingly valuable.

Erle B. Woodward, M. D., diseases of eye, ear and throat. 207-8 Richards block. Phone 666.

Goods at bottom prices. Fire sale. Uni. book store. Tomorrow.

### Another Bill.

House roll 9, the bill for \$100,000 university appropriation has been through the committee of finance, ways and means and has been recommended to the house for passage.

From the general file it will come before the house committee in the latter part of this week and will be divided as follows: Sub-station at North Platte \$20,000; Farmers Institute \$12,000, Land \$38,000, Library equipments \$7,500, Library books, \$7,500, Physics apparatus \$7,500, Poultry husbandry at the farm \$7,500.

### New Docket.

A new docket for the second semester has been prepared by the Law Department. The following is the organization:

Supreme Court—  
H. G. Wellensick, LL.B., Chief Justice.  
R. J. Anderson, LL.B., F. D. Ryan, '05, Justices.  
J. L. Van Burg, '06, Clerk.  
District Court—  
C. R. Sargent, LL.B., (Law), J. W. Blezek, '05 (Equity), Judges.  
J. L. Van Burg, '06, Clerk.  
G. J. Cowan, '07, Sheriff.  
F. W. Gibbs, '06, Prosecuting Attorney.

Justice Courts—  
Wm. Case, '05, A. G. Abott, '06, M. L. McDuffee, '06, Justices of the Peace.  
M. L. Corey, '07, Constable.

### Y. M. C. A. Convention.

The Young Men's Christian Association of the University was represented at the state convention at Grand Island by eleven members of the local association. The University representatives left Thursday evening and returned yesterday afternoon. They report a very profitable and enjoyable trip. Mr. L. J. Marsh, who was president of the University association in 1900, now pastor of the Congregational church of Grand Island, entertained the University men and added greatly to the pleasure of their trip. Those who attended the convention were: J. D. Ringer, Hugh Wallace, R. G. Pierce, L. T. Sidwell, I. G. Von Frorrell, P. W. Harrison, E. G. Spencer, L. S. Heron, M. J. Brown, W. L. Iverson and A. H. Swan.

M. H. Swenk, assistant in the Department of Entomology spoke before the farmers institute at Waco, Neb., yesterday on the "Hessian fly" and the "Relation of Birds to Agriculture." He will speak at Tomorrow, Neb., Saturday, on the same subject.

Professor Bruner will deliver a lecture at Wayne, Neb., Thursday.

Manifolding and typewriting. See Ed. Affolter, check room, basement Uni. hall. University rates.

## BIDS ARE CALLED IN

New Estimates on the Executive Building to be Opened.

The Regents Will Assemble for Decision Today.

This afternoon at 4 new bids for the construction of the Executive Building will be opened by the University Regents. Bids were invited for this same purpose sometime ago but the estimates were all too high and all had to be rejected. Since that time new plans have been drawn entailing a considerable change from the original and the bids to be opened this afternoon will be based upon the altered plans. If the estimates come within bounds contracts will be immediately closed and ground will be broken as soon as weather conditions permit. The new building, which will contain all the executive offices, and a few others, will probably be erected near the Chemistry Laboratory, facing in the same direction and will cost in the neighborhood of thirty-five thousand. Such a building will greatly relieve the present crowded condition of U hall. By rushing matters the new structure should be ready for occupation next fall.

### Musical Recital.

The annual concerto recital given by under graduate students from the class of Mr. Henry Eames of the University School of Music, will take place Thursday evening, Feb. 23rd, at 8 o'clock, in Memorial hall. The public is cordially invited:

#### PROGRAM.

Weber... Concertstuck, F minor, Op. 79.

Weber... Concerto, E flat Major, Op. 32.  
Albregro maestoso. Adagio. Rondo.  
Floss Denny.  
(Orchestral parts on second piano.)  
Mr. Eames.

### Dormitory Party.

The young ladies of the University Woman's Building gave a pretty Valentine party Saturday evening. This was the second dancing party given by the dormitory girls and was pronounced a great success by all who were present. The reception room was decorated with pink and white flowers. The dining room was very effectively decorated with quantities of red flowers and red hearts. Walt's orchestra furnished the music. About fifty couples were present including several out of town guests.

The sweater vests awarded to the champion Sophomore football team have come. The vest is grey with a large gold "O" encircling a smaller blue "7" on it.

Elliott's Sutorium, cleaning, dyeing and repairing. Prices reasonable. 1136 O street. Both phones.

FIRE! FIRE! FIRE!  
sale, Uni. Book store tomorrow.
